184th Annual Report

of the

TOWN OF NATICK

MASSACHUSETTS

for the

Year ending December 31

1964

WELLESLEY PRESS, INC.
Wellesley, Massachusetts

Information for Voters

Natick was incorporated as a town on February 19, 1781.

Location: 18 miles west of Boston.

Population: 28,645 (1960 census).

Registered Voters: 16,471 (October, 1964).

Area: 15.99 square miles.

Assessed Valuation: \$151,353,000.

Town Offices: Masonic Building and Clark's Block;
Tax Collector, 8 East Central Street.

State Senator: William I. Randall of Framingham.

United States Senators: Leverett Saltonstall and Edward M. Kennedy.

Representative in Congress: Philip V. Philbin of Clinton, 3rd Congressional District.

Representative in General Court: Walter T. Burke.

Member of Governor's Council: George F. Cronin, Jr.

Voting Qualifications: Must be 21 years of age, born in United States or fully naturalized; a resident of Massachusetts one year and of Natick six months, both continuously.

Registration of Voters: (1) Monday evenings, 7:30 to 8:30, Registrars' Office in Clark's Block. (2) Special sessions previous to all elections.

Where to Vote:

Precinct No. 1 — Center School, Natick.

Precinct No. 2 — School House Hall, South Natick.

Precinct No. 3 — Brown School, West Natick.

Precinct No. 4 — First Congregational Church, Natick.

Precinct No. 5 — Lilja School, Oak Street, East Natick.

Precinct No. 6 — Bennett-Hemenway School on East Evergreen Road.

Precinct No. 7 — Harold Johnson School on South Main Street.

Precinct No. 8 — West School on Mill Street.

Tax Bills: Due and payable on or before October 1. Law provides for addition of interest from October 1 on bills unpaid after November 1. Motor excise taxes and water bills are payable 30 days from date of issue.

Library Hours: Morse Institute, daily except Sundays and holidays, 9 A.M. to 6 P.M. Mondays, Wednesdays and Fridays to 9 P.M.

Children's Library, 12 Noon to 6 P.M. Saturdays and vacations 10 A.M. to 6 P.M.

Bookmobile schedule available at the Library.

Board of Selectmen

<i>YEAR</i>	<i>BUDGET</i>	<i>EXPENDED</i>
1962	\$7,234.50	\$6,484.17
1963	7,939.00	7,608.51
1964	8,158.00	7,625.15

Regular Activities

During the year 1964 the Board held 42 Regular Meetings, 23 Special Meetings, 3 Joint Meetings with other Departments. The Board issued 168 Licenses, granted 56 Permits, held 33 Edison Light and Telephone Hearings, made 39 appointments, also made appointments for 53 Special Police; this includes all Custodians of the School Department, four Dog Hearings and 8 Miscellaneous Hearings.

Police Department

During 1964 the following were appointed as Reserve Officers: William E. Moores, Robert N. Ritchie and Rodney A. Frazer. Raymond Angleton was appointed a Regular Patrolman, Rodney Frazer, a Regular Patrolman, was appointed a Temporary Sergeant. On June 9, 1964 Patrolman Edward C. Kadlick was retired with a disability. Patrolman William C. Wright was granted a leave of absence from February 29, 1964 to June 1, 1964.

Town Meetings

Sixty-nine Articles for the Annual Town Meeting were received by the Board and included in the Warrant for the Annual Town Meeting which was called for March 10, 1964 at 7:30 P.M. in the Senior High School Auditorium. During the year three other Special Town Meetings were held to act upon a total of Seventeen (17) Articles. The first Special Town Meeting was held June 25, 1964 when One (1) Article was acted upon. The second Special Town Meeting was held on November 24, 1964 when Fourteen (14) Articles were acted upon. The third Special Town Meeting was held on December 17, 1964 when Two (2) Articles were acted upon.

Traffic Rules and Regulations

During 1964 many petitions and requests were received by the Board to improve traffic conditions throughout the Town. The Selectmen have personally observed the conditions relating to traffic, hearings were held and amendments established which were approved by the State Department of Public Works Traffic Division on the following:

Stop and Enter

Stop and Enter signs were installed for "Southbound drivers on Oak Street and Bacon Street." Several amendments for stop and enter signs have been sent to the State Department of Public Works for their approval.

No Parking

No parking was extended on "Speen Street between Hartford Street and Route 9, Northerly fifty-five (55) feet."

Go Slow Children Signs

"Go Slow, Children" signs were erected at Bradford Road and Liberty Streets, Farwell Street both ends East and West."

A dead end sign was erected on Lincoln Street Extension at the corner of Jefferson Street. Street signs have been erected at "Ingleside Road and Fox Hill Drive." Fifteen-mile-per-hour signs have been requested for Farwell Street from Rockland Street to Cottage Street. Crosswalks at all schools have been painted; also "Go Slow, Children" has been painted at all School Crossings to promote the Safety for Children Crossing the Streets.

Parking Meter Fees

Fees collected for Parking Meters for 1964 were \$11,579.62.

Annual Town Report

The Board appointed the Town Report Committee for 1964 with Herbert A. Black 2nd, Chairman, with Ruth Leavitt, Edmund Coolidge, Joseph Connolly and Albert Ames. It was voted to have 3500 copies printed. The Selectmen advertised for bids and three bids were received for the printing of the Annual Town Report. The Board accepted the bid of the Wellesley Press, Inc., in the amount of \$24.20 per page complete.

Gasoline and Fuel Storage

After Public Hearings were held the Board of Selectmen granted the following permits for storage of gasoline and other inflammable products.

- (1) Continental Baking Company
15,000 Gallons of Fuel Oil.
3,000 Gallons of Gasoline.
3,000 Gallons of Diesel Oil (for owners' use only).
- (2) Sears, Roebuck & Company.
29,600 Gallons #5 Fuel Oil (for owners' use only).
- (3) Plastic Coatings & Mfg. Co.
15,200 Gallons (for owners use only).
- (4) Increase in Storage of Gasoline to Central Service Garage, Inc.
16,000 Gallons from 4,000 gals. to 20,000 gals.

Perambulation of Town Bounds

The Town Bounds of Sherborn and Natick were perambulated on December 2, 1964, with the Selectmen of Sherborn.

Street Lighting

The Annual Town Meeting of 1964 authorized the Selectmen to install additional street lights for the year. After investigating each request the following street lights were ordered installed.

- (2) 11,000 Lumen Mercury Lights
- (11) 7,000 Lumen Mercury Lights
- (32) 3,500 Mercury Vapor Lights
- (36) 3,500 Lumen Lights

Notes and Bonds

During the year the Selectmen approved and signed notes for the borrowing of \$2,291,000 Tax Anticipation, \$350,000 Library Bonds and \$190,000 Sewer Bonds.

Other Activities

A Special Meeting of the Board was held on March 8, 1964 to organize for the ensuing year. Mr. James H. Morris was elected Chairman, with Donald R. Sims as Clerk, Jeremiah J. Healy, Jr., as the third member of the Board.

During 1964 the Board continued its efforts, begun in 1963, to have the Massachusetts Department of Public Works correct the dangerous traffic conditions existing on Route 9 west of Lake Cochituate. The State has now made a positive commitment to correct this problem in several steps over the next few years.

The Selectmen are most appreciative of the continued cooperation received from the various Town Offices, Department Heads, Special Committees and citizens of the town who have been so often called upon to meet with them during the year.

JAMES H. MORRIS, *Chairman*

DONALD R. SIMS, *Clerk*

JEREMIAH J. HEALY, JR.

Selectmen Donald Sims, Jeremiah Healy and James Morris greet General Vaughn, the new Commanding General at U.S. Army Natick Laboratories

Town Clerk

<i>Year</i>	<i>Employees</i>	<i>Budget</i>	<i>Expended</i>
1963	2	\$14,122.00	\$12,943.39
1964	2	13,800.00	13,218.30

During 1964 there were 900 Births, 270 Marriages, 333 Deaths, as compared with 980 Births, 255 Marriages, 342 Deaths in 1963; 1471 Dog Licenses were issued in 1964 and the sum of \$3,227.25 turned over to the Town Treasurer, as against 1482 Licenses in 1963 totaling \$3,344.75.

To comply with the policy of the Town Report Committee in curtailing the voluminous reports of some Town Departments, this department is pleased to co-operate by omitting the enumerating of the many duties of the Town Clerk as established by Statute.

It is requested that the parents of children born in Natick return the Verification Report sent them by the Town Clerk, at once as required by law, otherwise the record of that child will be incomplete.

JAMES H. FLEMING, *Town Clerk*

Sealer of Weights & Measures

I hereby submit the following report for 1964:

SCALES, WEIGHTS AND MEASURES

<i>Adjusted</i>	<i>Sealed</i>	<i>Not Sealed</i>	<i>Condemned</i>
68	1178	7	2

TRIAL WEIGHINGS OF GOODS PUT UP FOR SALE

<i>Tested</i>	<i>Correct</i>	<i>Under</i>	<i>Over</i>
4517	4079	290	148

Inspections of Clinical Thermometers, Paper and Fibre Cartons, Milk Jars and Junk Scales numbered 891. Sixteen Pedlers' Licenses were inspected and found to be in order. Court action pending against one pedler without a license.

Sealing fees for the year from all sources amounted to an aggregate of \$703.00. This represented more than a 25% increase over the previous year of 1961, at which period it was a total of \$539.60.

A further increase in the coming year is anticipated, with the opening of the new Continental Baking Company on Speen Street, and other diversified industries.

An increase in the rate of Sealing Fees is expected through the current year.

The emphasis on pre-packaged reweighs will be maintained, with particular stress on pre-packaged meats. The importance of these "Spot Checks" is obvious in protecting the rights of the buyer, and also in many cases, that of the seller.

The basic function of this department in preserving the equities between buyer and seller in quantities determinations, affects practically every person in the community. The importance of this function is seldom fully recognized, whether it be in the sale of food, gasoline, oil or other commodities.

There were five complaints of short-weight received during the year. These were investigated immediately. No cause for court action.

The cooperation of the public is earnestly requested in informing this department of any apparent indication of short-weight, of any faulty scales, or of any discrepancies in measuring devices. Complete attention will be given and immediate action will be taken.

JOHN J. MULLANEY, JR.
Sealer of Weights and Measures

Making sure that you get full measure in your gas tank is only one of the many duties of Sealer of Weights and Measures John J. Mullaney, Jr.

Conservation Commission

The primary consideration of this Commission this year has been directed to implementing the acquisition of certain conservation areas which we feel are essential for the well being of our town.

The initial acquisitions are centering presently on vital wet-land areas which will abut to presently town owned water supply lands, lands which in effect serve as large sponges. Run-off in the community should be funneled into these sponge areas where it can settle into the ground, extending the duration of moisture in the soil, maintaining the ground water level at the height necessary, reducing the crests in floods by leveling the run-off speed and in dry seasons sustaining our water table by seepage.

These wetlands support a unique flora and fauna which for the most part are incapable of adapting to another type of environment. Thus, continued destruction of the wetlands steadily reduces the number of these birds, animals and plants. These wetlands may be important ground water recharge areas; flood water storage areas; wildlife rearing areas; recreation areas and may provide open areas which will help to control urban sprawl and afford an aesthetic release to those otherwise bound to the city.

For financial assistance we have submitted preliminary plans which have been approved for matching funds under Chapter 132A.

The work of the Natick Conservation Commission has also included the following:

1. Acquisition of fourteen parcels of Tax Title Land to serve as a basis for a "Green Belt" Program.
2. Sponsoring of Arbor Day Program which included the planting of two parcels.
3. Independence Day Float on theme "Plant a Tree".
4. Actively opposed public shade tree removal and commercial development of wetland areas.
5. Conducted "Over Wintering Birds" census and Bird Walk.
6. Provided speaking and illustrated slide program.
7. Sponsored regional meeting with Conservation Commisisions of neighboring towns to discuss mutual conservation problems.
8. One member serving as Director of the Massachusetts State Association of Conservation Commissions.
9. One member served as President of Massachusetts Conservation Council.

On December 21, 1964 the Selectmen made the following appointments: for a two-year term, Mr. Samuel Crisafulli and Mr. John Morris; for a three-year term, Mr. Marvin Gould, Mr. George H. Wallace and Mr. Robert Cornell, who replaces Mr. Lester Smith. The Commission wishes to extend its appreciation to Mr. Smith for his devoted service. Mr. Smith served as Chairman of the Conservation Commission Study Committee and the first Chairman of the Natick Conservation Commission in 1962.

Veterans' Services

I hereby submit my report for the Department of Veterans' Services for the year ending December 31, 1964.

Veterans' Benefits

Number of Natick settled people aided: 1112

Number of State people aided: 14

645 Veterans' Benefits cases investigated during 1964.

8 Death Cases

2 Liens Pending

1 Assignment Pending

Veterans' Services

931 photostatic copies of the following were made:

Discharges of Veterans

Peacetime Veterans

Marriage Certificates

Birth Certificates

Death Certificates

Divorce Certificates

Letters and Documents

Checks

Have helped many Natick Veterans to be admitted to Veterans Administration Hospitals. This alone is a big financial savings to the taxpayer and the Town of Natick.

This year, many widows and Veterans were confused with their tax abatement. All of these questions were answered personally or by telephone contact.

Have helped many widows and parents of Veterans to apply for bronze plaques for Veterans' graves. Any veteran of the different wars is eligible for these markers. These are supplied by the Veterans Administration.

Have aided many World War I Veterans and widows, World War II and Korean Veterans and widows, in making application for Veterans Administration pensions.

Every year we help hundreds of Veterans and widows and dependent parents in filing their Veterans Administration financial returns which must be reported before January 31st of every year.

We still have hundreds of Veterans, widows of Veterans, parents of Veterans contact this office for information and advice regarding pensions, hospitalization, medical aid, aid to parents of Veterans, aid to widows and families of a Veteran, insurance, mortgages, G.I. Loans, abatement of taxes, non-service connected pensions, and aid and attendance pensions. This information was given by personal contact and by telephone. Many of these applicants have greater problems and much more time has to be spent with them.

State Veterans' Service Agents Association

In our summer conference of 1964, I was nominated and selected to the State Association Executive Committee. In the Middlesex County Agents Association, I was nominated and elected to Vice President for 1964-1965.

Selective Service

As Registrar of Local Board No. 18, I find that more boys did register for Selective Service through this office this year than in the past.

For complete details, list of expenditures, and receipts of the Department of Veterans' Services, I would refer you to the report of the Town Accountant.

MICHAEL TORTI, *Director of Veterans' Services*

I hereby submit my report of the "Care of Veterans' Graves" for the year of 1964:

In this year, 27 Veterans were buried in Natick cemeteries. 16 were Natick Veterans and 11 Veterans were living out of town. We also had 10 Veterans who were buried in other towns.

Veterans Buried in Natick

- 1 Spanish War
- 11 World War I
- 13 World War II
- 2 Korean

In examining every Veteran's grave in Natick, I found missing and corroded bronze markers. I replaced these with new markers.

The Town of Natick appropriates \$531.00 a year for the care of Veterans' Graves. Expenditures are as follows:

Caretaker of North Cemetery	\$200.00
Caretaker of Eliot Cemetery	76.00
Caretaker of Glenwood Cemetery	30.00

The balance of this appropriation is used for bronze markers and flags and for the maintenance of the maps.

MICHAEL TORTI, *Veterans' Graves and Burial Officer*

Town Counsel

I submit herewith the annual report of the legal department of the Town of Natick. Your present Town Counsel succeeded to the post on January 4, 1965 following the resignation of Francis E. Sullivan, Att'y.

Among the matters turned over to me, I noted that Mr. Sullivan had pending approximately 30 cases in various courts in the Commonwealth of Massachusetts involving the Town. I also noted his attendance at the Annual Town Meeting, three Special Town Meetings and all weekly and special meetings of the Board of Selectmen. I also noted a considerable volume of correspondence with the Boards, Departments and Committees of the Town.

A review of the closed and pending cases evidenced the appearance of many courts on both the District and Superior Court levels by Mr. Sullivan.

RICHARD J. TRIFIRO, *Town Counsel*

Your new Town Counsel, Richard J. Trifiro, Esq.

Police Department

<i>Year</i>	<i>Full Time Employees</i>	<i>Part Time Employees</i>	<i>Budget</i>	<i>Expended</i>
1962	43	23	\$315,607.00	\$311,883.59
1963	43	23	\$353,915.00	\$336,736.84
1964	43	23	\$367,962.00	\$355,938.63

Below is a comparison of the department statistics for the years 1963 and 1964.

	<i>1963</i>	<i>1964</i>
Complaints requiring investigation	9902	10,552
Arrests following investigations	1526	1210
Fines levied after convictions	\$22,589.00	\$16,591.00
Jail sentences	42 yrs. 2½ mos.	24 yrs. 6 mos.
Value of goods recovered	\$77,500.00	\$41,550.99
Parking tags issued	3150	3050
Checks made on vacant homes by request	7312	7350
Monies collected from parking meters	\$11,822.31	\$11,579.62
Parking meter fines levied	\$507.00	\$366.00
Miles police cruisers travelled	300,214	322,937
Persons fingerprinted (Aliens, Civil Service, etc.)	526	573
Violations referred to Registrar for action	574	220
Fees received from insurance companies for copies of accident reports		\$444.00

In our world of today, with an upsurge of violence and crime, the law enforcement agencies are besieged on all fronts. Public apathy and loss of public conscience have allowed forces hostile to law and order to hamper justice. Natick has been fortunate in avoiding the rise in crime. However, the same disrespect for heads of law enforcement prevalent throughout the nation, has definitely taken root in our town. A group, including police personnel, have carried on a concerted effort to belittle and eventually destroy completely the authority of the Police Chief. Several articles to attain this purpose have been inserted in the town warrant of 1965. Three law suits against the Chief of Police of one hundred thousand dollars each, have been brought by three police officers, one a lieutenant, and by two patrolmen suspended for breach of police rules are a part of this conspiracy. Despite this harassment, the challenge and the duty to keep Natick well policed and protected continues to occupy the talents and will of most of the force.

Crimes against the Public Order have shown a decided decrease along with crimes against property. Crimes against the person continue very low at fourteen. Two arrests this year on charges of registering illegal bets restate our determination to eliminate all gambling from our community.

This year the record of juvenile arrests is a decided improvement over the 1963 statistics. The number of juveniles arrested totaled 52 of which 47 were males and 5 were females. However, only 28 of these juveniles were residents of this town.

This coming year marks the close of a long and devoted career in police work and safety. Patrolman William J. Garvey, safety officer, retires in February and will be sorely missed by the Police Department and the town. He is the originator of the spare tire rescue plan, which is practiced throughout the nation. He is a past president of the Massachusetts Safety Officer League and was cited in F.B.I. Law Enforcement Bulletin a few years ago. He has been most active in new safety plans and techniques.

In the report to the Finance Committee a request has been made for a replacement safety officer and juvenile officer combined. The Juvenile Officer is an innovation in Natick but very prevalent in other communities. The needs and anxieties of the young people require full time attention if we are to prevent them from developing into crimes and abuses against society.

Traffic, a necessary modern nuisance, continues to demand twenty-four-hour vigilance. In Natick this past year even though 384 accidents represents a slight increase, this is balanced by a decrease in persons injured, property damage accidents, and pedestrian accidents. Fatalities number three following a twelve-month death free period, and include two boys on bicycles and a pedestrian crossing Route 9. This year a determined effort will be made to instruct bicycle riders in safety measures and precautions.

Progress has been made in Lincoln Square with the installation of lights, and this year Dewey Street will be made into two-way traffic assisting this improvement.

The traffic incident map at the Police Station still points at Oak Street and Route 9 as the number one trouble spot. Rear end collisions caused by ignoring traffic signals and stopping short could perhaps be eliminated by police attendance at all times. This is one reason for a request for more personnel.

The traffic problem on Route 9 at Speen Street is still a raging controversy between the town and the state. The state is seemingly indifferent to the opinion of town officials and is making slow progress in straightening out existing conditions. Construction on shopping facilities in this area nears completion and will, of necessity, demand a sound solution this year.

Another trouble zone which calls for immediate study and corrective action is the area from the overpass at Route 9 and Route 27 to East Evergreen Road. Poor lighting, confused exits and entrances to the large shopping area, plus two schools in the vicinity all contribute to make a very dangerous situation.

If the recommendation to the town to add seven new officers to the force is followed, these new recruits will hopefully be trained at the State Police Training School at Framingham. Last year two men attended this school. Other programs in training are planned for 1965.

A commendation is in order for the excellent cooperation and faithful service of the Auxiliary Police unit. Also to be commended are the Police-women of Natick who serve the community so well. The addition of one new member is a hope for next year.

In conclusion, gratitude is expressed to the townspeople and town officials for their interest and cooperation.

The entire number of arrests for 1508 offenses committed in Natick for the year 1964 was 1210. Of these 1092 were males and 118 were females. The number of residents arrested was 188 while the number of nonresidents was 1022. There were 52 juveniles included in this overall total. In addition there were some 1188 warrants and summonses served for other jurisdictions. A total of 52 juveniles appeared before the juvenile session of the Natick District Court during the year of 1964. Of the juveniles 28 were residents and 24 were nonresidents of the town. Forty-seven of the juveniles were males and 5 were females.

MISCELLANEOUS

Burglar alarms answered	232
Breaks and attempted breaks investigated	45
Boats stolen	11
Complaints investigated	10,552
Doors and windows found open	1,663
Escaped persons apprehended	8
Fraudulent checks investigated	210
Messages delivered	637
Military prisoners apprehended	29
Missing persons located	29
Insane persons committed	6
Stolen cars recovered	32
Sudden and accidental deaths investigated	18
Suicides investigated	0
Stolen bicycles recovered	134
Thefts of personal property investigated	229
Transportation of persons to hospital	78
Vacant house checks	7,215
Dog bites reported	9
Suicide attempts investigated	2

During the year 1964 there were 384 accidents investigated, which is an increase of 10 over last year. There were 223 personal injury accidents investigated, in which there were 341 persons injured. This represents a decrease of 44 personal injuries this year than in 1963. Included in this figure are 15 accidents in which pedestrians were involved, which also represents a decrease of 11 this year.

On July 11, 1964, just a few days short of being one year without a fatal accident, a 51-year-old Malden man was fatally injured while crossing Route 9 in the darkness. This was the only fatality on Route 9 for the year 1964. On August 2nd a 7-year-old boy was fatally injured while riding his bike out of Saint Patrick's Cemetery, onto Lakeview Avenue, and was struck by a car. The third and final fatal accident of 1964 occurred on September 2nd, when a 5-year-old boy was riding his bicycle down Parkview Street, and collided with a car at the intersection of Edgewood Avenue.

W. JOSEPH SHEA, Chief of Police

Personnel Board members McEvoy, Balcom, Trundy and Chairman Marshall pose for our photographer with Mrs. Trundy, Secretary to the board

Fire Department

<i>Year</i>	<i>Employees</i>	<i>Budget</i>	<i>Expenditures</i>
1962	76	\$480,071.86	\$470,909.41
1963	78	542,256.00	526,432.33
1964	78	576,923.50	558,907.62

The total number of calls by the Fire Department was reduced slightly over 1963, which was an all time high for one year. The department activities were as follows:

	<i>1962</i>	<i>1963</i>	<i>1964</i>
Total number of calls	1229	1325	1286
Building and vehicles	205	221	221
Grass, brush, etc.	278	427	343
Emergency calls*	298	287	284
False and needless calls	172	157	164
Mutual aid rendered	12	16	18
All other calls	264	223	256

*Emergency calls include ambulance, resuscitator, boat and all rescue operations.

The season for fires in the open was extremely dry and the fire hazard reached an all time high for several months. However, with the cooperation of all the town's citizens, both young and old, the number of fires in the open in Natick was the lowest for many years.

<i>Year</i>	<i>Value of Property</i>	<i>Amount of Damage</i>
1962	\$1,167,210.00	\$74,367.75
1963	3,477,630.00	133,557.28
1964	1,132,605.00	57,743.13

With the growth of the Fire Department, two divisions have been set up, Fire Prevention and Communications.

Fire Prevention has been under the supervision of Captain Thomas F. Morris, who has been active in this field for many years, and has schooling in both Fire Prevention and Inspection duties. Operating as a separate division, I am recommending the addition of a Deputy Chief who shall be assigned to this specific duty.

Fire Prevention encompasses inspection and drills in schools, churches, nursing homes, hospitals and mercantile establishments, the issuing of permits, making reports and relative duties as defined in Chapter 148 of the General Laws, speaking to school and civic groups on Fire Prevention, the entire effort being to reduce fire losses, both to life and property, through the means of education. A report of the Fire Prevention Division will accompany this report.

The Communications Division has been under the supervision of Nicholas Amendola, assisted by Eugene Bishop. With the expansion of the town's mercantile areas, and the installation of electronic equipment, this position has become more technical and trained men with qualifying licenses are necessary. The fire alarm system was moved to the basement of the Central Station, providing it with a factor of safety, which meets the requirements of the federal government as an Emergency Operating Center, giving protection against a natural disaster or enemy encounter.

Natick firemen spray Christmas trees to insure the safety of Natick citizens

It is recommended in the Annual Budget for 1965 that a new Fire Alarm Headquarters operating unit be installed. This unit, with all necessary equipment to make it an efficient up-to-date control center, will cost \$22,000.00. This may be installed in three steps. The first, which should be done in 1965, would provide the units, utilizing some of our present antiquated equipment. In 1966 the equipment could be installed to make the headquarters modern and efficient. In 1967 the equipment could be installed to tie in the substations with two-way communications, independent of all circuits. This would complete the plan, making it an up-to-date, efficient operation for the entire town.

There are still areas of the town not properly protected with fire alarm boxes. The expansion program should continue, installing about ten boxes per year.

Under the program proposed last year for changing the radio frequency, steps were taken adding the new main station and two mobile units. All radio equipment was purchased through matching funds. A report from the Communications Division will accompany this report.

During the year Captain Fred S. Woods retired on May 31st, having completed 36 years and 11 months, of which he served seventeen years as a Captain.

Vincent A. Branagan retired on June 30th, having completed 37 years on the Fire Department; previous to this he worked two years for the Public Works Department.

Replacements for those retiring were Paul E. Brown and Ronald J. Michael.

Joseph A. Crowley was promoted to Lieutenant on June 1, 1964, being at the top of the Civil Service list for this position. Lieutenant Crowley had served as a Firefighter for seven years.

There is a request in the budget for an additional ten men to form another company in the rapidly growing area in the vicinity of Speen Street and Route #9.

With the delivery of the new 85' aerial ladder truck about February 1, 1965, the town will be well equipped for fire protection. It was necessary to install a new motor in the 1942 ladder truck in October of 1964, the motor having failed and was beyond reasonable repair. The truck now should be used for an additional five years, operating from the station at Speen Street, servicing that area of high value. It will relieve the new ladder, making it available for the balance of the town.

There is a request for a replacement of the 1942 Seagrave engine which has been in reserve for two years. It has given the Town good service, but is no longer reliable. It should be replaced with a 1000-gal. engine to be located in the West Natick area, to provide adequate pumping facilities. By replacing this engine, the apparatus could be moved back and the oldest engine placed in reserve, a 1949, 750-gal. pump. The inspectors' car, a 1961 Ford which was used as a police cruiser for one year before being transferred to the Fire Department, should be replaced this year. With the addition of another emergency ambulance in 1964 the department can give excellent emergency service to the entire town. The demands for emergency service has increased annually; however, due to lack of prompt calling, I feel the efficiency of this service is not used to its greatest potential.

In conclusion, I wish to thank the Board of Selectmen and all other town officials and members of boards for the cooperation which has been extended to this department. I believe that through the excellent cooperation of all the members of this department, the town enjoys a very fine public service organization.

LYMAN G. BROWN, *Chief*

Fire Prevention Division

During 1964 this division engaged in the following activities:

INSPECTIONS:

1. Nursing and Rest Home	96
2. Hospital	12
3. Mercantile and Manufacturing	5892
4. Schools, Public and Private	187
5. Churches and Synagogue	228
6. Miscellaneous Halls and Clubs	168
7. Municipal Buildings, other than Schools	72
8. Rooming House and Multi-family Dwelling	72

9. Oil Burners:	
a. Permits for Installation	156
b. Inspection and Storage Permits Issued	116
10. Liquefied Petroleum Gas Storage	39
11. Miscellaneous Inspections	90
12. Sprinkler Tests	400

In most instances a monthly inspection was made; however, due to other assigned duties, it was not always possible.

In addition to the above activities, inspections were made in conjunction with various insurance companies, and for the New England Fire Insurance Rating Association. Town of Natick Property inspections were made, and necessary forms filed with the insurance company as required by the insurance policy.

Each month various officers of the department participated in fire inspections, to familiarize themselves with various buildings, hazardous occupancies and sprinkler system locations.

The Fire Prevention Division during the year talked and showed films to all schools, and various other organizations. This amounted to approximately 150 appearances.

Fire Prevention, in conjunction with the Training Officer, conducted Fire Prevention classes in the hospital and various nursing homes in the town. These classes were conducted to point out the hazards common to institutions of this type. Demonstrations were conducted on extinguishment of small fires, and controlling fires until the arrival of the fire department. Instructions and demonstrations were given to employees on evacuating patients, under emergency conditions, using recommended carries and procedures.

THOMAS F. MORRIS, *Captain*

Communications Division

FIRE ALARM:

The fire alarm system was transferred to the basement of the Central Station in an effort to have it placed in a less vulnerable position, in the event of a disaster. All circuits enter the system underground and aerial wire has been eliminated so far as possible. A thirty-two (32) conductor cable was installed on North Main Street, completing this construction from North Avenue to Route #9. At the present time Stations Three and Four are interconnected with the Central Station by underground cable circuits. During the year, daily tests were made on all circuits, and monthly tests were made on all fire alarm boxes, auxiliary systems and allied equipment. Necessary trimming has been done and transfers made on poles being replaced or relocated. Boxes have been installed on the Clark House at the Walnut Hill School, Continental Baking Company and Alpine American Company; these boxes with necessary wire and accessories were supplied by the building owners. At the present time the system consists of the following equipment.

- 13 Alarm circuit panels located at the Central Station
- 5 Alarm circuit panels located at Station Four
- 11 Alarm tape recorders

12 Audible tappers

169 Fire alarm street boxes, 33 equipped with emergency telephone

68 Master fire alarm boxes, with auxiliary systems located as follows:
Churches 4, Nursing Homes 7, Hospital 1, Schools, Private and
Public 17, Mercantile 39

During the year extensions were made on Glen Street and early in 1965 boxes provided by the developer will be installed in the new developments in this area.

The entire system is in general good repair, although about six miles of open wire should be replaced in the next three years. Boxes should be installed in some areas that have little or no coverage. The present plan of expansion should continue, with about ten boxes being added each year.

In the near future a substation should be installed at Station Three, to relieve some of the circuits to the Central Station, which are becoming overloaded. The fire alarm central control equipment at the Central Station is in need of a complete renovation, along with the addition of a Vocal Alarm System to all stations.

FIRE RADIO:

The department radio system is in the process of changing its frequencies, which necessitates some duplication of equipment, but by using obsolete receivers, not narrow banded, it is being accomplished without added expense to the town. The town now has three high band units and a new high band transmitter/receiver at the Central Station. As new equipment is purchased, the system will be gradually changed to this high band, which assures a better operation with less interference. With the test equipment purchased in 1963 and 1964, complete service and installation of radios can be done by this division on all fire, public works and civil defense equipment.

POLICE ALARM AND TRAFFIC CONTROLS:

The police alarm system has been serviced and periodic tests with necessary repairs made from time to time. New boxes will be installed in the Sears area in 1965, as cable has been installed in conjunction with the fire alarm expansion.

Traffic controls and lights of the latest electronic design have been installed at Union and East Central Streets, having "Walk and Don't Walk" features. These Walk and Don't Walk signals should be installed at Walcott Square, in order to facilitate a more orderly flow of traffic. All traffic control equipment has been serviced and repaired as the need arose. A study should be made of Walcott Square with the idea of adding magnetic controls and pedestrian signals.

PUBLIC WORKS DEPARTMENT RADIOS:

This system consists of radios transferred from the Police Department in 1962. They were serviced and the frequency changed by this division to the new frequency 45.56 mc, allocated to the town for municipal use. This equipment has been reasonably serviceable for the past two years; however, it is old and some of the vehicles using these units daily should have new equipment, the present units to be used on vehicles having intermittent use.

CIVIL DEFENSE EQUIPMENT:

Cooperation has been extended to the Civil Defense Department in maintaining radio and communications equipment. All obsolete equipment has been transferred to Civil Defense for standby use. At the present time, using this equipment, Fire, Police and Public Works have a standby unit at the Civil Defense Emergency Operating Center.

Some expansion of Civil Defense equipment should be made utilizing the present equipment in less vital locations and installing new equipment in the Emergency Operating Center.

The ten audible electronic warning units have been tested and serviced monthly. The town has planned for fourteen locations; the remaining four should be installed to give complete coverage.

The Communications Division personnel have installed the Christmas decorations for many years, this year in cooperation with a committee for this purpose. It is our desire that a committee lay out this work and develop a plan for the town, with changes and improvements each year.

NICHOLAS AMENDOLA, *Communications Technician*

Selectman Jeremiah Healy accepts plaque from S. S. Henry Wilson to be placed in the cobbler shop

Public Works Department

This is the forty-fourth Annual Report of the Public Works Department.

Mr. Richard A. Robbins was elected for a 3-year term to the Board of Public Works in March.

Mr. P. Henry Morris, Assistant Foreman in the Water Division, retired after 25 years of faithful and extremely competent service. We extend to him our best wishes for many years of health and happiness in his retirement.

Highway Division:

New Equipment: 1 4-yd. Street Sweeper
1 1-yd. Salt Spreader
2 6-yd. Sand Spreaders
1 $\frac{3}{4}$ -ton Pickup Truck
1 10-foot Snow Plow

Mill Street reconstruction was the main project for the year. The pavement is complete for the first section. However, the berms and loam areas are left incomplete pending the result of expected action by the Sidewalk Study Committee. They are proposing sidewalks at least partially along this street. Chapter 90 funds are not applicable to new sidewalks.

The rest of Mill Street southerly to West Central Street is awaiting the buildup of our Chapter 90 allotments to include the cost of the bridge over the railroad.

The Chapter 90 Maintenance funds were spent on Eliot Street, extending the new Type I Bituminous surface some 2500 feet.

Also, with Chapter 782 Funds, Type I surfaces were applied to Oak Street, Eliot Street, Beaver Dam Road, Granby Road, Kelsey Road, Ranger Road and Braemore Road. In all 6,121 tons of Type I were laid.

The following streets were treated with asphalt and oiled peastone; in whole or portions of:

Bee Street	Madison Street
Belvedere Street	Mulligan Street
Church Street	North Avenue
Circular Avenue	Park Street
Coolidge Street	Pond Street
Common Street	Payson Road
Cottage Street	School Street
Cross Street	Shattuck Street
Elmwood Avenue	School Street Extension
Everett Street	Walcott Street
Franklin Street	Walnut Street
Hayes Street	Washington Street
Jefferson Street	Webster Street
Kinsman Place	Willow Street
Lincoln Street Extension	Winnemay Street

The following streets were treated with sand and asphalt; in whole or portions of:

Bacon Street	LaGrange Street
Bellevue Street	Lake Street
Boden Lane	Manchester Place
Byron Road	Meadow Street
Cochituate Street	Nern Street
Coleman Court	Orchard Road
Cooper Road	Overbrook Terrace
Ganett Road	Scarsdale Road
Harrison Road	Spring Street
Hunter Court	Whittier Road
Jackson Court	Woodland Street
Keane Road and Terrace	
Kendall Lane to	Summer Street
H. F. Brown Way	Valley Road
	Wellesley Road

Recapping and replacing of damaged sidewalks in part or whole were done in the following locations:

<i>Type I</i>	<i>Cement</i>
Marion Street	East Central Street
Pleasant Street	
Tibbetts Street	

Following are lengths of streets, sidewalks and curbings constructed throughout the Town during 1964:

<i>Street Name</i>	<i>Street Length</i>	<i>Sidewalk Length</i>	<i>Curbing Length</i>
Sassamon Road	1200'	2400'	2200'
Indian Spring Road	400'	800'	800'
Lincoln Street			635'
Spring Street		125'	96'
Prospect Street			74'
High Street			72'
Pitts Street			62'
Beverly Road			204'
South Main Street		54'	30'
South Main Street			401'
Total	1600'	3379'	4574'

Following are lengths and sizes of drains constructed in the Town during 1964:

<i>Street Names</i>	6"	12"	15"	18"	24"	30"	36"	C.B.	M.H.
Highland Street		260'						1	
School Street Ext.		160'							1
Indian Ridge Road		1040'	460'					8	5
Rockridge Road		1060'		100'				6	3

Water Division:

New Equipment added in 1964:

1 5-ton Dump Truck

1964 was an extremely dry year. Water consumption increased but the peak-use periods were not as high as in other years. The homes in high elevation areas are still troubled with low pressure during heavy flow periods. This condition will be relieved somewhat if more storage is made available in 1965.

Following are lengths and sizes of water mains installed in 1964:

<i>Name of Streets</i>	<i>Size of Pipe</i>	<i>Length in Feet</i>	<i>Size of Gates</i>	<i>Number Installed</i>	<i>Hydrants</i>
Indian Spring Road	8"	1800'	6" & 8"	5	3
Rockwood Road	6"	215'			
Cypress Road	6"	220'			
Pine Oak Well	8"	260'			
Speen Street	12"	1100'	12"	1	
Rockridge Road	8"	1100'	6" & 8"	4	2
Total	—	4695'	—	10	5

MONTHLY PUMPING REPORT

<i>Month</i>	<i>Gallons Pumped</i>
January	145,152,000
February	130,287,000
March	147,756,000
April	151,844,000
May	192,494,000
June	189,243,000
July	176,942,000
August	173,855,000
September	156,744,000
October	145,649,000
November	132,909,000
December	137,748,000

Total Gallons Pumped during 1964	1,880,623,000
----------------------------------	---------------

The largest amount of water pumped on any one day occurred on July 28th when 8,694,000 gallons were recorded.

Sewer Division:

The Sewer Division completed the sewer main on Mill Street. This was an extremely difficult and time-consuming project, having 14 feet of ledge to excavate in places and also encountering a high water table. At times, three pumps would just handle the ground water pouring into the trench.

The Lodge Road project was completed but the Crescent Street project had to be put over to 1965.

Bids were opened on the Natick Farms Area Sewer Project in December. The cost of the work, estimated by the Public Works Department, through past engineering studies that have proved adequate in previous projects did not prove sufficient at this time due to the demand for sewer contractors. The bids therefore had to be rejected. New bids will be taken and a Special Town Meeting will act on this one article.

It should be pointed out that the cost for sewer is going up. Most of the towns and cities of the Commonwealth have sewer projects pending and the contractors are bidding accordingly. There is no reason to suspect that sewer costs will go down in the near future. The need for sewer in this area is even greater than it was when sewer was voted in 1964. It is hoped the Town Meeting will consider this when voting on the new article.

Following is a list of sizes and lengths of sewer mains installed this year:

<i>Street Names</i>	<i>6"</i>	<i>8"</i>	<i>10"</i>	<i>12"</i>	<i>SM.H.</i>
Lodge Road	500'				2
Mill Street	552'				2
Pine Street	3030'				17
Michigan Drive	510'				4
East Central Street	350'				5
Rockridge Road	1360'				7
Total	6302'				37

Sanitation Division:

New Equipment added in 1964:

- 1 Garbage Truck Chassis
- 1 8-yd. Garbage Body

Cubic Yards of Garbage collected monthly during 1964:

<i>Month</i>	<i>Cubic Yards Collected</i>
January	454
February	396
March	437½
April	438
May	414½
June	437
July	454
August	416
September	437
October	434
November	416
December	456½
Total	5,190.5 cubic yards

Cubic Yards of Rubbish collected monthly during 1964:

<i>Month</i>	<i>Cubic Yards Collected</i>
January	2,370
February	2,048
March	2,216
April	2,340
May	2,028
June	2,300
July	2,370
August	2,136
September	2,206
October	2,172
November	2,130
December	2,430
Total	26,746 cubic yards

The Commissioners of Public Works wish to express their appreciation to all Employees of the Department for their service rendered during the year.

DANIEL J. O'LEARY

THOMAS L. HUDDY
Board of Public Works

RICHARD A. ROBBINS

Your Public Works Commissioners

Forestry Department

The Forestry Department reports the removal and disposal of 22 confirmed Dutch Elm diseased trees on private property under Article #43, passed at our annual town meeting of 1961. Bills were issued to the property owners so involved. The department also reports the removal and disposal of 150 confirmed Dutch Elm diseased trees on town property. Our best method in controlling Dutch Elm disease is the sanitation method, such as spraying, proper trimming, pruning and the removal and disposal of diseased trees. A dormant spray was applied in late March and early April in an effort to curtail the elm bark beetle, which is the carrier of Dutch Elm Disease. During April and through June and July a leaf spray was applied to our elms for elm leaf beetle. This department continues to use only the insecticides approved and recommended by the Shade Tree Laboratory at Amherst and the Waltham Field Station. Over 150 Maple and Linden trees were planted to replace trees removed in various sections and also in the newer sections.

The usual program of pruning and trimming of street trees was carried out throughout the town.

Sudden wilting of foliage started to appear and be reported in mid May 1964 on certain branches of many Norway Maples throughout the town. Additional testing through the University of Mass. Shade Tree Laboratory showed that the reddish brown, or rusty colored areas of Sap leakage were found repeatedly to be associated with the fungus *Cytospora*. *Cytospora* usually attacks trees that have been weakened in some way by factors relating to the site. Girdling roots, narrow tree belts, soid compaction, absence of topsoil, mechanical injuries, gas, construction, grading and vandalism. To these many factors in recent years has been added repeated drought conditions. The severe drought of last year and perhaps other years could be one of the principal factors in the wilting and die-back. Many Norway Maples suffered severe leaf drop from aphid infestation in 1964. Limbs of affected trees should be pruned out after the extent of the die-back becomes known. Fertilizer and water throughout the summer will help restore affected trees. It is interesting to note that the red leaf varieties, Schwedleri and Crimson King had not been reported affected. The roads and trails at the Town Forest were trimmed and pruned in cooperation with the Recreation Department.

Trees were removed at the following schools in cooperation with the School Department: West School, Wilson Junior High, Murphy and the Eliot School. Ten Linden trees were planted at the Johnson School. The department received assistance from the Department of Natural Resources, Bureau of Insect Pest Control, in the form of removing of diseased elm "butts" and scouting of the town for suspected diseased elm trees. The department also reports the addition of a new 600-gallon John Bean Hydraulic Sprayer, mounted on a 1964 2-ton Chevrolet Cab and Chassis.

School Committee

Preparation of the annual budget is one of the more important functions of the Committee. The largest single item is that which covers salaries for personal services. The salary structure is being carefully reviewed in the light of state legislation raising the minimum to \$5000. As a result of recently revised schedules we have been able to attract and retain superior teachers. Since the teachers' schedule has remained unchanged for two years and because of recent state legislation raising the minimum salaries, definite action needs to be taken in 1965 to maintain Natick in a relative position to communities similar to ours.

The impact of the school budget has been of great concern to the committee. Its continued growth is due mainly to increased enrollment and an attempt to give the best educational program within reasonable financial limits. The national average for state aid is 40%. Yet Natick receives approximately 13%. The Committee has continued to favor legislation for greater state support of public schools.

During the year the Committee, with a view toward continued improvement in the educational program, has approved a variety of in-service programs such as the summer school expansion and the modern mathematics workshops to update instruction. It has had numerous reports from school personnel, approved revision of curriculum guides in Business Education and Foreign Languages, approved the opening of the high school library on Saturdays for students of grades 9-12 as well as for use by those now attending colleges in the area.

The members have kept informed by attending meetings of the Massachusetts Association of School Committees, the American Association of School Administrators and the New England School Development Council. One member is on a statewide committee preparing for a National School Board Conference to be held in Boston in 1965.

Two projects are going on simultaneously, the closing phase at Kennedy Junior High School and the beginning phase of the High School addition. The building committees of these respective projects have worked long, hard and ably in accomplishing the physical needs of the educational program. The former project is nearing completion while the latter has received the approval of the Town and will progress henceforth for occupancy in September 1966. The contribution made by these committees and the staff members is gratefully appreciated and they are highly commended.

The citizens of Natick are to be commended for their approach to this problem and for the way they have resolved the critical but necessary problems of housing over the years. Because of their support and keen interest, Natick has been able to keep up with its school building needs as they arose.

Morris Wilson, an able and efficient School Committeeman, resigned effective October 19, 1964, because of transfer out of state. During his brief tenure of office he made worthwhile contributions to the school system. He also served with distinction on the High School Addition Committee. On November 9, 1964, at a joint meeting of the Board of Selectmen and the School Committee, held in accordance with the provisions of Section 11, Chapter 41, of the Annotated Laws of the Commonwealth of Massachusetts, Joseph T. Wignot, Jr. was elected to serve until the next annual meeting.

Our sincere thanks are extended to the town officials and boards, to the PTA's, and to the citizens of Natick. The cooperation and assistance which the committee has received has been gratifying and much appreciated.

ROGER D. WILLIAMS

The world of fantasy — the creative world of children

Superintendent of Schools

In many ways 1964 has been a pivotal year in the history of education in the United States and particularly in Massachusetts.

The unparalleled enrollment in public schools reveals America's faith in these institutions. The first attempt by any people to provide education for all at public expense is without precedent. It is an indication of the extent to which the people are eager to raise their standard of living, to increase their cultural level, and to satisfy their desire for knowledge. It is quite common to hear the expression, "The strength of democracy lies in the number of its educated citizenry." Regardless of the extent to which this claim is advocated by educational leaders, the schools would not long be supported at public expense, if those who attend them did not maintain a faith that the experience was profitable. Evidence is found in the fact that practically all classes of people regard the right to free public education through the secondary school level as one of their heritages.

Only a democracy could have such goals. To accomplish these goals, an enormous financial outlay is required to train and pay teachers, construct buildings, and transport pupils. Americans allot more of their income to public schools each year. But their aspirations for better education continue to run ahead of the financial resources available to schools. Changes in the field of education can no longer be made in leisurely fashion and steps must be taken to keep pace with the knowledge explosion. Steady progress is noted, but it is slow. If the burden of property taxes for schools and other local services becomes too great, resistance because of this will unduly influence community judgment about school needs. A citizen's investment in schools depends on the value he places on a good education and his understanding of the relationship between the school budget and the quality of education his children receive.

Education will receive little attention so long as there is no evidence of widespread public concern with the financial issue. If only the basic necessities of good education are to be provided, it is obvious that sufficient funds must be made available. The solution rests then in adequate state support to relieve the property tax situation. Massachusetts has the lowest per capita expenditure for education in the entire country.

The need for a new method of apportioning state support must be recognized. The failure of the present formula to cope with present problems is obvious and is no longer adequate to meet the needs of the state and its communities.

The energies of all components of the community should be directed toward a "percentage equalizing program" which depends on three measures — ability, need, and effort. The Massachusetts Education Conference Board is working toward the goal of continued improvement in educational programs and for a new formula for state support bringing us nearer to the national average. The time has come when there must be a militant support for the financial issues involved if there is to be any noteworthy progress.

We are in our third year in a program of research and development utilizing an infinitely small budget item. By use of our own capable staff along with research specialists we have been able to clarify the precise nature

of the problems that need to be solved, to locate the resources, and to identify the groups that will be directly or indirectly affected by a change. The big factor in our process is the evaluation program. If we find that an educational experiment is not working successfully, we will replace it.

There are many programs and activities that need attention. The budget increases annually but only to meet the pressing and obvious needs and to care for the increased enrollment. The school population has grown from 7321 in 1960 to 8160 in 1964. Class loads at the elementary level need

Prize winners at Natick
High School Science Fair

to be reduced, libraries have progressed much in the past five or six years but more has to be done, research is required on experimental programs to determine by statistical study whether they have an impact on education and if they are achieving the desired goals.

Your attention is directed to the following reports submitted by the Assistant Superintendents which are indicative of some of the accomplishments of our schools.

SECONDARY EDUCATION

I shall confine my comments to a few general observations. First, I should like to offer an opinion to the often asked question, "How well are the Natick secondary schools doing?"; secondly, I should like to present some personal thoughts by way of preparing ourselves for the flood of potentially explosive curriculum modifications to which we can expect to be subjected in the next decade.

In answer to the query, "How well are we doing?", I feel that we are doing very well indeed. The College Board scores received by our undergraduates, the number of nominees who attain recognition in the National Merit Scholarship Program, the academic achievement of our students at various grade levels as measured against national norms, the reports received from the deans of universities where our graduates are enrolled, the desire of employers to obtain students who have progressed through our business education courses, the inquiries for advice from other school departments — all these are the reflection of a stature and leadership to which we can modestly point with pride each successive year.

Our curriculums, because they undergo continuing and periodic evaluation, remain fundamentally sound. Our secondary school staffs have arduously worked to keep our students mentally alert, physically competent, and emotionally stable. With the completion of the Kennedy Junior High and the addition to Natick High School the secondary school building program will have kept pace with the increased enrollment. The community has provided adequately, but not exorbitantly, for its school population. So much for the satisfactory attainments of the present. What about tomorrow?

Tomorrow we shall be challenged with stiffer competition from other eastern Massachusetts towns in recruiting good teachers now that salary schedules throughout the Commonwealth have become more nearly equalized. Our graduates will face more complex requirements from college admissions officers and from employers. We can expect pressures from state and federal educational agencies since, in the words of one Boston paper, assistance "may well be tied to new standards which communities must attain to remain eligible for state aid." Though educational reforms and improvements sometimes move slowly, even under the best of circumstances, one can predict that tomorrow more time, more talent, and more money than ever before will be invested in pushing forward the boundaries of knowledge, and who can foresee the implications of this sudden "explosion of knowledge"?

The turbulence now stirring in educational circles, especially at federal and state levels, is all very well and, perhaps, long overdue. It can, nevertheless, overwhelm us unless we are sure of our grounds. It behooves us to

Junior Highers get actual experience in debating

Modern math starts early

be cautious at first, lest we lose our way in the floundering of new challenges and changes arising not from the requirements of our community but because it will be fashionable to pursue new ideas for the sake of trying to keep up with someone else.

We believe that our educational objectives and our programs in Natick are sound. What we need, perhaps, is to do better what we are already doing — more effectively, more efficiently, and wherever possible more economically. The basic issue is not whether our Natick students and our Natick secondary schools are better than those of 25 or 30 years ago, but whether the quality of today's education is sufficient to meet tomorrow's demands, which will be far more complex than those of the present. It is not a matter of proving that our high school and our junior high schools are better than they used to be or are as good as or better than those of our neighbors, but whether we can make them today good enough for tomorrow. We intend that they shall be.

Annual follow-up studies indicate a pronounced and steady increase of Natick High School students who have continued their education beyond high school.

Summary of Those Attending Post-Secondary Schools 1955-1964 By Percentage

	1964	1963	1961	1959	1957	1955
Four-year degree-granting colleges	36.9	31.3	32.1	30.4	28.6	29.4
Junior colleges	4.4	3.9	7.4	6.4	3.1	3.0
Business schools	10.5	7.6	5.9	2.8	9.8	2.4
Preparatory schools	5.1	3.4	1.2	3.2	4.9	2.4
Schools of Nursing (non-degree)	2.9	2.2	1.2	3.6	2.3	1.7
All other schools (technical, art, beauty culture, etc.)	9.5	5.7	7.6	4.7	3.6	4.7
Total percent continuing education	69.3	54.1	55.4	51.1	52.3	43.6

The oldest follow-up study on file at the school is for the Class of 1948. The trend toward more higher education for Natick students is pronounced when a comparison of the Class of 1948 and the Class of 1964 is made.

	Number of Students	Percent Class 1948	Number of Students	Percent Class 1964
Four-year degree-granting colleges	28	17.6	152	36.9
Junior colleges	2	1.3	18	4.4
Business schools	8	5.0	43	10.5
Preparatory schools	6	3.1	21	5.1
Schools of Nursing (non-degree)	2	1.3	12	2.9
All other schools	4	2.6	39	9.5
Totals	50	30.9	285	69.3

When information such as the above is analyzed for all classes on a year-to-year basis, it becomes quite obvious that there is a steadily increasing trend for more students to pursue a four-year degree-granting college program and for more graduates to seek specialized training of one to two years' duration.

ELEMENTARY EDUCATION

This report evaluates our educational growth and development in terms of recognized characteristics of a modern elementary school program.

An effective educational program is characterized by:

1. A flexible, functional curriculum that satisfies the educational needs of all the students.
2. A variety of experiences for self-expression in both oral and written form.
3. A comprehensive training in the skill subjects of reading, writing, and arithmetic.
4. An instructional approach that stresses appreciations and understandings based on a variety of teaching techniques.
5. A necessary concern for developing positive attitudes and values in a child's educational growth.
6. A more sophisticated curriculum for talented students.
7. An educational program that is concerned with a student's total growth pattern.
8. A program of guidance rooted in the philosophy that each child should have a feeling of accomplishment.
9. Educational opportunities for children to learn via the "discovery approach."
10. A comprehensive program of testing and evaluation.

With reference to curriculum development, the major emphasis is in homogeneous grouping, so that instruction takes into account differences in ability and achievement in students. A typical example of group instruction is our "dual purpose program," which on an experimental basis employs a form of departmentalization, in such subject areas as mathematics, science, and social studies. Greater stress is now placed on the integration of subject matter. For example, "language block" teaching, at the third grade level makes it possible for a child to learn reading, spelling and language as a related core. Generally, teachers at all levels are taking advantage of such pedagogical techniques as: team teaching, team learning and programmed instruction, which tend to reinforce a student's knowledge while improving his powers of understanding and retention.

A curriculum materials center has been established, providing a central area where teachers and supervisors may meet together in order to study and prepare for educational innovations in the classrooms. In addition to being a special work area, the curriculum center serves as a location for the central storage of professional books and materials.

A coordinator has been assigned to direct the activities of the curriculum center. He also serves as chairman of the Reading and Testing Department. This curriculum specialist will bring together programs and materials, so that they may be properly appraised for eventual use in all of our elementary schools.

During the past school year the mathematics curriculum has been revised and up-dated. Our modern curriculum stresses the "discovery approach" which provides opportunities for students to analyze procedures and solve

practical mathematical problems. In order to implement this new program, special in-service-training has been provided for teachers in the use of such materials as: The Greater Cleveland Project, School Mathematics Study Group, and the various new textbooks in this subject area. Sixth grade teachers met as a group during the past summer and assembled mathematics laboratory kits, which are now used for enrichment purposes. Presently approximately sixty teachers are enrolled in modern mathematics courses sponsored by the Natick School Department.

As in past years, our elementary schools continue to hold a series of planned in-service-training programs for the instructional staff. This professional education is in addition to the many college courses, in which teachers are enrolled as individuals. A partial list of the workshops presented in 1964, includes:

September	Orientation Programs
October	The Role of the Substitute Teacher
November	Functional Use of Libraries
December	The Teaching of Language Arts
January	Reading in the Primary Grades
February	The Value of Audio-Visual Aids
March	Education of the Exceptional Child
April	Science experiments
May	Modern Mathematics
June	Health and Safety

With federal funds received through the provisions of the National Defense Act, the elementary schools have purchased modern instructional aids. "Over-head" projectors and photostat equipment have made the teacher's presentation more interesting and meaningful. Apparently, children understand better and remember longer, learning concepts which they recognize in visual form, especially when such knowledge can be related to the children's experiential backgrounds.

There are three acceptable educational programs for teaching gifted children. These programs are classified as: segregation, acceleration, and enrichment. The elementary schools generally employ programs of enrichment, so that talented students may receive an advanced program of study, while still remaining with their peer groups for regular school activities. In other words, through selective grouping, it is our belief that gifted children can be challenged intellectually in a self-contained classroom.

We do, however, educationally separate our students for special class instruction. This arrangement makes it possible to provide an extensive program of home economics and manual training, which is so important in the education of the exceptional child. It is interesting to note that with the addition of another special class at the junior high school level, we now enroll approximately seventy pupils in our six special classes.

Our Department of Speech and Hearing provides corrective therapy for some two hundred students from kindergarten to grade nine. Consultant services are available to parents and teachers for diagnostic appraisal of any child with a speech or hearing problem. This department is staffed with two certified speech therapists, as well as having available the consultant services of an audiologist and speech pathologist.

A school adjustment counsellor has been added to the guidance staff of the public schools. The counsellor will work through the facilities of the

Children enjoy books

Will this turn out to be as good as mother's?

Dozens and dozens of entries are exhibited by your students at the Science Fair held annually at Natick High School

An elementary teacher uses an instructional aid

psychological clinic, and counsel students with emotional troubles which often lead to problems of school adjustment. Therapy for students at an early age, usually prevents serious social adjustment problems in later years. The state pays for approximately fifty percent of the total cost of this important work.

During the past school year we have added necessary personnel and expanded the facilities of our health and physical education programs. A senior nurse, and special director have been assigned to coordinate and direct the activities of their respective departments. Trained specialists are teaching our children the importance of attaining and maintaining good health.

The elementary schools are justly proud of their excellent library programs. Parents, working on a voluntary basis with our school librarian, have made it possible for thousands of students to enjoy daily the educational advantages of school libraries. In each of our schools, the library is the center of learning.

Our summer school program continues to expand. Approximately one hundred and twenty students were enrolled during the past summer. Emphasis was placed on remedial instruction, especially in the areas of reading, writing, and arithmetic. Summer school instruction, which included students of the junior high schools in 1964, will be made available to high school students in the summer of 1965.

The Natick elementary schools have cooperative programs with numerous universities, so that future teachers have an opportunity to do their training with our experienced staff members. In return, practice teachers provide individual instruction and guidance, which is a valuable complement to classroom work for our students. During the past year, fifty student teachers representing fifteen universities, participated in this work.

Right- or left-handed they all learn

Proving a theory in Industrial Arts

A continuous program of research and development forms the evaluative basis for curriculum development and instructional change. Teachers and administrators, in summer workshops, have developed curriculum guides rooted in standards of excellence and validated in terms of student progress and achievement. Research plays an important role in our educational growth.

Enrollment projections seem to indicate the need for additional elementary school construction in the very near future. Otherwise, it will again be necessary to use some sub-standard areas as teaching spaces. In any case, helping teachers will be assigned to any school where an increase in student population requires additional teaching personnel.

It has been a distinct pleasure to work for a School Committee that has maintained a close observation of every phase of the school program in order that the department be one of the best in the Commonwealth. Whatever success our educational program has achieved is the direct result of the dedicated teachers, able administrators, and cooperative members of the non-professional staff. The assistance of the school building committees, the various town departments and officers, and the P.T.A.'s has been a source of extreme gratification.

	<i>Employees</i>	<i>Budget</i>	<i>Expenditures</i>
1963	11	\$ 99,585.00	\$87,695.15
1964	11	102,086.00	88,917.18

The annual report of the Morse Institute for 1964 is hereby submitted.

A total circulation of 271,285 books in 1964 represented an increase of 22,563 or 9% over that of the previous year. This means that 9.4 books per capita were circulated for the year, which is an excellent average according to American Library Association standards.

The demands on the Library's resources were greater than ever in 1964. The student's assignments now require more outside sources for each project. It is difficult to keep up with these demands, even with an increased book budget, when whole classes require the same material at the same time. The magazine collection is a very valuable source of supplemental information for recent material on a given subject. Some requests, which can not be answered from the Library's resources, are filled through inter-library loan and many are filled by purchasing the book for the Library.

The book budget can not be used solely for the purchase of books for student use, but must also be used for books of interest to the adult borrower; the businessman, the hobbyist, the serious reader, and those seeking books for pleasure reading.

The sending of overdue notices with follow up notices and letters has become almost a full time job. The outside Library Deposit Box has been of great assistance in getting back many of the long overdue books as well as some of the missing ones.

In 1964 the Library again met the minimum requirements for the State Grant for Free Public Libraries. The sum of \$7,207.75 was paid to the Town Treasurer as is specified by the Law.

The Great Books Discussion Group met every other Wednesday evening during the winter and spring months. This group has been very faithful under the able leadership of Mr. Louis Jansen.

Both Bookmobiles showed a large increase in the circulation of books. The School Bookmobile, which has been in operation since 1951, gave library service to six elementary schools by assisting both the children and the teachers in the selection of material for their assignments. The Adult Bookmobile, which has been in operation since 1958, gave library service to the East School as well as to adults at regularly scheduled stops in the outlying areas of the town. The Schedule was revised this year to include a stop at Cedar Gardens. This has proved to be most gratifying and has been greatly appreciated. The generator, which provides power for heat, lights and air conditioning, was replaced with a little larger one in July and has been working much more satisfactorily than the old one.

The Children's Library also showed a substantial increase in the circulation of books and was kept very busy helping the children with their requests. The classes from the Center School visited the Children's Room each month. In December the Special Classes from the Lincoln School began regularly scheduled visits. Field trips to the Library were made by classes from the Johnson School and by two kindergartens. 2300 books were purchased, catalogued and processed for circulation.

Mrs. Marjorie Frye, the Children's Librarian, retired in July after 23 years of faithful service. She was presented with a gift by the Trustees and by the Staff. She will be greatly missed. Thus far a trained Children's Librarian has not been found to replace her.

The circulation of phonograph records was 75% more than that of the previous year. 88 albums were added to the collection which now includes: symphonies, operas, concertos, musical shows, folk music, Shakespeare plays, poetry readings, children's records, and foreign languages.

The display case in its new location near the main entrance has attracted many people. The Library is very grateful to those who very kindly loaned their hobby collections for exhibit. These exhibits have been varied and most interesting.

During the year, the Librarian attended State and Regional Library meetings in Boston, Wellesley, Watertown, Melrose, Worcester, Needham, and also attended the American Library Association Annual Conference in St. Louis.

Many gifts of books and magazines were very gratefully received; several of these gifts were memorial books. Thanks should go to the Natick Bulletin and the Suburban Free Press for the gift of their respective papers and for publishing the library news; also to the Natick Federal Savings and Loan Association for the bookmarks and to the Natick Trust Company for the envelopes for the borrowers cards.

In January bids were put out for the new addition and the renovations to the present plant and on March 12 the Annual Town Meeting voted the appropriation. The contracts were signed March 25 and work was begun almost immediately. Thus far the work has been progressing satisfactorily. The addition should be completed in the spring of 1965 and the renovations to the main building by summer or early fall, if everything continues to go on schedule. The Library will then look forward to giving service in

Down with the old and up with the new at Morse Institute

the expanded facilities, which will include a new Children's room, a Young People's room, Reference room, browsing area for adults, a new charging area, a music section, garage space and loading platform for the two Book-mobiles.

The Librarian is very grateful for the devotion and loyalty of the staff and the sympathy and understanding of the Trustees. Without this it would not be possible to give good library service.

ELIZABETH H. PARTRIDGE, *Librarian*

Trustees of Morse Institute

During the past year the Trustees have devoted many hours to our plans for the construction of an addition to and renovations of the town library. The architects chosen to design and oversee this work was the firm of Kilham, Hopkins, Greeley and Brodie of Boston, Massachusetts. It was this team which had designed the first addition to the original structure in 1928 and the World War I Memorial in the front foyer in 1940.

At the 1964 Annual Town Meeting the sum of \$465,500 was appropriated under the authority of Article 32 for the addition, the renovation, and the equipment. On March 25, the general contract was awarded to the Corsi and Porter Construction Company of West Newton, Massachusetts, the low bidder, and the actual construction was started on the following day. At the time this report is submitted the work on the addition is about 60% complete. During the fall months specifications were written and advertising for bids took place for the furniture and equipment. The award for these items was made to the Jarmak Company of Salem, Massachusetts.

In addition to our periodic conferences with the general contractor and with the architects, we have also conferred with the Natick War Memorial Garden adjacent to the addition. The plaque will contain the names of approximately 2600 veterans of World War II and Korea who were residents of Natick at the time they served in these conflicts.

In the past year the Trustees lost the valuable and dedicated membership of Charles H. Brady because of a change of residence; Mr. Brady was elected in 1958. We feel that the town is extremely fortunate to obtain the services of William F. Bigelow to fill Mr. Brady's position.

The Trustees are very grateful for the continuous support provided by the citizens of Natick. We are also grateful to the library staff for their cooperation and assistance to us in attaining the objectives of an excellent library program. We are especially thankful to the Head Librarian, Miss Elizabeth Partridge, for her untiring efforts on our behalf. We urge our fellow citizens to read her detailed report of the library operations which is printed nearby.

WILLIAM F. BIGELOW
WILLIAM M. CAREY

Recreation Superintendent

Recreation after many years of struggle for acceptance, sometimes being described as a "frill," a "luxury," etc., has finally become recognized as a basic municipal service and responsibility. Standing abreast with the Public Schools, the Police, the Fire Department, Public Works, the Library, etc.

Many of America's great leaders including President Johnson, former Presidents Kennedy and Eisenhower have strongly asserted that Recreation and the wise use of leisure can no longer be looked upon as a luxury, but must be viewed as a *basic human need* and, therefore, must be accepted (and it is being accepted) as a responsibility of government, at all levels.

Municipal Recreation services have traveled a long road forward from the days when Recreation was viewed either as the act of throwing a ball out to a group of boys or as a negative force in correcting of social ills. These two points still have great validity and value, but the need, importance and perspective of Recreation has taken on much broader and deeper meanings.

This newer more accepted role of Recreation is expressed very well in the following quotation of G. Ott Romney: "Recreation's purpose is not to kill time, but rather to make time live; Not to help the individual serve time, but to make time serve him; Not to encourage people to hide from themselves, but to help them find themselves."

Indeed there is a great difference between *existing* and *living*. Recreation is one of the most vital forces helping to create this "Design for Living."

Police Athletic League winners pose with Sergeant Garvin

REPORT ON ACTIVITIES

Summer Playgrounds

Thirteen playgrounds, one less than in 1963, were operated last summer under the capable leadership of the Assistant Superintendent. The playground at Town Forest was discontinued and in its place a Natural History and Conservation Center was established. Interested children on each playground, as a group, visited the center twice for all-day programs under a very competent resource leader at Town Forest. The program proved quite successful, in fact the Recreation Office has received several calls from parents requesting a similar program be organized for adults this coming summer. This is a possibility. Interested parties are asked to call the Recreation Office.

Under a capable and enthusiastic staff the playgrounds enjoyed a fine year. A siege of bad weather, however, caused a slight drop in attendance. Playground activities were many and varied including sports, active games, quiet games, table games, informal dramatics, puppetry, music, dance, arts and crafts, etc. as regular activities, plus many special events. Special Days included Family Nights, Basketball Jamboree, a trip to the Carousel Theatre to view "My Fair Lady," Track and Field Day Championships and All-Town Tournaments. New events included a large field trip to the Trailside Museum at Blue Hills and a "Joseph Lee Day" to celebrate the birthday of the founding father of Recreation. Both of these turned out to be highlight events of the summer and will be continued annually.

Nine new pieces of playground apparatus installed by the Department's maintenance crew included: 2 basketball standards and backboards, 2 merry-go-rounds, 2 swing sets, 2 four-unit see-saws, and 1 16-foot slide.

In playground athletic league competition Coolidge was declared the Girls Softball Champions with five victories and no defeats. Cole defeated Whitney for the Junior Boys' Baseball title and Whitney went undefeated to win the Senior Championship. Whitney also won both the Senior and Junior Divisions of the Basketball Jamboree.

Memorial Beach

Memorial Beach, at Dug Pond, is the Recreation Department's largest single program. Attendance took a small drop, due to extremely bad weather in August, but the Beach remained a very busy spot.

Interest in the Swimming Instruction Program was overwhelming, over 2,000 children were registered for classes. The largest in the history of the program. We hope to employ an additional swimming instructor this next summer so that the size of classes can be reduced. The instructing staff did an excellent job under these very difficult conditions, this past summer. The instruction program was greatly aided by a group of dedicated and enthusiastic volunteers.

Accidents and rescues were at an all-time low due certainly in great measure to a capable Beach Staff.

There were two major and very popular additions at the Beach this summer. One addition was the installation of a clothes basket checking system (bathers will no longer have to leave their clothes or valuables on

Summer playgrounds sponsored by the Recreation Department provide many varied activities for our youngsters

the beach), the other addition was a large new styrofoam supported wooden raft constructed by the Department's maintenance crew. Repairs were also made to the bathhouse roof.

Tennis

Instruction for children was held each day at the Natick High School and Wilson Junior High School courts. The program at Wilson Jr. High was extended to a full day program in this, its second year of operation.

This very worthwhile program really mushroomed this past year with twice the enrollment of the previous year.

The program ended with a tournament between the High School and Wilson groups and the winners of this tournament then challenged and hosted the Framingham Playgrounds to the 1st annual Natick-Framingham Tennis Tournament.

Programs for the Handicapped

CAMP ARROWHEAD, Natick Recreation Department's Day Camp for the Physically Handicapped, enjoyed one of its most successful summers

under the direction of an excellent and very capable staff. Special credit should be given to over 80 wonderful teenage volunteers who contributed better than 12,000 hours of service as counselors at the Day Camp.

The program at camp consists of active, quiet and table games, arts and crafts, music, all of which are adapted to the individual capabilities of the campers. A large portion of each day is spent in the water for recreational and instructional swimming.

This program is possible only because of the Amputee Veterans Association generosity in allowing the Recreation Department the use of their property on Lake Cochituate.

INDOOR SWIMMING for the handicapped is conducted for two 10 week periods (Fall & Spring) by the Recreation Department at Babson Pool in Wellesley. This is a very well received program; swimming has excellent therapeutic value for the handicapped. It is our good fortune to be blessed with a fine staff, aided greatly by very dedicated volunteers. All this has produced an outstanding program.

Transportation for MENTALLY RETARDED Children to the Framingham Day Camp was provided by the Recreation Department.

Outdoor Basketball League

This very popular program, which had been operated in previous years at Coolidge Field, was played this past summer on the larger, new, lighted Whitney Field Court.

The "senior" league is composed of Natick High School Age and College Age youngsters. The P.A.L. League is made up of Junior High School Age boys.

Senior Citizens Club

This very active and respected group's membership increased to 275 this past year. The group meets the 1st and 3rd Wednesday of each month during the fall, winter, and spring months at 1:30 P.M. in Sherrill Hall. This past summer, as in previous years, the Senior Citizens Club sponsored numerous field bus trips.

Fall-Winter-Spring Children's Programs

These programs all produced increased attendance this past year; they include Junior Flag Football for Junior High School age boys, Elementary age Boy's Flag Football, Elementary age Girl's Soccer, Elementary Age Basketball, Junior High Age Basketball, Girl's Recreation for Elementary and Junior High age Girls, Children's Theater, Elementary age Boys & Girls Volleyball, Elementary age Boy's Baseball and Track, Elementary age Girls Softball and Track, High School age Boys and Girls Gymnastics, Boys and Girls Swimming.

Adult Programs

All adult Recreation programs are, by tradition, self supporting. Adult programs conducted this past year include Men's and Women's Badminton, Men's Volleyball, Men's Basketball, Men's and Women's Golf Instruction,

Men's Slo-Pitched Softball, and the popular Adult Hobby Classes which include: Sewing, Advanced Dressmaking, Cake Decorating, Bridge, Oil Painting, Mosaics, Rug Braiding, and Women's Slimnastics. All of these programs showed substantial gains except the Men's Softball program.

The adult citizens of Natick are beginning to look for more and better ways of spending their leisure time.

NEETEGA

This wonderful group of High School age boys and girls reached a milestone this past summer — for the first time Club membership for one year reached 1000. This group, supervised by the Recreation Department, not only conducts dances (indoors in the winter and outside on lighted courts in the summer), and other social events, but also participates strongly in Community Service Projects such as providing Recreation services for Nursing Homes, fund raising for the American Field Service foreign exchange student, fund raising for the 4th of July Celebration and funds for the building of a Community Center.

Neetega young people turn over proceeds of their Tag Day to the Fourth of July Committee

A LOOK TO THE FUTURE

Areas and Facilities

Approximately 50% of the chainlink fence at Coolidge Field was painted last summer by the Department's Maintenance Crew; this year we hope to complete the project.

The stone walls of Hunnewell Field and Shaw's Park have deteriorated and this past summer repairs were made to approximately 40% of the walls. The Recreation Commission has introduced an article for the Annual Town Meeting proposing completion of this project.

The Commission is also introducing an article proposing the construction of a much needed Multi-Purpose, hard surfaced area on the northern Pleasant Street skating area in South Natick. The area in the Spring, Summer and Fall would be used for tennis, basketball and other group games, with the possibility of single wall handball in the future. In the Winter the hard surface could be used for ice skating.

An item not on this year's schedule, but a definite need for next year is a new pier at Memorial Beach. The present steel pier, with its heavy usage and natural wear over the last eight years, has deteriorated so badly that for the last several years we have been able to use only 60% of the original structure. The portion still in use is so deteriorated that it will be difficult to survive this summer, and impossible to use in 1966.

Programs

A central teenage boys playground stressing all phases of athletics is planned for this summer at Coolidge Field. With most boys 13-17 unable to obtain summer jobs there is a great need for such a program.

It would seem that Little League, Pony League, and the playground baseball leagues quite adequately fill the baseball needs of the young children of Natick so, therefore, this spring the Elementary Age Boy's Baseball Program will be dropped and Soccer, a much more active sport, will be introduced in its place.

A Summer day camp for the mentally retarded child must be considered in the very near future. The State Department of Special Education would reimburse Natick 50% for the operating cost of such a program.

CONCLUSION

My job, these first few months, as Superintendent was made much easier as the result of the excellent help and cooperation of many people: I owe a great debt of gratitude to all Town Boards, Committees, Commissioners and Departments. To the Recreation Department's excellent full-time and part-time staff I also am indebted. My thanks also for the help and patience of a dedicated Recreation Commission.

STEVEN R. BLINN, *Superintendent of Recreation*

Board of Health

Contagious diseases reported in 1964 as follows:

Bacillary Dysentery	7
Chicken Pox	390
German Measles	249
Infectious Hepatitis	2
Measles	29
Meningitis	1
Mumps	355
Salmonella	14
Scarlet Fever	16
Tuberculosis	7

No cases of Anthrax or Tetanus were reported for 1964

Home visits made and releases given to 1211 students. For the past seven years Chicken Pox has been more prevalent than any other contagious disease. The number of out-patients brought to the Middlesex County Sanatorium for x-rays and other diagnostic services totaled 172. The number of active cases of Tuberculosis reported for 1964 was 5: five of which were pulmonary.

A total of 9085 Tine Tests were done on all School Children including Public and Private Schools — Parochial and Walnut Hill School — whose parents signed permission slips. School personnel were also included in this program. From this total, 88 adult reactors and 19 children who were positive were found. All were followed through at the Middlesex County Sanatorium and all 19 children were put on chemotherapy for one year. Physicals and chest x-rays are given to these patients every 3-4 months.

Nineteen Well Baby Clinics were held in 1964. A total of 264 babies participated and 89 new registrations were entered. Diphtheria, Whooping Cough and Tetanus were given to 122 babies. Polio Vaccine (Salk and Sabin) given totaled 128. A total of 51 babies received Small Pox Vaccination.

There were 41 premature births reported to the Department for 1964 of which three were stillborn. Four families applied for aid and aid was granted to two.

The Natick Board of Health and the Natick Lions Club jointly participated again this year in a Glaucoma Detection Clinic. A total of 174 Natick residents were checked for this insidious disease. Twenty-one (21) were referred to their Ophthalmologists for further examination. Two positive cases of Glaucoma were found and 3 suspicious cases were found from the 21 referrals.

In May, this Department with the cooperation of the Middlesex Tuberculosis Association participated in a chest x-ray program at the Natick Armory. At this Home Show Program sponsored by the Rotary Club of Natick, 705 residents were x-rayed. Abnormalities were reported to their private physicians.

The following permits and licenses were issued in 1964:

General Licenses (Day Nurseries, Rubbish,	
Keeping of animals)	50

Removal or Transport Garbage or Offal	9
Septic Tanks	74
Burial Permits	233
Methyl Licenses	4
Milk Licenses (store)	78
Milk Licenses (vehicle)	17
Oleomargarine	22
Camps, Cabins, Trailer Coach Park and Motels	7
Massage	8
Beverages	1
Mfg. Ice Cream Frozen Desserts	4
Funeral Directors	6
Swimming Pools	20
Rubbish (residents)	2,980
Rubbish (trucks)	365
International Certificates of Vaccination	38

Fees collected and returned to the Town Treasurer for rubbish stickers amounted to \$2,657.50.

Our Veterinarian has inspected all barns and livestock therein. Through the office of this Department a total of eighty-four dog bites were reported. Thirty-one bites were reported directly to the office of the Inspector of Animals and subsequently investigated. Reports involving dogs licensed in Natick came from Boards of Health of surrounding towns, totaled eleven. This total of 127 dogs were examined and found to show absolutely no evidence of the contagious Rabies disease. The dogs were, therefore, released from quarantine after the prescribed ten-day confinement. One squirrel bite, two mouse bites, one ocelot, one hamster and one monkey bite were also reported.

The head specimens of five animals, of which two bats, one monkey and two dogs were sent to the Harvard Wasserman Laboratory, Jamaica Plain, Massachusetts for Laboratory diagnosis of Rabies. The Laboratory findings of the specimens submitted were negative.

The Annual Rabies Clinic was held in June under the direction of the Natick Board of Health and a total of 1153 dogs were vaccinated. The total income of \$564.25 was returned to the Town Treasurer.

All other regulatory matters were investigated and filed.

The Dental Clinic located in the Center School staffed by two Dentists and a Dental Assistant opened as usual in September with the school year. All children from grades one through six were examined. Dental notices were sent home to their parents for signatures on work required. This work could be done by their family dentist or by the dentists at the Dental Clinic.

Work at the Dental Clinic includes charting, fillings, x-rays, cleanings and the extraction of deciduous teeth when necessary.

The following is a breakdown of work done by the Dental Clinic for the year:

Operations	1841
Patients	785
Sessions	278

Fees collected and returned to the Town Treasurer totaled \$1,672.00.

The Health Department Laboratory under the supervision of our Health Officer was again certified by the State Department of Public Health. Approval is determined by up-to-date equipment and yearly qualitative and quantitative examination of samples submitted by the State.

Dug Pond, Lake Cochituate and Non-such Pond all tested within bacterial standard for swimming purposes throughout the summer. The Charles River swimming area again could not be approved because of its high bacterial count and color factor.

The following is a summary of the activities, excluding administrative duties, for the Health Officer for 1964:

Complaints (all types)	73
Consultations (drainage, disposal units, etc.)	130
Dairy Inspections	8
Final Inspections (disposal units)	43
Inspections (eating establishments, canteens, markets, etc.)	120
Inspections (day camps, nursing homes, etc.)	25
Lot Surveys	80
Milk Samples	88
Percolation Tests	1
Progress Inspections (complaints, disposal units, etc.)	140
Swab Tests	12
Water Samples (beaches and drinking)	82

The Mosquito Control Program is in operation throughout the year with weather permitting. Ditch cleaning is accomplished throughout the year which includes brooks, culverts, swamps and bog holes. This is done to prevent stagnation and breeding. The Town was sprayed a total of six times. Until the insecticide issue has been cleared by either Federal or State authorities, the use of D.D.T. or Chlordane has been discontinued. Instead, an organic phosphate — Malathione — is used. Swampy, stagnant water areas and the Town Dump were sprayed with oil. In areas too treacherous to be done by foot, the fog gun was used. The six large swampy areas in the town were dusted once by helicopter and sprayed three times during 1964. Dusting is done before the thaw season to prevent spring hatching. Dusting of swampy frozen areas is also carried out during the winter months by the Department's Mosquito Control foreman.

EDWARD R. TADDEO, *Health Officer*

REPORT OF THE TRUSTEES OF THE LEONARD MORSE HOSPITAL

The Trustees of the Leonard Morse Hospital once again express their confidence in the Medical Staff, Nursing Staff and all other Hospital employees who continually provide the best possible in-patient and out-patient care for the Inhabitants of Natick.

Again, despite the lack of proper space and some financial burdens, the Hospital continues its whole-hearted service to the Town according to the Will of Mary Ann Morse.

This past year the Supreme Court of Massachusetts handed down its decision that the Leonard Morse Hospital is the Town's, under the care and management of the Board of Trustees.

The service of the Hospital would not be complete without the aid of Town Departments, business leaders, civic and fraternal groups, the Leonard Morse Hospital Aid Association and volunteer workers of all ages.

The reports of the Administrator and the Treasurer follow and are to be considered a part of this report.

MARY R. LEAVITT, *Secretary*

REPORT OF THE ADMINISTRATOR

For the Hospital Fiscal Year October 1, 1963, through
September 30, 1964

The Comparative Statistical Report indicates a substantial increase in the pattern of Hospital activities for the past year but, as is true of all statistical data, fails to present a well-rounded picture of the many improvements that have been effected.

For example, the Inhalation Therapy Service was established for patients with respiratory illnesses and, frequently, for post-operative care. The end result is that those with such problems as asthma, emphysema and bronchitis have a shortened hospital stay.

Much has been added by way of equipment. Because of the generosity of an anonymous donor, both nurseries in the Maternity Department have been air-conditioned. In addition, twelve stainless steel bassinets were donated by the Leonard Morse Hospital Aid Association from part of the proceeds of the Annual Carnation Ball.

The most modern of operating tables for major surgery was also given to the Hospital by the Aid Association from the remaining proceeds of the Ball.

A device for sectioning tissue to tolerances of thousandths of an inch, called a Cryostat, was donated through the generosity of the Carling Brewing Company. This finely calibrated instrument enables the pathologist to supply a definitive diagnostic aid to the surgeon.

It is impossible to cite the many donations of money and other gifts from civic, fraternal, business, and social groups and the kindnesses of many individuals who, each in his way, helped make the stay of the patient more comfortable and pleasant.

May I express my personal thanks, as well as those of the Hospital, for the multitude of tasks performed by the Aid Association. Every patient will also testify to the many kindnesses of the Volunteers.

Our thanks, as always, are extended to the Police, Fire, and Public Works Department of the Town of Natick for the cooperation and many courtesies.

The substantial increase in the number of patients treated, employing the same limited physical facilities, is a tribute to all the members of the Hospital family, especially the skilled technicians, a loyal and devoted nursing staff, and our dedicated doctors.

ROBERT E. DORNFELD, *Administrator*

Civil Defense

The Town of Natick Civil Defense program has, as in the past, been geared to the National Fallout Shelter Program. In conjunction with this program, the facilities of municipal departments have been utilized as much as possible. This utilization along with volunteer participation has greatly increased the capabilities of the Civil Defense Agency.

The U. S. Army Engineers have surveyed all buildings in previous years and are shortly to begin an updating program in Natick. This program will bring our shelter capacity upward, due to new construction and improved areas. The goal is still to provide adequate shelter for the entire town.

The Emergency Operating Center, located in the basement of the Central Fire Station, has been completed. This center is capable of functioning in any emergency, war caused or natural disaster. Radio communications from this center cover Police, Fire, Public Works and State Civil Defense networks. To further implement these networks, funds are being requested, to purchase two additional transmitters/receivers. One of these will be used to complete the Medical Network between the Emergency Operating Center, Leonard Morse Hospital and the emergency hospital located in the Wilson Junior High School. The other set would complete the Shelter Network, between the EOC and public fallout shelters, utilizing the Citizens Band Network.

Matching funds under Public Law 85-606 have been received by the town during the year, for administrative and headquarters expenses, as have funds for communications projects. It is the policy of this department to purchase through matching funds, when possible to do so.

The town Warning System is now 80% completed, there being four (4) locations to be provided for, in order to have adequate coverage, for the entire community.

The 200-bed Emergency Hospital has been received by the town from the federal government. This prepositioned hospital unit, complete from

bandages to operating room, is located in the Wilson Junior High School. This addition to our medical facilities will increase the hospital capacity almost threefold. Personnel have been assigned to this facility to set up and operate it in the event it is needed.

The various training programs have progressed in a most satisfactory manner during the year. The School Department has conducted Civil Defense Adult Education classes in Personal and Family Survival to many townspeople. The Shelter Manager, Radiological, Medical Self Help, Auxiliary Police and Communications training programs are active and trained many persons during the year. One area of communications training that is becoming very active is the Citizens Band operators. A definite place in the program for this group has increased the overall communications capability of the Civil Defense. This group utilize their own equipment, and the cost to the town is minimal.

In conclusion I wish to thank all town departments and others in the town who rendered assistance and participated in the Civil Defense program. Without this assistance and fine spirit of cooperation the program could not have succeeded.

JEREMIAH J. HEALY, JR., *Director*

Industrial Development Committee

On June 16, 1964 the Town Clerk notified the subject committee members of their appointment by the Moderator, authorized under Article 62, Section H of the Warrant for the Annual Town Meeting of 1964. Mr. James H. Morris was designated as Temporary Chairman.

The organizational meeting of the Committee was held on October 28, 1964 and unanimously elected: Avery H. Stanton, Chairman; Alfred L. Connell, Vice-Chairman; Marvin R. Gould, Secretary. Committee meetings were also held on November 18 and December 9, 1964.

Through the courtesy of the press, owners of properly zoned Industrial and Commercial land have been requested to contact the Committee so that a complete listing of available land and buildings can be compiled; further, any individuals or company representatives seeking business sites are invited to meet with the Committee.

At the December 9th meeting representatives of Paramount Development Associates and Nordblom Company presented data on sites and facilities which they have available.

The Committee officers have met with the principals of the Fifth Avenue Mall and Theatre Project, proposed for location on Route 9, to determine if this \$5 million project can go forward in Natick for completion in approximately two years when State Department of Public Works' plans indicate solution of the major traffic problems attendant to the vicinity of Route 9 and Speen Street. Subsequent communications to the Committee

from New Natick Corporation, released to the press (the Natick *Herald* 12-15-64 and *Suburban Free Press* 12-17-64) give the Committee reasonable optimism to hope that this potential addition to Natick's tax base may be realized.

AVERY H. STANTON, *Chairman*

MARVIN R. GOULD, *Secretary*

THE COMMITTEE:

JAMES H. MORRIS, *Chairman, Board of Selectmen*

JAMES N. LUTTRELL, *Chairman, Finance Committee*

CARLETON R. LEAVITT, *Chairman, Planning Board*

DANIEL J. O'LEARY, *Chairman, Board of Public Works Commissioners*

ROBERT A. HOWATT, *Chairman, Board of Assessors*

DR. FRANK A. EAST, *Chairman, Board of Health*

Other Registered Voters: EPHRON CATLIN, JR., BERNARD J. O'KEEFE,

ARTHUR L. GLYNN, ALFRED L. CONNELL, AVERY H. STANTON, MARVIN R. GOULD.

Natick Housing Authority

Pursuant to section 26U of the General Laws, the Natick Housing Authority, Town of Natick, Commonwealth of Massachusetts, submits herewith its Annual Report for the calendar year 1964.

For the past 14 years the fifty-two units of the Veterans Housing Project have been operating successfully inasmuch as they have provided modern low-cost housing for Natick veterans who would find comparable commercial rentals difficult or impossible.

The monthly rent is based on a percentage of the tenants' monthly income as follows: families with less than three minor dependents, 18% of their income; families with three or more minor dependents, 14% of their income.

Housing for the Elderly (Cedar Gardens)

On September 13, 1963, 44 new apartments for the elderly were added to the existing 48 apartments, making a total of 92 units to house the elderly of Natick whose income is low and static, and such a facility as Cedar Gardens is a great boon in their golden years. Preliminary plans are being drawn up for additional units since there is a substantial file of applicants and the need for this type of housing will certainly grow.

The Natick Housing Authority wishes to express its appreciation to all town departments and the veterans and fraternal organizations for their invaluable co-operation and assistance; a special expression of thanks to the Women's Clubs and Organization Auxiliaries who have so considerably feted and entertained the elderly at Fleming Hall in the Community Building.

At the annual meeting held in April of 1964, election of officers was duly held with the following unanimous choices:

Chairman	Dr. Vasil W. Petro
Vice-Chairman	William J. McDermott
Treasurer	Robert J. Ryan
Assistant Treasurer	Edward J. Odell
Member	John A. Grady

In February of 1964, Charles M. Winterson resigned as Executive Director and David I. Keniry was appointed to succeed him.

During 1964, the Natick Housing Authority paid to the Town of Natick \$1,872.00 in lieu of taxes.

DR. VASIL W. PETRO, *Chairman*

WILLIAM J. McDERMOTT

EDWARD J. ODELL

ROBERT J. RYAN

JOHN A. GRADY

DAVID I. KENIRY, *Executive Director and Secretary*

Dog Officer

As Dog Officer I respectfully submit my annual report for the period ending December 31, 1964.

Investigation complaints: 147. Lost dogs returned to owners, 69. Stray dogs captured and disposed of after the time limit by law, 93.

As Burial Officer during the year ending December 31, 1964, I was called upon to dispose of the following number of bodies which were killed by motor vehicles or died of disease or natural causes: Cats 97, dogs 78, skunks 83, squirrels 42, muskrats 14, birds 85, raccoons 36.

POMPILO ZULLO, *Dog Officer*

Teachers go to school, too!

Planning Board

In 1964 the Planning Board continued to hold its regular meetings on the second and fourth Mondays of the month. This facilitated conferences with other boards and the Town Counsel. In addition four Public Hearings and seven special meetings were held. The members also attended sessions of the Massachusetts Federation of Planning Boards, the Framingham Area Association of Planning Boards and the Board of Appeals, as well as a number of hearings at the State House.

Although only one subdivision reached final approval this year, there are several others in various parts of the town presently in process. The Board expects that most or all of these will complete the requirements for approval during 1965. The Planning Board has continued its policy of requiring approval by the Board of Public Works and Health Department before granting its own endorsement.

The Board continued to review all appeals for variances and to render an opinion in those instances in which it felt it to be in accordance with its responsibility to the Town.

A subcommittee of the Board carried on its work to eliminate the inconsistencies in the Building Code and Zoning By-law. Its work was delayed by the resignation of Mr. Raymond E. King. This vacancy on the committee has subsequently been filled by the appointment of Mr. David Elovitz. It is anticipated that the results of its labors will be the subject of a Special Town Meeting.

In the spring of 1964, the matter of changes in the traffic patterns for Route 9 reached a crisis stage with the publication of a proposed layout of traffic flow and regulation. As a result of the furor created by this plan, a meeting was held in June with Governor Peabody, Representative Burke, Robert Springer, representatives of the Massachusetts Department of Public Works, the Natick Selectmen, the Natick Police Department, the Safety Committee, Natick Public Works Department and the Planning Board in attendance.

Following this meeting a Route 9 Study Committee was formed, consisting of representatives of Framingham and Natick. The Planning Board named Marshall Lebowitz as its delegate. During the deliberations of this committee, the need for professional advice became apparent, and the firm of Charles E. Maguire and Associates was employed for this purpose. Since no other Board nor committee had funds immediately available to pay for this assistance, the Planning Board voted to pay the consultant from its Professional Planning Funds.

In the fall, Chairman Carleton R. Leavitt was appointed to the newly reorganized Industrial Council as the Planning Board representative. Other Board members have additional assignments: George T. Hazen serves on the Town Meeting Map Committee, and Charles M. Harden on the Program Committee of the Framingham Area Association of Planning Boards.

The Board has prepared articles for insertion in the warrant for the Annual Town Meeting of 1965, which relate to multiple residence districts and the storage of junk cars.

A new filing system was organized, under the guidance of Mrs. Betty Bishop, which is cross referenced in three ways: owner's name, street location, and Assessors' Map and lot number.

The Planning Board wishes to express its appreciation to Town Counsel and the other Boards and departments for their cooperation and assistance.

ELIZABETH A. BRANSFIELD, *Secretary*
GEORGE T. HAZEN
MARSHALL LEBOWITZ

Building Department

<i>Year</i>	<i>Employees</i>
1964	2 regulars 3 deputies

The Building Department issued a total of 1296 permits and received in fees the sum of \$9,292.75, this amount turned over to the Town Treasurer. The permits were broken down as follows:

New Building	87
Alterations	256
Electrical	396
Gas	284
Plumbing	273

Industrial and commercial building has been progressing rapidly. Continental Baking is completed and operating. We have Sears Roebuck, Filene's and Eagerman Bakery among the larger stores planning to open early in 1965.

Also the former Castalloy plant is being converted to an office building and linoleum center. Progress there is rather slow due to the complete change in the building. Several of our commercial buildings have expanded in size.

Mrs. Marjorie Circle has resigned as Secretary to the Building Inspector and to the Board of Appeals. Mrs. Circle has served the Town at the Building Department for seven years and has made a host of friends. We all miss Mrs. Circle and hope she recovers rapidly.

Mrs. Marion McCarthy has taken over the duties as Secretary to the Building Inspector and the Board of Appeals.

CHARLES H. MORRIS, *Building Inspector*

Committee Reports

HIGH SCHOOL ADDITION BUILDING COMMITTEE

The High School Addition Building Committee was appointed by the Moderator under the authority of Article 28 of the 1964 Annual Town Meeting. This article appropriated \$75,000 for the purpose of obtaining final working plans, specifications, and bids for the construction of an addition to the present high school.

The committee met and organized on March 26, 1964. The first few meetings were devoted to an examination and study of the educational specifications and to establishing a procedure for the selection of an architect. The committee screened a total of 19 architectural firms who had expressed an interest in this project. From the group, 10 were invited to appear personally for an interview. Final choice of the committee was the firm of Smith, Sellew, and Doherty, Architects and Engineers, of Boston, Massachusetts. This team had worked on the design of the original school. The contract with the architects was signed on April 28, 1964 after its form was approved by the Town Counsel.

The committee has met many times to develop the final details for the building and to assure that they would fulfill the educational specifications established by the School Department. In addition, three meetings were held with the Town Finance Committee and two meetings with representatives of the Massachusetts School Building Assistance Commission. The final plans were approved by the latter during November.

Bids for the general contract were opened on December 1. Low bidder was Morris & Son Construction Corporation of Lowell, Massachusetts. On December 17 a Special Town Meeting appropriated \$2,378,138 for the addition and \$62,842 for remodeling the existing structure. The contract documents for the construction will be signed in early January, and the work will commence in the spring of 1965.

The committee appreciates the cooperation received by the various town departments and requests that the annual Town Meeting approve the continuation of its efforts.

JOHN T. SCHOMER, *Chairman*
IDA C. EVANS

MILDRED G. PRUNARET
ROBERT C. YARDLEY

KENNEDY JUNIOR HIGH SCHOOL BUILDING COMMITTEE

The Building Committee, appointed under the authority of Article 28 of the 1962 Annual Town Meeting, has spent many arduous hours during the past year resolving several difficult problems to the end that construction of the school would proceed as expeditiously as possible and at the same time stay within the original budget estimates. In 1964, also, specifications were prepared, bids were received, and contracts were awarded for equipment and furnishings.

At the time this report is written the building is considered to be about 80% complete. Every effort has been made to have the school ready for occupancy in January 1965. A deterrent to meeting this target date and a

problem of concern to the Committee has been the shortage of manpower in the skilled trades, apparently because of the tremendous amount of current construction in Eastern Massachusetts. Because of this, a delay of several weeks in the occupancy date can be expected.

Of extreme value to the Building Committee in 1964 has been the co-operation of the various town departments, especially Public Works, Fire, School, and the Town Counsel. Without their valuable advice and assistance the work of the Building Committee could have been retarded.

TOWN MEETING MAP COMMITTEE

This Committee was appointed under Article 20 of the Annual Town Meeting of 1958 and met several times during 1964 for the purpose of preparing a three-colored map for the annual town meeting.

Several special town meetings were also held during 1964, but as only one article of the first special meeting required map indication, and since both time and money were limited, we again sought and received permission of the high school staff to use their opaque projector to illustrate the article in question.

The Committee feels this map and map service are helpful to all town meeting members, and again respectfully request that a sum of \$200.00 be approved for their use.

BACON FREE LIBRARY MAINTENANCE COMMITTEE

The Committee appointed under Article 12 of the third session of the annual town meeting, March 27, 1956, for the maintenance of the Bacon Free Library is pleased to report that the stairs on left of entrance have been repaired, the lower hall ceiling has been patched, the entire entrance hall has been painted, and a large closet has been patched and painted and is to be used for janitor supplies. The iron fence around the library grounds has been repaired also.

The Committee requests the acceptance of this report of progress and asks to be continued.

ARNOLD W. HUNNEWELL, *Chairman*
MARION PFEIFFER

ALICE H. WILLIAMS, *Secretary*
CHARLES H. PFEIFFER

ROBERT W. EISENMENGER

RECREATION CENTER COMMITTEE

The Recreation Center Committee has continued to make inspection trips to recreation centers in other communities, such as Winchendon and Lexington. These trips have been undertaken at no expense to the town. The committee was particularly impressed with the facility in Leominster, where a former motion picture theatre has been converted into a center with a number of meeting rooms and even a swimming pool.

The committee wishes to acknowledge with thanks the co-operation of the Community Center Organization of Natick, which furnished the committee, again at no cost to the town, with a professional survey of Natick's recreational needs. This is the survey which was previously requested of town meeting. The report was prepared by the National Recreation Association, the leading professional organization in the field. It declares that there is a need in Natick for a center, since most of the gymnasium spaces, designed for active use for one school class at a time, are not sufficient for the recreational needs of the various neighborhoods, and are already almost completely utilized. The NRA also felt that much more could and should be done for young adults and senior citizens, as well as youngsters, with a recreation building.

The committee has interviewed certain professional fund-raisers, and has been informed by them that a town of Natick's size and economic level could very reasonably be expected to support a professionally-led drive for a recreation building. It is planned to make further studies of fund-raising methods, locations and facilities most needed. The committee is now studying the NRA report, which was issued only a few days before the deadline for committee reports. To complete these studies, the committee would like to be continued.

JAMES ARGIR

MURIEL MANROS
HY FINKELSTEIN

HENRY WILSON SCHOOL BUILDING COMMITTEE

The situation regarding the Wilson Junior High School continues in the hands of the town counsel.

On May 7, 1963 the general contractor filed an action law in Middlesex County against the Town in which he seeks extra compensation for work which he alleges to have performed.

Until this matter is finally resolved, we believe that the committee should be continued.

ALVIN W. CRAIN, *Chairman*

GEORGE M. ROGERS

EDITH TRIPP

SIDEWALK STUDY COMMITTEE

The Sidewalk Study Committee was established under Article 35, Section g of the Annual Town Meeting, 1962, and continued at the Annual Town Meetings of 1963 and 1964, for the purpose of studying the necessity of sidewalks on main roads and in the vicinity of schools.

The last two Annual Town Reports included the Committee's recommendation to promote safety by constructing sidewalks, as follows: On the west side of Mill Street from West School to West Central School. On the west side of Speen Street from opposite Purington Avenue to the railroad bridge. On the north side of West Street from Oakland Street to Campus Drive.

In the 1963 Annual Town Report, also recommended was sidewalk construction on the east side of Mill Street from Hartford Street to the railroad bridge.

These recommendations are the subject of an article for the warrant of the 1965 Annual Town Meeting since they are urgently required due to the heightened traffic hazard attendant on the constantly increasing volume of vehicular and pedestrian usage of our roads. The Committee believes that the increased urbanization of Natick requires these sidewalks now as a minimal safety precaution.

The Police Department and the School Committee have endorsed these safety measures and the Board of Public Works has provided plans and cost data for construction of the sidewalks.

The Sidewalk Study Committee is studying the need for sidewalks at the Pine and North Main Street area and on Speen Street between West Central and Pond Street. Also, the Committee is following up on its prior recommendation that consideration be given to providing the Department of Public Works with additional sidewalk snow plows and operators to expand the sidewalk clearing after snowfalls.

The Committee respectfully requests that this report be accepted and, in order to continue this study as well as to assist in implementing these recommendations, asks that it be continued.

VIRGINIA TARTAKOFF

DOWNTOWN CHRISTMAS DECORATING COMMITTEE

Meetings of this Committee were held throughout the year following the Annual Town Meeting. Methods of decorating and types of decorations used in other towns were studied by various members. Consultations held with professional decorators convinced the members that the hiring of such people would not be to the best interest of the Town. The fact that the equipment would be rented coupled with the yearly costs involved made it obvious that it would be less costly by a considerable amount for the Town to buy and install its own decorations. The latter is only true if the co-operation of the Fire Department and the Fire Chief are as available as they were this year.

Equipment used in previous years, such as the candles and stringers over the streets, were found to be virtually without salvage value. Rather

than replace these items it was determined that we should establish a new pattern of decorating. Certain trees were decorated as in the past with some changes in the ornamentations and a "Children's Tree" was decorated on the Common. Light pole decorations were purchased for fifteen light poles. It is the opinion of the Committee that the Town should plan to purchase approximately fourteen additional pole decorations each year. In this manner all the poles in the immediate downtown area would be decorated in three years. The life expectancy of this type of outdoor decoration is three years. This would mean that the Town should plan to continue these purchases year in and year out. Based upon this year's costs we believe that an appropriation of \$2,000.00 each year will cover all costs. This method of replacing one-third of the decorations each year gives a certain flexibility in that a change in the type of decorations could be accomplished over a given period of time while the Town would be decorated each year and the costs would remain relatively constant.

It is our recommendation that this Committee be reappointed each year. It is further recommended that some members be replaced each year by new members in the hope that fresh ideas will be advanced along with maintaining the continuity of design and purpose of the decorations by the Committee in the best interests of the Town.

CENTRAL EQUIPMENT PURCHASING COMMITTEE

The committee originally appointed and organized as the Central Equipment Purchasing Committee to carry out the procurement of new equipment for the designated town departments was continued under Article 17 of the Warrant for the Annual Town Meeting of March 10, 1964.

Appropriation balance of 1963	\$ 1,265.00	
Appropriation of 1964	105,160.00	
		\$106,425.00
Less Purchases and	\$ 62,247.66	
Encumbered Purchases	39,667.00	
		\$101,914.66
Balance returned to Revenues		\$ 4,510.34

Purchases were made in accordance with Article III (a), Section 1 of the Town By-Laws. All designated purchases were effected.

Mr. Edwin C. Williams left the Committee due to a change of residence. Mr. Richard H. Knight was appointed to fill his vacancy.

The Committee requests that it be continued and that the sum of \$303.00 be provided to cover typing, postage and advertising expenses.

RICHARD H. KNIGHT

OAK PARK MANOR, OAK STREET AND BACON STREET AREA SEWERAGE STUDY COMMITTEE

The Moderator appointed a committee of five on May 29, 1963, on authority of Article 30 of the 1963 Annual Town Meeting to determine:

1. If a health problem exists of sufficient magnitude to require public sewers in the area described.
2. Whether the Department of Public Works should use a method of cost apportionment for the Jennings Pond and Oak Ridge Pumping Districts reflecting proportional costs to all existing and potential property owners who will receive benefit or advantage from common facilities such as force mains and pumping facilities within said districts.

Since the Committee's report in 1963, we have worked with the Public Works Commissioners in bringing an article before the Special Town Meeting, held on June 25, 1964, authorizing the Representative in the General Court to submit legislation permitting the Natick Department of Public Works to use the unit method of apportioning sewerage construction costs. This article was approved in principle by the Special Town Meeting and has since been submitted for the 1965 session of the General Court.

This Study Committee requested in 1964 that it be continued until State legislative action in regard to sewerage cost apportionment and Town Meeting action in regard to sewerage the Oak Ridge and Jennings Pond Pumping Districts were cumulated.

Under article 62, section I of the Annual Town Meeting, a Long Range Town-Wide Sewage Planning Committee was created to:

1. Establish a logical priority system for sewerage the Town of Natick during the next ten to fifteen years, and
2. Discover the most equitable system of assessment under existing law.

It is the desire of the Oak Park Manor, Oak Street and Bacon Street Area Sewerage Study Committee to be combined with the Long Range Town-Wide Sewage Planning Committee in reviewing the application of the unit method for future sewerage extensions in the Town. The Committee requests that this report be accepted and the Committee incorporated in a new eight-person Long Range Sewerage Planning Committee with the purposes of:

1. reviewing sewerage construction priority scheduling,
2. reviewing application of the unit method,
3. reviewing the financing of future sewerage construction, and
4. taking other action as necessary in further meeting the sewerage needs of the Community.

DANIEL J. O'LEARY

HOSPITAL NEEDS COMMITTEE

The Committee established by the Town of Natick to study the hospital needs of the Town presents the accompanying report.

It employed the services of E. Hampton Decker, a hospital consultant. He has studied the problems involved, in detail, and has developed his findings in a form helpful to this Committee in evaluating the problems which are the subject of this report. We believe his findings will be helpful to the Board of Trustees of the Leonard Morse Hospital and are making our detailed material available to them.

The accompanying report as submitted is, therefore, an answer to the five questions posed to the Committee and is a summary of the needs of the Leonard Morse Hospital. We believe the best interests of the residents of Natick will be served in fulfilling their health and hospital needs if the recommendations in this report are implemented.

The Committee wishes to thank all of those who contributed to the fulfillment of its assignment. In particular, we worked with the Board of Trustees of the Hospital, the members of the Medical Staff, the employees of the Hospital, the representatives of the Hospital Aid Association, all of whom were most cooperative.

It was a challenging and somewhat difficult task to come to grips with the problems involved in the Hospital and its operation. The Committee is satisfied that its findings are sound and in the best interest of the Town and its people.

With the submission of this report the Committee has fulfilled its assignment and asks to be dismissed.

JAMES E. VANCE

Answers to the Questions Given to the Hospital Needs Committee

I. The hospital needs of Natick: Inpatient and outpatient.

- a. The people of Natick utilize acute hospitals to approximately the same extent as people do as an average throughout the country. This country-wide average was 114.4 people per thousand, or one person of our eight who was admitted to a short term general hospital in 1963. There were 2,395 residents of Natick hospitalized at Leonard Morse Hospital in 1963, a figure which represents 55% of all patients who were in this hospital during the year. In addition 984 residents of Natick were hospitalized in the three nearest neighboring hospitals with some others hospitalized in Boston. There were, on the other hand, 455 residents of the towns in which the three hospitals are situated who were hospitalized in Natick.

The Leonard Morse Hospital also served many people as outpatients. This would be wholly true for the 5,049 emergency room visits in 1964, to a great extent true for the 5,693 physical therapy treatments given, and true to a lesser extent for the 64,880 laboratory tests conducted and 12,583 x-ray examinations made. The hospital therefore, fills the majority of the hospital and hospital related needs of the people of Natick.

- b. The physical plant of the hospital is of varying age. The four buildings which comprise the hospital building itself were built in 1899, 1917, 1936, and 1952. All are in good repair but, in many cases, are obsolete and inadequate to serve the people to the extent needed and as well as they should.

There are now 75 medical and surgical beds, 14 pediatric beds, and 25 maternity beds in the hospital. The Committee believes that there should be more beds available and the service units should be made large enough and modern enough to do an efficient job. Specifically, it believes the hospital needs of Natick can be met at the Leonard Morse Hospital by the following:

1. Provide approximately 120 medical and surgical beds in three reasonable equal sized nursing units including in the 120 beds an intensive care unit of 8 to 10 beds.
2. Rearrange all of the present nursing units, which will be incorporated into a new plan in order to provide more work, storage, service, and recreational facilities.
3. Provide approximately 20 beds for pediatric use in a separate unit with four single rooms for isolation and sufficient work, storage, toilet, treatment, play and recreational facilities to meet modern standards.
4. Maintain the present obstetrical facilities intact except for the minor changes which may be desired at the time of a construction project or those necessary to fit the unit into the total hospital.
5. Relocate, expand and up-date the emergency facilities.
6. Eliminate the use of the North Wing for any of its present purposes. If kept for other uses these should be such as to require a minimum of expenditure of money for renovation and not appear, or in fact be, an improvisation.
7. Tear down the present Administration Building.
8. If the present Boiler Room Building cannot readily and satisfactorily be enlarged to supply the additional steam production which new facilities will require, provide a new boiler room.
9. Enlarge and relocate the laundry and equip it to fulfill its function properly in a hospital with increasing activity. If the present location should be retained or a new one provided outside of the hospital building, a simple convenient, and sheltered means of access should be established.
10. Enlarge and relocate the surgical suite including the recovery room.
11. Enlarge and relocate the radiology department.
12. Enlarge and relocate administration.
13. Enlarge and relocate the dietary department.
14. Enlarge and relocate the central storage area.
15. Enlarge and relocate the clinic area.
16. Provide for a more adequate housekeeping center.
17. Provide facilities in or connected with the hospital for maintenance work.
18. Provide for adequate employee facilities.
19. Enlarge and locate in a convenient location a new laboratory.
20. Provide larger quarters for physical therapy more convenient for outpatients.

21. Provide a larger quarters for pharmacy in a convenient location to give service.
22. Establish a central sterile supply in a convenient location.
23. Provide a clean linen center in a convenient location in the hospital.
24. Provide a properly ventilated and large coffee shop and/or with a gift shop.
25. Provide a new patient library in a convenient location.
26. Provide an area for the convenience of volunteers.
27. Provide a meeting room of sufficient size to meet the needs of the hospital which will be separate from the doctors' lounge.
28. Enlarge the parking lot sufficiently in order to meet the needs of a large hospital.
29. Provide a garage for any gasoline operated vehicles or mowers.
30. Provide zoned heat in the present structures kept in use and heat controls in any new buildings.

II. The possible value of a Regional Hospital.

- a. Normally, there are considered to be extra values derived from a group of communities being served by one large regional hospital rather than by several smaller hospitals in different communities. These values are primarily in the greater likelihood that such a facility will attract better physicians to the area and broaden the medical specialties available. Usually these larger, more complex facilities are more expensive to operate but are justifiable because they make unusual diagnostic and therapeutic skills and facilities available which otherwise would not be. As a community which is close to Boston, one of the world's greatest medical centers, Natick does not have this problem. Natick's problem is to attract well qualified physicians who can provide for the major health needs of the people and who are able and willing to use the superb facilities and skills in Boston when necessary.

One of the practical problems of developing a regional hospital in this area is that both Newton-Wellesley Hospital and Framingham Union Hospital represent a very considerable investment so that it is inconceivable that either could abandon its present physical plants. Needham has completed plans, approved an \$850,000 bond issue and has been granted \$400,000 under the Hill-Burton Program to enlarge and improve Glover Memorial Hospital. At this point, it would be almost impossible for them to abandon these commitments and their existing hospital and raise even more money to invest in a hospital outside of Needham. In any of these cases, the means to provide 150 additional beds and services as a replacement for Leonard Morse Hospital would present a staggering financial problem without offering commensurate improvements in the quality of medicine available to the people in the area.

Since the major values a large regional hospital might offer Natick and the surrounding communities are already present to an even greater degree in Boston, and since none of the neighboring hospitals would be in a position to abandon their present plants in favor of a new combined one, the only way a regional hospital

could be achieved would be to close the Leonard Morse Hospital coincidentally with the addition of an equal amount of facilities being made available in one of the existing hospitals at even more cost than improving and enlarging the Leonard Morse Hospital. It is the belief of this committee that the closing of Leonard Morse Hospital in favor of adding the equivalent facilities to one of its neighboring hospitals at a greater expense than enlarging and improving Leonard Morse Hospital would not help the medical resources of the area and would be detrimental to the efforts of the Town of Natick and its people in making good medical and hospital care available to its people.

III. The Question of a Full-time Resident Physician.

It is highly desirable to have full-time physician coverage available in a hospital. It is often difficult to achieve. There are two methods by which this can be accomplished.

- a. Some hospitals maintain approved teaching programs and thus have interns and residents on duty or on call at all times. Developing a teaching program which will secure and maintain approval is very difficult but it is even more difficult for most approved hospitals to fill the positions with qualified interns and residents. The fact is that there are many more positions available than there are people to fill them and that few non-university hospitals are able to fill all their positions. Operating an approved teaching program is extremely expensive.
- b. The alternative is to employ physicians who are able and willing to accept employment as house physicians. It is difficult to find such men and their financial requirements are high.

The Trustees of Leonard Morse Hospital are making efforts to supply full-time coverage by the second method and do now have such coverage over weekends. They hope to increase this coverage as they can find qualified people. The committee believes they should continue their efforts in this direction.

IV. Other Hospital Facilities Available in Surrounding Communities.

The Framingham Union Hospital in Framingham has 210 beds, the Newton-Wellesley Hospital in Newton Lower Falls has 250 beds, the Glover Memorial Hospital in Needham has 70 beds and the Marlborough Hospital in Marlboro has 103 beds. In addition to this there are a great many hospitals in Boston. The surrounding communities with hospitals have felt the same pressures and needs for expansion of hospital facilities that Natick is now feeling. Newton-Wellesley has improved and expanded in recent years, Framingham Union has also. Glover Memorial has an expansion and improvement program in process. Marlborough Hospital has been expanding and Waltham Hospital has just completed an expansion program. These programs have been to fulfill needs and even now some of the hospitals which only recently have completed projects are beginning to feel a need to develop plans for further enlargement. In the event that the question as stated means to ask the additional one of whether or not these

surrounding hospitals could absorb the patients now using Leonard Morse Hospital, it is quite apparent to the committee that they cannot do so in their present plants. One or more of them would have to expand greatly and coincidentally with the closing of Leonard Morse Hospital or patients from this and other communities would suffer inconveniences and perhaps not be able to gain admission for care when needed. There are not enough extra beds or services in all of them together to provide for the patients now being cared for at Leonard Morse Hospital.

V. The Emergency Admission Needs and Such Other Aspects of the General Question as may bear upon the Future of the Leonard Morse Hospital.

The emergency admission needs of the Leonard Morse Hospital are growing. There were 5,049 cases treated in the Emergency Room during the hospital's most recent fiscal year. Fortunately the majority did not require admission to the hospital but some did. For this reason almost all hospitals must have some bed facilities available to care for emergency needs. This hospital can only do so by holding empty some beds in patient rooms or by using the corridors since they have no solariums or waiting rooms into which they can expand if necessary. Neither can they add beds in any of the present rooms because of space limitations.

There are not enough facilities presently available in Leonard Morse Hospital to care for the normal emergency admission needs of the people depending on this hospital. A disaster would literally swamp the one small emergency room available and would do the same to the patient bed facilities. Both the emergency care and the bed area should be expanded and solariums and waiting rooms should be added, not only for patient and visitor comfort and recreation but as an area available to house patients under severely crowded or emergency conditions.

It is the belief of the committee that the Leonard Morse Hospital provides an invaluable asset to the Town of Natick and that the needs of the residents cannot be met by neighboring hospitals at this time or in the foreseeable future. It is their belief that the size of the hospital should be increased and the quality of its physical plant should be improved.

It is their belief that as the hospital upgrades its physical plant, the Medical Staff should review its obligations, duties and procedures with a view to developing itself individually and collectively to better serve the people of the community. They also believe that the trustees, who are fully responsible for the hospital in all its aspects, should constantly seek ways of improving the hospital's operations and services. It is by such a three-pronged effort, physical, medical and operational, that the people of Natick can be best served in their health needs.

APPRAISER STUDY COMMITTEE

Chairman's Report

The Appraiser Study Committee has not met since the last town meeting at which time it was voted to continue this study. I earnestly hope it will be continued for another year because there are definite needs in this area.

I alone bear the responsibility of not calling the committee together. It did not have a full complement of five men after our learned secretary, Mr. Edwin C. Williams, moved away, and with the many problems facing the two-man working Board of Assessors I, as Chairman of the Board, had to put first things first — namely my elected obligation and the immediate assessing problems. Time did not permit the continuation of this study which requires much concentrated research and effort.

Our town has grown rapidly in recent years and its needs are changing also. I recognize the value of a thorough appraiser study now more than ever before and can, with the help of the committee, make a thorough study and give a sound presentation before the next annual town meeting.

Respectfully submitted, ROBERT A. HOWATT

APPRAISER STUDY COMMITTEE

Minority Report

The Appraiser Study Committee was authorized by the Annual Town Meeting of 1962 to consider the question of hiring a full time appraiser and to see whether other assessing policies should be revised. Majority and minority reports were submitted to the Annual Town Meeting of 1963 on the question of revising assessing policies to either the 1963 or 1964 Annual Town Meeting. A motion to continue the committee's existence was made at the 1964 Annual Town Meeting was approved by the Town Meeting members, although opposed by Mr. Robert Howatt, Committee Chairman and a member of the Board of Assessors. To date Mr. Howatt has not held a meeting of the Committee to study the need of revising assessing policies.

In view of the failure of the Chairman to perform his duties and his opposition to the study of the question of assessing policy revisions, I feel that his resignation as a member of the Committee should be requested and the committee reorganized in order that the mandate of the Town Meeting may be carried out.

FRANK A. PIKE

TOWN BY-LAWS STUDY AND REVISION COMMITTEE

The purpose of this committee according to the article under which it was created in 1958 is "to study and revise and recommend a rewriting and recodification of the Town By-Laws." With the extensive work that previous committees have completed, the present committee feels that within a year a special town meeting can be called to accomplish this purpose.

Since the last by-law supplement was printed in 1958, many additions

and deletions have been made in the by-laws. In order for town meeting to have an up-to-date copy of the by-laws in hand with which to compare the revised by-laws, the Committee had printed an inexpensive copy which will be available for the Annual Town Meeting of 1965.

EILEEN M. CORNELL
MARSHALL LEBOWITZ

FRANCIS E. SULLIVAN
WILLIAM J. FLEMING

TOWN MEETING SITE STUDY COMMITTEE

On Sunday, March 8, 1964, three buses carrying eighty-three dedicated Town Officials and Town Meeting Members left the High School at 2:00 P.M. to view twenty-seven sites under consideration in the Town Warrant.

Information on each of the sites was provided by representatives of Town Boards sponsoring or concerned with the related articles.

In cases where officials were absent, presentations were made by informed Town Meeting Members.

A more educated group of Town Meeting Members concluded the tour at the high school at 4:15 P.M.

Total expenditures for the year equalled \$75.00 for the three buses.

JOHN K. CARR, *Chairman*

MARY PIPE

OSCAR A. ZULLO

LONG RANGE TOWN-WIDE SEWAGE PLANNING COMMITTEE

Article 62, Section I of the 1964 A. T. M. authorized the Moderator to appoint a committee of five to:

1. "Establish a logical priority system for sewerage the Town of Natick during the next ten to fifteen years," and
2. "Study past sewage costs and projected sewage costs to discover the most equitable system of assessment under existing law."

The Committee has had the much appreciated assistance of the following Departments and individuals:

1. Natick Department of Public Works — Mapping and cost calculations
2. Natick Health Department — Report indicating need for sewerage extension and map of problem areas
3. Natick Town Accountant — Advice on Financing
4. Natick Treasurer — Advice on Financing
5. Mr. Ward — Town sewerage engineering consultant — Advice on existing sewerage and M. D. C. connections
6. Mr. Vermilya — Former Director of Finance, Stratford, Connecticut — Advice on use of the unit method.

Order of Priority

The Committee has reviewed the unsewered pumping districts as described in the 1957 Report of the sewerage engineering consultant for the Town:

1. The density of existing housing and that permitted through the Zoning By-Law

2. Age of housing
3. Soil conditions
4. Number of septic system pumpings by address
5. Replacement or additions to on-site septic systems
6. Sewerage costs for pumping districts by special and general benefit facilities.

The Committee concludes that the following order of priority for sewerage extension by pumping districts is desirable in the next five years:

<i>Project Number</i>	<i>Pumping District</i>	<i>Approximate Location</i>	<i>Construction Period</i>
1	21 Oak Ridge	East Natick	1965-67
	22 Jennings Pond		1965-67
	23 East Natick		1965-67
	24 Overbrook		1965-67
	37 College Pond Area		1965-67
2	18 South Natick	South Natick high-density area	1968
3	36 Lake Shore	North Main west to Lake	1969
	3 Vesta Road	Cochituate and Route 9 north to Mass. Turnpike	

Due to the low density of population in the remaining unsewered pumping districts, the Committee has concluded that it would be premature to establish an order of priority for sewerage extensions beyond 1970 for these particular pumping districts. Priorities are being established for extending trunk lines to serve potential developments and streets within sewer districts which have yet to be sewer.

The Natick Department of Public Works has submitted an article for Town Meeting adoption of a Sewerage Construction Priority Policy for the next five years reflecting this Committee's priority schedule. Unless a serious health problem should occur to change this order of priority, the Natick Town Meeting and Finance Committee will have a program to follow indicating not only priority but approximate costs which can be incorporated in the Town's capital improvement program. A second article has been filed by this Department for sewerage East Natick within the next three years. Several pumping districts were combined in this first project to distribute the costs of the large trunk main and pumping station on Route 9 which will be serving all of these pumping districts. Before applying the unit method it appears desirable in several areas to define the pumping districts more accurately. Engineering advice should be obtained to achieve the greatest economies in future extensions.

Cost Apportionment

The work of the Oak Park-Manor Sewerage Study Committee was reviewed and five different methods of apportionment were compared with the actual betterment costs now being assessed in an existing pumping district.

The Committee concluded that a modified unit method was the most desirable method of apportioning construction costs. Representative Burke

has filed the necessary enabling legislation and the Natick D. P. W. has submitted a T. M. article for adoption of a Sewerage Cost Apportionment By Law for the Town.

Financing

In establishing an order of priority for sewerage construction, pumping districts were combined in many instances so that costs would vary between \$250,000 and \$350,000 per annum which facilitates one contractor handling a project. If \$350,000 were spent per annum, it is anticipated the Town could be entirely sewered in fifteen years. The one exception to this proposal is the East Natick project where approximately 1.5 million dollars would be required over a three-year period. The assessments from property owners in this project could then be applied to forthcoming projects possibly eliminating the need for future sewer bonding. Since the Town would only be paying 25 percent of the cost of these projects, it is anticipated the average yearly impact on the tax rate would be one dollar based on current assessed valuation and costs.

The Long Range . . . Planning Committee request that this report be accepted and that the Oak Park Manor . . . Sewerage Study Committee be incorporated in a new eight-person Long Range Sewerage Planning Committee with the purposes of: 1) reviewing sewerage construction priority scheduling, 2) reviewing application of the unit method, 3) reviewing the financing of future sewerage construction and, 4) taking other actions as necessary in further meeting the sewerage needs of the community.

DR. FRANK A. EAST
RICHARD LONG

DANIEL J. O'LEARY

REDEVELOPMENT AUTHORITY STUDY COMMITTEE

This committee, established under the provisions of Article 52 of the Warrant for the 1963 Annual Town Meeting, met at regular intervals and studied the need for a redevelopment authority. From the outset, it was assumed that an appraisal by this committee of the need for a redevelopment authority would necessarily involve the ultimate acceptance or rejection of the applicability of the whole concept of urban renewal to the Town of Natick.

The conclusion reached by the Committee is that there is a considerable need for such a renewal program to obtain federal and state funds to aid in the revitalization of the central business district.

The age and condition of many of the buildings and the lack of parking in the center has led to congestion and a poor "image" of the Town to transients. The Comprehensive Plan of Natick, completed in 1960, and prepared for the Planning Board by Economic Development Associates, made a detailed analysis of the entire realm of community development. Included in these analyses was a Central Business District Plan. In addition to other studies, the results of an opinion poll were published with regard to the business district. High in the list of desirable improvements to the area was the consolidation of dispersed Town offices into a central Town Office Building. Other needs given primary consideration were the provision of additional off-street parking and improvements to the visual character

of the business district. After an appraisal of the physical characteristics of the business district and its surrounding area, it was a recommendation in the Comprehensive Plan that these needs were correctly identified and that a program of urban renewal, utilizing assistance from state and federal governments, represented the most economically and administratively feasible method of effecting a solution to the problems. However, the existing legislative framework within which urban renewal of the business district would had to have been accomplished in 1960 was inadequate, and no action was taken on the recommendations. It is important to note that subsequent state and federal legislation has substantially broadened and liberalized the scope of renewal and this framework is now quite adequate. This broadening of scope is especially important as the needs of the Town as identified in 1960 are still quite apparent in 1964.

While this committee did not limit its analyses to the central business district, it is significant to note that its ultimate conclusion was that community needs for revitalization did, in fact, center around the business district. The need for a centralized Town Office Building, additional facilities for Town protective services, the provision of additional shopper and employee parking, and possible revisions to the traffic pattern remain prime considerations. While privately sponsored commercial rehabilitation has been impressive, there is a definite need for a concerted program of municipal action. The expanded concept of "air rights" offers significant possibilities which should be analyzed in relation to urban renewal.

All of these factors point to a need for concerted Town effort, and the adoption of a program that would achieve the desired results. It is the opinion of this Committee that this total effort can best be channeled through an urban renewal program.

It follows, then, that a properly constituted local agency to administer such a concerted program is needed. It should be emphasized from the outset, that the creation of a redevelopment authority *does not* commit the Town to an urban renewal project, but it does establish the administrative framework within which future renewal projects can be proposed to the Town. The Town Meeting relinquishes none of its legislative or financial responsibilities to a redevelopment authority.

In summary, it is the finding of this Committee that there are certain needs of the community which can best be met through urban renewal activities, the administrative operations of which should be carried out by a redevelopment authority. This Committee will submit an article to the 1965 Annual Town Meeting calling for the establishment of a redevelopment authority under Section 121 of the General Laws.

SITE STUDY COMMITTEE FOR COMMONWEALTH DEPOT PROPERTY

The Site Study Committee for the Commonwealth Depot Property, appointed under Article 44 of the Town Warrant for 1963, has studied the cost of site preparation and feasibility of developing recreational facilities.

Natick must use the land for a recreational purpose before March, 1967, to prevent the title from reverting to the State. After recreational use has been established, a fence should be erected separating the property from adjacent land.

1. Basis for Recommendation

Our opinion on the most feasible recreational use is based on the following requirements:

- 1.1 that the recommended use help to fulfill the recreational needs of the town, and help to round out the recreational program.
- 1.2 that the recommended use be inexpensive to develop and maintain.
- 1.3 that the recommended use not interfere with the use of South Lake Cochituate for water skiing purposes.
- 1.4 that the recommended use not infringe on the abutters, nor cause their property value to decline.
- 1.5 that there be no safety hazard due to excessive traffic and crossing of Speen Street by neighborhood children.

At the present time, there is a need for a place in Natick where facilities are provided for people to enjoy themselves in small, unsupervised family groups, without constraints and regimentation. This is a common recreational need, and one which only a few communities have had the foresight to recognize. The committee has been influenced by this apparent lack, and wishes that the use of this valuable and attractive site be coordinated with the long range plans and needs of the town.

2. Recommendation

On the basis of the above requirements, the committee has systematically considered many activities. Our recommendation is that the site become a family recreation area, and be left largely in the present wooded, and naturally attractive state. The recreational facilities could include six to twelve picnic tables and grill fireplaces, a volley ball court, horseshoe areas, a badminton area, a council ring, and a fenced play area for small children with jungle gym and labyrinth structures. This is felt to be the minimum necessary for a family area. Future developments (on adjacent land parcel if available to the town) could include other facilities such as a baseball diamond.

This type of recreational facility would also be suitable for use by girl scout and boy scout troops for their natural history and nature studies, for councils, and for overnights.

Included in our recommendation are the following important points.

- 2.1 parking to be provided for not over fifty cars, on the property.
- 2.2 fenced buffer zone adjacent to abutters, of fifty foot width, and the entire length of the property.
- 2.3 present fence parallel to the water's edge to remain — that is, there is to be no lake access.
- 2.4 clearing requirements (to make area useable and give improved vista of the lake): removal of dead branches, scrubby growth, trash deposit. Most of this can be done voluntarily by town residents and by local scout troops.

- 2.5 regular rubbish removal provided by town during the summer season (at least two trash barrels for each picnic table).
- 2.6 picnic tables to be numbered and reserved in advance by requiring users to call the recreation department.
- 2.7 area to open at 9 AM, and close at sunset.
- 2.8 tag required for use (same as the Dug Pond area) to restrict use to Natick residents, and to help defray maintenance expenses.
- 2.9 area to be laid out in a "U" shape, opening toward Speen Street. The picnic tables should be located around the periphery on wooded hillocks; the activities area would be in the center.
- 2.10 preparation of the area to proceed slowly over the next two-year period.

3. Implementation

The committee recommends that the realization of the family recreation area be implemented in the following order.

- 3.1 establish new gate access in Speen Street fence. cost: \$350.00
- 3.2 prepare and plant buffer zone as follows:
 - Create a screen of replanted (existing) pine trees, and new six foot high lombardy poplars; to be planted in two rows, five and ten feet away from existing fence at northern boundary to property, with trees ten feet apart in each row, with a staggered planting pattern.
 - 60 lombardy poplars, \$5.00 each planted cost: \$300.00
 - 175 (minimum) replanted pines cost: 300.00
- 3.3 clear and prune area, determine location of picnic tables and parking stall for each.

The committee recommends completion of points 3.1, 3.2, and 3.3 in 1965. This will give the buffer zone screen time to grow and establish, and will defer expenses over a longer period of time. The steps during 1966 would be:

- 3.4 install buffer zone fence.
- 3.5 install numbered picnic tables and grill fireplaces.
- 3.6 establish activity areas.

Use of the area by residents will begin in 1966. Starting at that time, and thereafter, a custodian will be necessary. He would wash down the tables, help users clean up, empty trash, enforce use by Natick residents only, clear and close the area each night at sunset.

- 3.7 install sewer line, water line; build small bathroom and maintenance structure adjacent to Speen Street entrance, in 1967.
- 3.8 erect fence along the southern boundary of the area, in 1967.

4. Discussion

The committee members have originated two Articles for the Warrant for the Annual Town Meeting of 1965.

The purpose for the first Article is for proceeding with points 3.1, 3.2, and 3.3 listed above. Upon completion of these points, the site should be turned over to the Recreation Department by the Town, for them to operate and complete in accordance with remaining recommendations.

The purpose of the second Article is for initiating action toward the acquisition of the adjacent land parcel at the Commonwealth Depot Property.

Although this report completes the committee's activities, we indicate our willingness to continue to serve the town in any capacity which will aid in the completion of this phase of the recreational program.

TOWN GARAGE STUDY COMMITTEE

Minority Report

Report of Town Garage Study Committee appointed under Article 55-G of Annual Town Meeting of 1963.

Several meetings were called by the Chairman during 1963-1964 to discuss the subject matter. At each meeting only a minority of the Committee was present and for this reason no concrete plans could be formulated; therefore we suggest the Committee be dismissed and a new committee appointed by the Moderator.

THOMAS L. HUDDY, *Temporary Chairman*

Annual Town Warrant

WARRANT FOR NON-PARTISAN PRELIMINARY ELECTION — 1964 THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To any Constable of the Town of Natick in said County:

In the name of the Commonwealth of Massachusetts you are hereby required to notify the qualified voters of said Town of Natick to meet:

The Voters of Precinct No. 1 in Center School Auditorium.
The Voters of Precinct No. 2 in School House Hall, South Natick.
The Voters of Precinct No. 3 in Brown School, West Natick.
The Voters of Precinct No. 4 in Congregational Church.
The Voters of Precinct No. 5 in Lilja School (Oak Street), East Natick.
The Voters of Precinct No. 6 in Bennett-Hemenway School, North Natick.
The Voters of Precinct No. 7 in Harold H. Johnson School.
The Voters of Precinct No. 8 in West Natick School.

MONDAY, FEBRUARY, 3, 1964

at 12 o'clock noon, at which time in all Precincts of said Town of Natick, the polls will be opened and will remain open continuously until 8:00 p.m. of said day, when they will be closed, during which time the aforesaid qualified inhabitants of said Town may bring in their votes to the Election Officers, duly appointed and sworn for said Precincts for said Town of Natick in said meeting so assembled for:

One Moderator, one Town Treasurer, all for one year; also one Selectman, one Assessor of Taxes, one member of the Board of Public Welfare, two members of the School Committee, one member of the Board of Health, one Commissioner of Public Works, all for three years; also one member of the Planning Board, one member of the Housing Authority, all for five years; also one Trustee of the Leonard Morse Hospital for seven years; also one member of the Board of Health for two years, to fill the unexpired term of Francis Michael Doran, resigned; one member of the Board of Health for one year, to fill the unexpired term of John K. Carr, resigned; one member of the Housing Authority for two years, to fill the unexpired term of Robert D. Coleman, resigned; one Trustee Morse Hospital for four years, to fill the unexpired term of George J. DiMatteo; one Constable for one year, to fill the unexpired term of Timothy G. Ames, deceased.

All ballots to be furnished by the Town and the election will be conducted according to the Australian system, as enacted in Massachusetts, and in conformity with the election laws of said Commonwealth.

And you are directed to serve this Warrant by posting attested copies thereof in each of the post offices in said Natick and at the following public places in said Natick, to wit: Entrance to Selectmen's Rooms, Main Street Entrance to Concert Hall, Natick Police Station and Central Fire Station in Natick; Pine's Market. Felhville: Pole #144 on No. Main Street, opposite Pine Street, North Natick; Pole #15 at intersection of Everett and Cottage Streets, Little South; Drug Store at south east corner of Worcester and Oak Streets, East Natick; Pole at intersection of Speen and Mill Streets, West Natick; and Paul Dowd's Store, South Natick, seven days at least before said February 3, 1964; also by causing an attested copy of said Warrant to be published once in the newspapers called "The Natick Bulletin" and "Suburban Free Press," said publications to be seven days at least before the day appointed for said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at or before the time appointed for holding said meeting.

Given under our hands this 13th day of January A.D. 1964.

**ANNUAL TOWN MEETING, 1964
SECOND SESSION, MARCH 10, 1964**

Meeting called to order by the Moderator at 7:30 P.M. and stated that there was a Quorum present.

Invocation delivered by Rev. Robert Gardiner.

Voted, to waive the reading of the Warrant Articles.

The Finance Committee reported through its Secretary, Mr. Joseph J. Donovan.

ARTICLE 1
(Personnel Board)

To see if the Town, pursuant to the authority contained in Section 108A of Chapter 41 of the General Laws, will vote to amend the By-Laws by adding to Article VIA, Section XIV, a new paragraph deleting certain position titles, adding new position titles and effecting certain changes in the salary ranges as presently established and will provide the money necessary therefor.

The Finance Committee recommends that pursuant to the authority contained in Section 108A of Chapter 41 of the General Laws, vote to amend its By-Laws in Section XIV of Article VI-A Employees Classification and Pay Plan, by substituting for the present Official Pay Plan, a new Official Pay Plan, as follows:

Civil Defense Emergency Operations Center:	
Furnishings, etc.	750.00

and that the said sum of \$975,198.00 be appropriated as follows: \$6,000.00 to be taken from the Parking Meter Fees Reserve and \$969,198.00 from the Current Tax Levy.

ARTICLE 5

(Town Accountant)

To see what sums of money the Town will vote to raise and appropriate, or otherwise provide, for Health and Sanitation for maintenance and operation of the following departments, and other purposes, for the current year.

1. Board of Health
2. Dental Clinic
3. Mosquito Control

Voted, that the sum of \$66,062.00 be appropriated from the Current Tax Levy for Health and Sanitation for the specific purposes hereinafter designated, and that same be expended only for such purposes under the direction of the Board of Health, itemized as follows:

Health Personal Services	\$ 26,658.00
Health Expense	12,985.00
Dental Clinic Personal Services	9,469.00
Dental Clinic Expense	920.00
Mosquito Control Personal Services	9,450.00
Mosquito Control Expense	6,580.00

ARTICLE 6

(Town Accountant)

To see what sums of money the Town will vote to raise and appropriate, or otherwise provide, for highways and bridges and other purposes, for the current year.

Voted, that the sum of \$69,542.00 be appropriated for Highways and Bridges for the specific purposes hereinafter designated, and that same be expended only for such purposes under the direction of the respective Boards, Committees or Officers of the Town, itemized as follows:

Street Lighting	\$ 62,000.00
Christmas Season Lighting	400.00
Parking Meter Maintenance Personal Services	5,392.00
Parking Meter Maintenance Expense	1,750.00

and that said sum of \$69,542.00 be appropriated as follows: \$7,142.00 to be taken from the Parking Meter Fees Reserve and \$62,400.00 from the Current Tax Levy.

and that the Moderator appoint a committee of five (5) citizens of the Town to prepare a plan of Christmas lighting displays for the downtown shopping district, said plan to be presented on or before October 15, 1964 to the Finance Committee who

upon its approval of said plan shall be and is hereby authorized to advance to the Board of Selectmen out of the Reserve Fund an amount up to \$2,000.00 to cover the cost thereof.

Committee: — Donald Gile (Temporary Chairman), Arthur B. Fair, Jr., Lyman G. Brown, Eda M. Drugg and Robert S. Wells; Chief Brown, resigned; Ruth D. Khiralla, to fill vacancy.

ARTICLE 7

(Town Accountant)

To see what sums of money the Town will vote to raise and appropriate, or otherwise provide, for the Public Welfare Department for the current year.

Voted, that the sum of \$200,000.00 be appropriated from the Current Tax Levy for the Public Welfare Department, itemized as follows:

Administration Expense	\$ 4,000.00
Public Assistance	196,000.00

ARTICLE 8

(Town Accountant)

To see what sums of money the Town will vote to raise and appropriate, or otherwise provide, for Veterans' Benefits and Veterans' Services for the current year.

Voted, that the sum of \$59,653.00 be appropriated from the Current Tax Levy for Veterans' Benefits and Veterans' Services, itemized as follows:

Veterans' Services Personal Services	\$ 8,008.00
Veterans' Services Expense	1,645.00
Veterans' Benefits	50,000.00

ARTICLE 9

(Town Accountant)

To see what sums of money the Town will vote to raise and appropriate, or otherwise provide, for the support of Schools for the current year.

The Finance Committee recommends that the sum of \$3,670,324.00 be appropriated for the School Department, itemized as follows:

and that said sum of \$842,451.50 be appropriated as follows: \$94,574.20 to be taken from the earnings of the Sewer Division; \$235,585.39 to be taken from the earnings of the Water Division; \$16,046.54 from Water Surplus Revenue; \$200.00 to be taken from Parking Meter Fees Reserve; and \$496,045.37 from the Current Tax Levy.

and that the sidewalk construction be done under the Betterment Act by the Public Works Department, one-half the cost to be assessed to the abutters.

ARTICLE 16

(Town Accountant)

To see what sums of money the Town will vote to raise and appropriate, or otherwise provide, for Interest and Maturing Debt for the current year.

Voted, that the sum of \$716,143.00 be appropriated for Interest and Maturing Debt, itemized as follows:

Interest	\$169,943.00
Maturing Debt	546,200.00

and that said sum of \$716,143.00 be appropriated as follows: \$36,741.62 to be taken from the earnings of the Sewer Division; \$20,350.46 from Sewer Surplus Revenue; \$294,478.42 from Surplus Revenue; \$10,947.75 from Premium on School Loan; and \$353,624.75 from the Current Tax Levy.

ARTICLE 17

(Town Accountant)

To see if the Town will vote to raise and appropriate, or otherwise provide, a sum of money for the purchase of new equipment for various departments.

Voted, that the sum of \$105,160.00 be appropriated to purchase new equipment for the following departments:

Personnel Board	\$ 125.00
Board of Selectmen	350.00
Town Treasurer	400.00
Police	9,200.00
Fire	43,500.00
Forestry	7,500.00
Health	70.00
PWD Sanitation	11,500.00
PWD Highway	23,200.00
Morse Institute Library	175.00
Recreation Commission	1,540.00
PWD Water	7,600.00

and that said sum of \$105,160.00 be appropriated as follows: \$7,600.00 to be taken from the earnings of the Water Division; \$3,920.90 from the Road Machinery Fund; and \$93,639.10 from the Current Tax Levy.

and that the above sums of money be expended by the Central Purchasing Equipment Committee established under Article 18 of the Warrant for the Annual Town Meeting in 1955, and that said Committee be authorized to trade in all equipment being replaced by these purchases.

ARTICLE 18

(Town Accountant)

To see if the Town will vote to raise and appropriate, or otherwise provide, such sums of money as may be required for the payment of Unpaid Bills of previous years incurred by the several departments, Boards, and officers of the Town.

Voted, unanimously, to appropriate \$4,100.29 from the Current Tax Levy as follows:

- \$ 16.50 for the purpose of paying an unpaid bill for the year 1963 for an x-ray taken for a policeman injured while on duty, and
- \$ 689.70 for the purpose of paying an unpaid bill for the year 1963 for uniform cleaning services rendered for the period of August 2, 1963 through December 27, 1963 for the PWD Sanitation Division, and
- \$3,334.09 for the purpose of paying an unpaid bill for the year 1963 for electrical power consumed during a portion of October, November and December for PWD Water Pumping Stations.
- \$ 60.00 for the purpose of paying an unpaid bill for the year 1963 for reimbursement to the Senior Citizens Club of Natick for rent paid for the period of July 1 through December 31, 1963 for the Council for the Aging.

ARTICLE 19

(Board of Selectmen)

To see what sum of money, if any, the Town will vote to appropriate to settle claims for damage pending against the Town in which the claimants are willing to accept the sums recommended by the Selectmen, or otherwise act thereon.

Voted, Indefinite Postponement.

ARTICLE 20

(Town Treasurer)

To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1965 and to issue a note or notes therefor, payable within one year and renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws, or otherwise act thereon.

ARTICLE 21

(Town Accountant)

To see if the Town will vote to appropriate a sum of money from available funds for the purpose of supplementing the Stabilization Fund, created under Article 22 of the Warrant for the Annual Town Meeting of 1961, as authorized by Chapter 40, Section 5B of the General Laws, or otherwise act thereon.

Voted, to appropriate \$72,627.00 from the Current Tax Levy for the purpose of supplementing the Stabilization Fund, created under Article 22 of the Warrant for the Annual Town Meeting of 1961, as authorized by Chapter 40, Section 5B of the General Laws.

ARTICLE 22

(Bacon Free Library Maintenance Committee)

To see what sum of money the Town will vote to raise or borrow or transfer and appropriate for the maintenance of the Bacon Free Library, or otherwise act thereon.

Voted, to appropriate the sum of \$4,448.00 from the Current Tax Levy for the maintenance of the Bacon Free Library; said sum of money to be expended by the Bacon Free Library Maintenance Committee, appointed under Article 12 of the Warrant for the Annual Town Meeting of 1956.

ARTICLE 23

(Board of Assessors)

To see if the Town will vote to authorize the Board of Assessors, effective January 1, 1965, to contract for professional appraisal of all new taxable real estate; to raise and appropriate a sum of money, transfer from available funds, or otherwise act thereon.

Voted, to authorize the Board of Assessors, effective January 1, 1965, to contract for professional appraisal of all new taxable real estate; and that the sum of \$4,200.00 be appropriated as follows: \$500.00 from the unencumbered balance of the Professional Appraisal for 1963 Appropriation established under Article 30 of the Warrant for the Annual Town Meeting in 1962 and \$3,700.00 from the Current Tax Levy.

ARTICLE 24

(Board of Selectmen)

To see if the Town will vote to raise and appropriate a sum of money to in-

demnify Romeo P. DeFazio, a retired police officer, for expenses or damages sustained by him as provided for under the provisions of Chapter 41, Section 100 of the General Laws, as amended, or otherwise act thereon.

Voted, to appropriate \$190.00 from the Current Tax Levy to indemnify Romeo P. DeFazio, a retired police officer, for expenses or damages sustained by him, as provided for under the provisions of Chapter 41, Section 100 of the General Laws as amended.

ARTICLE 25

(Natick Contributory Retirement System)

To see if the Town will vote to accept Chapter 478 of the Acts of 1963 increasing the amounts of pensions and retirement allowances, payable to certain former public employees; appropriate a sum of money therefor, or otherwise act thereon.

Voted, to accept Chapter 478 of the Acts of 1963 increasing the amounts of pensions and retirement allowances, payable to certain former public employees; and that the sum of \$3,461.00 be appropriated from the Current Tax Levy to be segregated as follows:

Non-Contributory Pensions	\$ 1,057.00
Contributory Retirement System	2,404.00

ARTICLE 26

(Town Accountant)

To see if the Town will vote to accept the provisions of Chapter 60, Section 59 of the General Laws enabling any person in the service of the Town of Natick, during his annual tour of duty of not exceeding seventeen days as a member of a reserve component of the armed forces of the United States, to receive pay therefor, without loss of his ordinary remuneration as an employee or official of the Town and shall also be entitled to the same leaves of absence or vacation with pay given to other like employees or officials, or otherwise act thereon.

Voted, to refer the subject matter of this Article to the Personnel Board.

ARTICLE 27

(Board of Selectmen)

To see if the Town will vote to amend its By-Laws, Article II, Section 5 by striking out the word "ten" and substituting the word "five" in the last phrase thereof, so that the last phrase shall read "and no person shall speak more than five minutes at one time without permission of the meeting."

Voted, Indefinite Postponement.

ARTICLE 28

(School Committee)

To see if the Town will vote to raise and appropriate a sum of money for the purpose of obtaining final working plans and specifications and bids for the construction of an addition to the Natick High School, and transfer any sum therefor from available funds, and authorize the borrowing of money under the authority of any general or special law permitting the Town to borrow for said purpose, or take any action relative thereto.

Voted, to appropriate the sum of \$75,000.00 from the Current Tax Levy for the purpose of obtaining final working plans and specifications and bids for the construction of an addition to the Natick High School, said sum to be expended by a committee of five citizens of the Town of Natick who shall be appointed by the Moderator.

Motion by T. Shea, for reconsideration, lost.

Committee: — John T. Schomer, Jr. (Temporary Chairman), Ida C. Evans, Mildred G. Prunaret, Robert C. Yardley and Morris W. Wilson.

ARTICLE 29

(School Committee)

To see what sums of money the Town will vote to raise and appropriate, or otherwise provide, for the construction of a field house at Memorial Field, or otherwise act thereon.

Voted, Indefinite Postponement.

ARTICLE 30

(School Committee)

To see if the Town will vote to authorize the Board of Public Works to extend the water main from a point at the Field House on West Street to South Main Street, appropriate or borrow money for same, or otherwise act thereon.

Voted, Indefinite Postponement.

ARTICLE 31

(Forestry Department)

To see what sum of money the Town will vote to raise and appropriate, or otherwise provide, for the improvement of the Town Forest.

Voted, Indefinite Postponement.

ARTICLE 32

(Trustees of Morse Institute)

To see if the Town will vote to appropriate a sum of money, from current tax levy or by borrowing or from available funds, to construct an addition to the Morse Institute library building, to improve and renovate the existing building, to provide the furnishings for the new addition, and to complete the site, or otherwise act thereon.

The Finance Committee recommends that the Town vote to refer the subject matter of this Article to the Trustees of Morse Institute to obtain estimates of the cost of necessary repairs and renovation of the existing building and report to the next Town Meeting.

The following substitute motion was made by Henri Prunaret, that the Town vote to appropriate the sum of \$465,500.00 to construct an addition to the Morse Institute Library building to increase the floor space thereof, \$77,000.00 of the \$465,500.00 to improve and renovate the existing building, to provide the original equipment and furnishings for the new addition and complete its site, said total sum of \$465,500.00 to be raised as follows: \$115,500.00 from the Current Tax Levy and that the Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$350,000.00 and to issue bonds or notes of the Town therefor, payable in not more than eleven years, under the authority of and in accordance with Chapter 44, Section 7, of the General Laws. And that the Trustees of the Morse Institute be authorized to do all things necessary to accomplish the purpose of this vote; hand vote, with tellers; yeas, 135; nays, 48; motion carried.

— For Vote on reconsideration, lost — see Fourth Session, Page 124 —

ARTICLE 33

(Civil Defense Department)

To see what sum of money the Town will vote to raise and appropriate or otherwise provide for the purchase of air-raid warning devices.

The Finance Committee recommends that the Town vote to appropriate the sum of \$5,000.00 from the Current Tax Levy for the purchase and installation of not less than four (4) air-raid warning devices and associated material, on condition that approximately one-half ($\frac{1}{2}$) the total cost of said devices shall be returned to the Town by Civil Defense in the form of matching funds; said sum of \$5,000.00 to be expended under the direction of the Board of Selectmen.

Voted, on substitute motion of Mr. Olshansky, Indefinite Postponement: hand vote, with tellers; yeas, 110; nays, 55.

ARTICLE 34

(Town Accountant)

To see if the Town will vote to amend Article III (a), Section 3 of its By-Laws by deleting the second paragraph and adding two new paragraphs so as to read substantially as follows:

"Any regular, full time employee, not subject to the provisions of Section 111 and Section 111E of Chapter 41 of the General Laws, whose employment is terminated during a year by dismissal through no fault or delinquency on his part or by resignation, retirement or death, without his having been granted the vacation to which he is entitled, he, or in the case of his death, his estate, shall be paid at the regular rate of compensation payable to him at the termination of his employment, an amount in lieu of such vacation: provided that no monetary or other allowance has already been made therefor. The official head of the department in which the person was last employed shall enter on the departmental payroll all amounts due and payable under the above paragraph.

Any question of interpretation concerning vacation rights is to be referred to the Personnel Board, established under Section 1 of Article VI-A of its By-Laws, for decision."

or otherwise act thereon.

Voted, unanimously, to amend Article III (a), Section 3 of its By-Laws by deleting the second paragraph and adding two new paragraphs so as to read substantially as follows:

"Any regular, full time employee, not subject to the provisions of Section 111 and Section 111E of Chapter 41 of the General Laws, whose employment is terminated during a year by dismissal through no fault or delinquency on his part or by resignation, retirement or death, without his having been granted the vacation to which he is entitled, he, or in case of his death, his estate, shall be paid at the regular rate of compensation payable to him at the termination of his employment, an amount in lieu of such vacation; provided that no monetary or other allowance has already been made therefor. The official head of the department in which the person was last employed shall enter on the departmental payroll all amounts due and payable under the above paragraph.

"Any question of interpretation concerning vacation rights is to be referred to the Personnel Board, established under Section 1 of Article VI-A of its By-Laws, for decision."

APPROVAL OF ATTORNEY GENERAL

Boston, Massachusetts

June 9, 1964

ARTICLE 35

(George F. Roberts and others)

To see if the Town will vote to raise and appropriate a sum of money for a professional survey of the practices and personnel structure of the Police Department of the Town of Natick, or otherwise act thereon.

The Finance Committee recommends that the Town vote to refer the subject matter of this Article to the Personnel Board for further study.

Decision of Moderator Article illegal.

— For further action — see Fifth Session — Page 125 —

ARTICLE 37

(Department of Public Works)

To see if the Town will vote to accept the following Streets as the same have been laid out and filed by the Board of Public Works:

H. F. Brown Way
Hickory Road
Wethersfield Road

Voted, to accept the following Streets as the same have been laid out and filed by the Board of Public Works:

H. F. Brown Way
Hickory Road
Wethersfield Road

ARTICLE 38

(Department of Public Works)

To see what sum of money the Town will appropriate by borrowing or otherwise, to widen, resurface, reconstruct or drain Mill Street from Beaver Dam Road to the B & A Railroad bridge; such sum or part thereof to be used in conjunction with money contributed by the State or County, or otherwise act thereon.

Voted, to appropriate \$5,300.00 from the Current Tax Levy and to authorize the

Board of Public Works to widen, resurface, reconstruct or drain Mill Street from Beaver Dam Road to the Boston & Albany Railroad bridge; total requirements being \$13,700.00 less \$8,400.00 for permanent labor covered in Article 15; work to be done under "Chapter 90"; said money to be used in conjunction with money contributed by the State and County.

ARTICLE 39

(Department of Public Works)

To see if the Town will vote to accept Evergreen Road as and for a public way, under the provisions of Chapter 82 and 80 of the General Laws, as amended, providing for the assessments of betterments, and provide the sum of money necessary to pay the cost of construction or otherwise act thereon.

Voted, Indefinite Postponement.

ARTICLE 40

(Department of Public Works)

To see if the Town will vote to authorize the Board of Public Works to resurface, reconstruct, drain or otherwise improve Highland Street, Oakland Street Extension, Fisher Street, Fern Street, appropriate or borrow money to pay for same, or otherwise act thereon.

Voted, to appropriate the sum of \$1,458.00 from the Current Tax Levy and to authorize the Board of Public Works to resurface, reconstruct, drain or otherwise improve Highland Street for the specific purpose as follows:

Highland Street Drainage total requirements \$2,283.00 less
\$825.00 for permanent labor covered in Article 15. Net to be
appropriated \$1,458.00.

Article 41. **Voted**, to table this Article.

— See Eighth Session — Page 139 —

Article 32. Motion for reconsideration, lost.

ARTICLE 42

(Department of Public Works)

To see if the Town will vote to authorize the Board of Public Works to construct sewer mains, construct pumping facilities, construct force mains in the Fiske Street, Lakeview Avenue, Proctor Street, Natick Farms area, transfer, appropriate or borrow money to pay for same or otherwise act thereon.

Voted, to authorize the Board of Public Works to construct sewer mains, construct pumping facilities, construct force mains in the Bolser Avenue, Bunker Lane, Carlson Circle, Cross Street, Draper Street, Fairview Avenue, Fern Street, Fiske Lane, Fiske Street, Green Street, Herbert Road, Hudson Street, Lakeview Avenue, Lena Road, Moore Street, Pond Street, Proctor Street, Speen Street, Sylvester Road, Whitcomb Street, Windsor Avenue Area and that the sum of \$236,800.00 be appropriated as follows: \$8,687.00 from the unencumbered balance of the Construct Sewer Mains Stratford-North Main Street Area Appropriation established under Article 30 of the Warrant for the Annual Town Meeting in 1961; \$28,113.00 from the Current Tax Levy; and that the Treasurer, with the approval of the Selectmen, is hereby authorized to borrow inside the Debt Limit the sum of \$200,000.00 and to issue Bonds and Notes of the Town therefor, under the authority of and in accordance with Chapter 44, Section 7, of the General Laws, said Bonds and Notes and interest thereon to be payable in not more than ten (10) years, and that assessments be made upon the abutters as authorized by any general or special law, said betterments to be borne not less than seventy-five percent by the abutters and the remainder by the Town; hand vote, with tellers; yeas, 150; nays, 39.

Motion for reconsideration, lost.

— For further action — see Fifth Session — Below —

Voted, to adjourn to next Thursday evening 7:30 in this hall.

ANNUAL TOWN MEETING FIFTH SESSION, MARCH 19, 1964

Meeting called to order by the Moderator at 7:40 P.M. and stated that there was a Quorum present.

Article 35. Appeal made by Milo Balcom, Shall the Decision of the Chair be Sustained; hand vote, with tellers; yeas, 96; nays, 80.

Article 42. Moderator declared action taken in previous session null and void on account of error in computation.

Voted, to authorize the Board of Public Works to construct sewer mains, construct pumping facilities, construct force mains in the Bolser Avenue, Bunker Lane, Carlson Circle, Cross Street, Draper Street, Fairview Avenue, Fern Street, Fiske Lane, Fiske Street, Green Street, Herbert Road, Hudson Street, Lakeview Avenue, Lena Road, Moore Street, Pond Street, Proctor Street, Speen Street, Sylvester Road, Whitcomb Street, Windsor Avenue Area and that the sum of \$236,800.00 be appropriated as follows: \$8,687.00 from the unencumbered balance of the Construct Sewer Mains Stratford-North Main Street Area Appropriation established under Article 30 of the Warrant for the Annual Town Meeting in 1961; \$10,000.00 from Surplus Revenue; \$28,113.00 from the Current Tax Levy; and that the Treasurer, with the approval of the Selectmen, is hereby authorized to borrow inside the Debt Limit the sum of \$190,000.00 and to issue Bonds and Notes of the Town therefor, under the authority of and in accordance with Chapter 44, Section 7, of the General Laws, said Bonds and Notes and interest thereon to be payable in not more than ten (10) years, and that assessments be made upon the abutters as authorized by any general or special law, said betterments to be borne not less than seventy-five percent by the abutters and the remainder by the Town; hand vote, with tellers; yeas, 140; nays, 26.

Motion for reconsideration, lost.

ARTICLE 43

(Department of Public Works)

To see if the Town will vote to authorize the Board of Public Works to construct a sewer main in Lodge Road, transfer, appropriate or borrow money to pay for same or otherwise act thereon.

Voted, to authorize the Board of Public Works to construct sewer mains on Lodge Road and that the sum of \$3,478.00 be appropriated from the unencumbered balance of the Construct Sewer Mains Stratford-North Main Street Area Appropriation established under Article 30 of the Warrant for the Annual Town Meeting in 1961, and that assessments be made upon the abutters as authorized by any general or special law; said betterments to be borne not less than seventy-five percent by the abutters and the remainder by the Town.

ARTICLE 44

(Department of Public Works)

To see if the Town will vote to authorize the Board of Public Works to construct sewer mains in the Purington Avenue, Ridge Avenue area, transfer, appropriate or borrow money to pay for same or otherwise act thereon.

The Finance Committee recommends that the Town vote to authorize the Board of Public Works to construct sewer mains in the Purington Avenue-Ridge Avenue Area and that the sum of \$10,175.00 be appropriated from the unencumbered balance of the Construct Sewer Mains Stratford-North Main Street Area Appropriation established under Article 30 of the Warrant for the Annual Town Meeting in 1961, and that assessments be made upon the abutters as authorized by any general or special law; said betterments to be borne not less than seventy-five percent by the abutters and the remainder by the Town.

Voted, on motion of Mr. Bowles, that the subject matter of this Article be referred back to the Department of Public Works, for further planning and study, with the view of providing an adequate sewerage system for Ridge Avenue, Purington Avenue and Possum Hollow Lane and to report at the next Annual or a later Special Town Meeting.

ARTICLE 45

(Department of Public Works)

To see if the Town will vote to authorize the Board of Public Works to construct sewer mains, construct pumping facilities, construct a force main in Crescent Street, transfer, appropriate or borrow money to pay for same or otherwise act thereon.

Voted, to authorize the Board of Public Works to construct sewer mains, construct pumping facilities, construct a force main in Crescent Street and that the sum of \$10,660.00 be appropriated from the unencumbered balance of the Construct Sewer Mains Stratford-North Main Street Area Appropriation established under Article 30 of the Warrant for the Annual Town Meeting of 1961, and that assessments be made upon the abutters as authorized by any general or special law; said betterments to be borne not less than seventy-five percent by the abutters and the remainder by the Town.

ARTICLE 46

(Department of Public Works)

To see if the Town will vote to instruct its Representative to the General Court to secure legislation authorizing the Town to create a water storage facility and lay water mains on land known as the "Henry S. Hunnewell Memorial Town Forest", north of Bacon Street, or otherwise act thereon.

Voted, to instruct its Representative to the General Court to secure legislation authorizing the Town to create a water storage facility and lay water mains on land known as the "Henry S. Hunnewell Memorial Town Forest", north of Bacon Street.

ARTICLE 47

(Department of Public Works)

To see if the Town will vote to appropriate a sum of money to pay medical expenses of Herman Brown and to request its representative to the General Court to seek legislation ratifying this action or otherwise act thereon.

Passed over and not acted upon.

ARTICLE 48

(Department of Public Works)

To see if the Town will vote to appropriate a sum of money to pay medical expenses of Joseph Saviano and to request its representative to the General Court to seek legislation ratifying this action or otherwise act thereon.

Passed over and not acted upon.

ARTICLE 49

(Board of Health)

To see if the Town will vote to authorize the Board of Public Works to construct sewer mains in the Garden Road, Linwood Street area; transfer, appropriate or borrow money to pay for same or otherwise act thereon.

The Finance Committee recommends Indefinite Postponement.

Motion by Mr. Gould, that the subject matter of Article 49 be referred to Public Works for study; carried.

ARTICLE 50

(Board of Selectmen)

To see whether the Town will vote to amend its Building Code and Zoning By-Laws, as amended, by deleting therefrom section 4.4.8 (d) which reads as follows:

“(d) Worcester Street (Turnpike Route 9) Side yards in abutting areas zoned for business or manufacturing uses. There shall be at least twenty (20) feet between any part of a building or structure and the lots sidelines.”
or otherwise act thereon.

The report of the Planning Board was read as follows:

In accordance with Section VI G of the Zoning By-Laws of the Town of Natick, the Planning Board held a Public Hearing on Article 50 of this warrant at the Planning Board Office, 24 Main St., on February 10, 1964. The notice of hearing was duly advertised in the Natick Bulletin issues of January 16 and 23, 1964 as required by Statute.

The requirement for sideyard specifications of twenty (20) feet on Worcester St. appears in the Building Code. The Intensity Regulations of the Zoning By-Law effectively cover the same subject by requiring forty (40) feet sideyards for all C II Districts. Since no provision is made in the Zoning By-Law for allowing the lesser requirement of the Building Code, it would seem prudent to eliminate this apparent conflict.

Further it is the opinion of the Planning Board that provisions of this kind should properly be located in the Zoning By-Law.

The Planning Board recommends favorable action on Article 50.

Natick Planning Board
Carleton R. Leavitt, Chairman
George T. Hazen
Elizabeth A. Bransfield

Voted, unanimously, to amend its Building Code and Zoning By-Laws, as amended, by deleting therefrom Section 4.4.8 (d) which reads as follows:

“(d) Worcester Street (Turnpike Route 9) Sideyards in abutting areas zoned for business or manufacturing uses. There shall be at least twenty (20) feet between any part of a building or structure and the lots sidelines.”

APPROVAL OF ATTORNEY GENERAL

Boston, Massachusetts

June 9, 1964

The foregoing amendment to zoning by-laws is hereby approved.

EDWARD W. BROOKE

Attorney General

Attest:

JAMES H. FLEMING

Town Clerk of Natick

(Published according to law)

ARTICLE 51

(Board of Selectmen)

To see whether the Town will vote to amend its Zoning By-Laws, as amended, by adding the letter b in Section IV B, Intensity Regulations by Zoning Districts, under the column headed Minimum Yard Dimensions (in feet), and against figure 40 for C-II, District Designations and to see whether the Town will delete from said section of the Zoning By-Laws, as amended, footnote (b) which relates to sideyards in C-I and In-II Districts and reads as follows:

"b. Applies only to premises abutting a residential district (RG, etc.)."

and substitute therefore a new footnote (b) as follows:

"b. In a C-I or In-II District, sideyards as indicated are required only on premises abutting a residential district; in a C-II District, sideyards as indicated are not required for a structure located on a lot of at least five acres in area, no part of which structure is within 250 feet of the nearest residential boundary line."

or otherwise act thereon.

The report of the Planning Board was read as follows:

In accordance with Section VI G of the Zoning By-Laws of the Town of Natick, the Planning Board held a public hearing on Article 51 of this warrant at the Planning Board Office, 24 Main St., on February 10, 1964. The notice of hearing was duly advertised in the Natick Bulletin issues of January 16 and 23, 1964 as required by Statute.

This report is on the substitute motion.

This would permit sideyard requirements to be waived for the erection of a building on a lot of at least five acres with a width of 500 feet when such a lot abutted another lot of at least equal size, if in addition no part of the building is any closer to the nearest residential district than 400 feet.

Such an addition to the by-law creates, in effect, a provision for a shopping center complex when a large tract of commercially zoned land is to be developed.

The Planning Board recommends favorable action provided that it receives from Sears a covenant which provides that no building be erected within 40 feet of the northerly or westerly boundary. Such covenant must be approved by the Town Counsel.

Natick Planning Board

Carleton R. Leavitt, Chairman

George T. Hazen

Elizabeth A. Bransfield

Voted, unanimously, to amend its Zoning By-Laws, as amended, by adding the letter 'J' in Section IV-B, Intensity Regulations by Zoning Districts, under the column headed Minimum Yard Dimensions (in feet), side, and against figure '40' for C-II District Designations and that the Town add a new footnote "j" to Section IV-B, Intensity Regulations by Zoning Districts, as follows:

"j. In a C-II District, sideyards as indicated are not required for a structure located on a lot of at least five acres in area, having a minimum width of 500 feet, for such sidelines as abut a lot which is also of at least five acres in area, having a minimum width of 500 feet, provided further that no part of the structure is within 400 feet of the nearest residential boundary line."

APPROVAL OF ATTORNEY GENERAL

Boston, Massachusetts

June 9, 1964

The foregoing amendment to zoning by-laws is hereby approved.

EDWARD W. BROOKE

Attorney General

A true copy.

Attest:

JAMES H. FLEMING

Town Clerk of Natick

(Published according to law)

ARTICLE 52

(Board of Selectmen)

To see if the Town will vote to amend its Zoning By-Laws, as amended, by deleting the first sentence of Section V D, Off-Street Parking and Loading Requirements, which reads as follows:

"In any district where permitted, no use of premises shall be authorized or extended, and no building or structure shall be erected or enlarged unless there is provided for such extension, erection, or enlargement, off-street automobile parking space within three hundred feet of the principal building, structure, or use of the premises, in accordance with the following minimum specifications."

and substitute therefor the following two sentences:

"In any district where permitted, no use of premises shall be authorized or extended, and no building or structure shall be erected, or enlarged unless there is provided for such extension, erection, or enlargement off-street parking in accordance with the minimum specifications set forth below. The required parking space must be located on the applicable premises or within three hundred feet of the principal building, structure, or use of the premises."

or otherwise act thereon.

The report of the Planning Board was read as follows:

In accordance with Section VI G of the Zoning By-Law of the Town of Natick, the Planning Board held a public hearing on Article 52 of this warrant at the Planning Board Office, 24 Main St., on February 10, 1964. The notice of hearing was duly advertised in the Natick Bulletin issues of January 16 and 23, 1964 as required by Statute.

The substitute motion clarifies the language to require all necessary parking spaces to be on the premises and to begin within 300 feet of the principal building.

The Planning Board recommends favorable action on the substitute motion.

Natick Planning Board

Carleton R. Leavitt, Chairman

George T. Hazen

Elizabeth A. Bransfield

Voted, unanimously, to amend its Zoning in Section V D, Off-Street Parking and Loading Requirements, by striking out the following:

"In any district where permitted, no use of premises shall be authorized or extended, and no building or structure shall be erected or enlarged unless there is provided for such extension, erection, or enlargement, off-street automobile parking space within three hundred feet of the principal building, structure, or use of the premises in accordance with the following minimum specifications."

and inserting in place thereof the following two sentences:

"In any district where permitted, no use of premises shall be authorized or extended, and no building or structure shall be erected, or enlarged, unless there is provided for such extension, erection, or enlargement, off-street parking in accordance with the minimum specifications set forth below. The required parking spaces must be located on the premises within a parking lot which commences within three hundred feet of the principal building or structure, or use of the premises."

APPROVAL OF ATTORNEY GENERAL

Boston, Massachusetts

June 9, 1964

The foregoing amendment to zoning by-laws is hereby approved.

EDWARD W. BROOKE

Attorney General

A true copy.

Attest:

JAMES H. FLEMING

Town Clerk of Natick

(Published according to law)

Article 53. See Sixth Session — Page 131.

Article 54. See Sixth Session — Page 132.

Voted, unanimously, on motion of Mr. Leavitt, to take up Article 55.

ARTICLE 55

(Board of Selectmen)

To see if the Town will vote to amend its Zoning By-Laws, as amended, Section IV B, Intensity Regulations by Zoning District, by deleting the figure "10%" under the column Open Space Required per Lot and against CII, District Designations and inserting in place thereof the figure "5%", or otherwise act thereon.

The report of the Planning Board was read as follows:

In accordance with Section VI G of the Zoning By-Laws of the Town of Natick, the Planning Board held a public hearing on Article 55 of this warrant at the Planning Board Office, 24 Main St., on February 10, 1964. The notice of hearing was duly advertised in the Natick Bulletin issues of January 16 and 23, 1964 as required by Statute.

As the article was originally worded, the Planning Board was of the opinion that it should be indefinitely postponed. As the substitute motion has evolved, the Town would retain its 10% open space requirement. However for a commercial lot of at least five acres, if 10% of the front yard is given to open space, then if the building is set back 85 feet from the street, 10% of the entire lot must be given to open space. For each additional 85 feet of setback, the required open space may be reduced by 1% for the entire lot. Therefore if the building is set back 170 feet, there is an overall requirement of 9% open space. Furthermore the lot must be at least 400 feet from the nearest residential district.

Such a requirement permits the construction of the shopping center, but does not strip the Town of its zoning protection.

The Planning Board recommends favorable action on the substitute motion.

Natick Planning Board
Carleton R. Leavitt, Chairman
George T. Hazen
Elizabeth A. Bransfield

Voted, unanimously, to amend its Zoning By-Laws, as amended, by adding to Section V-C Open Space the following:

“On a lot of at least five acres, and situated in a C-II District, if 10% of the area between any street on which the lot abuts and the line of the building thereon is devoted to open space, for each additional 85 feet of setback of the building on that lot, the open space requirement of 10% of that lot may be reduced by 1% to not less than 5%, provided the lot is not located within 400 feet of a residential boundary line.”

APPROVAL OF ATTORNEY GENERAL

Boston, Massachusetts

June 9, 1964

The foregoing amendment to zoning by-laws is hereby approved.

ANNUAL TOWN MEETING SIXTH SESSION, MARCH 24, 1964

Meeting called to order by the Moderator at 7:40 P.M. and stated that there was a Quorum present.

ARTICLE 53 (Board of Selectmen)

To see whether the Town will vote to amend its Building Code and Zoning By-Laws, as amended, by deleting therefrom section 4.4.8 (b) which reads as follows:

“(b) Worcester Street (Turnpike Route 9) Lot access in abutting areas zoned for business or manufacturing uses. No lot shall have more than one entrance driveway and one exit driveway to Worcester Street and they shall be approved by the State Department of Public Works.”

or otherwise act thereon.

Planning Board recommends that the subject matter of Article 53 be referred to it for further study.

Voted, on motion of Finance Committee, to refer the subject matter of this Article to the Planning Board for further study.

ARTICLE 54

(Board of Selectmen)

To see whether the Town will vote to amend its Zoning By-Laws, as amended, by deleting under Section IV B, Intensity Regulations by Zoning Districts, footnote (e) which relates to entrances and exits to lots in certain Industrial and Commercial Districts and reads as follows:

“e. One entrance and exit only per street frontage.” and substitute therefor a new footnote (e)

“e. One entrance and one exit only for each full unit of required frontage, subject to the approval of the Massachusetts Department of Public Works.”

or otherwise act thereon.

Planning Board recommends that the subject matter of Article 54 be referred to it for further study.

Voted, on motion of Finance Committee, to refer the subject matter of this Article to the Planning Board for further study.

ARTICLE 56

(Board of Selectmen)

To see if the Town will vote to amend its Zoning By-Laws, as amended, by deleting from Section V C, Open Space, the following sentence:

“In business and manufacturing district where applicable this minimum open space per lot requirement applies specifically to the front yard.”

and substitute therefore the following new sentence:

“The open space required in a commercial or industrial district shall be located in the front yard, in the sideyard or within a parking lot on the premises.”

or otherwise act thereon.

Planning Board recommends that the subject matter of Article 56 be referred to it for further study.

Voted, on motion of Finance Committee, to refer the subject matter of this Article to the Planning Board for further study.

ARTICLE 57

(George M. Beckwith and others)

To see if the Town will vote to amend its Building Code and Zoning By-Laws by adding to District C-1 of Section 17.3.4 thereof, land bounded and described as follows:

SOUTHERLY by East Central Street (between Dewey and Mulligan Streets) 576.9 feet; more or less.

WESTERLY by Mulligan Street (between East Central Street and the southerly line of existing C-1 District) 160.00 feet; more or less.

NORTHERLY by the present line of C-1 (between Dewey Street and Mulligan Street) 576.9 feet; more or less.

EASTERLY by Dewey Street (between East Central Street and the southerly line of existing C-1 District) 160.00 feet; more or less.

Planning Board recommends Indefinite Postponement.

Voted, on motion of Finance Committee, Indefinite Postponement.

ARTICLE 58

(Conservation Commission)

To see if the Town will vote to transfer the following parcels of land assessed for real estate taxes and taken by the Town for nonpayment of such taxes under General Laws Chapter 60, Sections 79 & 80, be hereby transferred to the custody and control of the Conservation Commission for all purposes included in Chapter 40, Section 8-C, as amended. Authority for said transfer is under Chapter 40, Section 15-A of the General Laws of the Commonwealth.

1. A parcel of land known as 42½ Bacon St., shown as a 10 foot walk right of way on Plan 1970 (B of 5) of 1949 assessed for real estate taxes to Hermar Construction Co., Inc. and taken by the Town on 1/22/60 and recorded in Book 9545 page 516, Middlesex South Registry of Deeds.
2. A parcel of land known as 209 Hartford St., shown as Parcel 2 recorded with Middlesex South District Registry of Deeds, Book 7536, page 514: assessed for real estate taxes to Ernest J. Corrigan, Trustee of Albermarle Realty Trust and taken by the town on March 7, 1958 and recorded in Book 9118 Page 472, Middlesex South District Registry of Deeds.
3. A parcel of land shown as parts of lots 14 and 15 on plan of University Park recorded at end of Book 6951, Middlesex South Registry of Deeds: assessed to Louis E. Rudnick and Ruth B. Rudnick and taken by the Town on March 7, 1955 and recorded in Book 8430 page 426, Middlesex South District Registry of Deeds.
4. A parcel of land located at end of Oak Hill Rd. being shown as Lake Road on Plan of Lakeside Park — plan 4 in Plan Book 166. Assessed for real estate taxes to Fannie B. Steeves and taken by the Town Feb. 20, 1959 and recorded in Book 9326 page 574, Middlesex South District Registry of Deeds.
5. A parcel of land shown on Plan of Northway Park as Lot 24 — recorded in Plan Book 278, Plan 7. Assessed for real estate taxes to Charles H. Griffin and taken by the Town Jan. 28, 1957 and recorded in Book 8909 Page 231, Middlesex South District Registry of Deeds.
6. A parcel of land shown as Lot 83A on Map 41 of the Map and Lot System of the Town of Natick. Assessed for real estate taxes to F. N. West and taken by the Town Feb. 21, 1958 and recorded in Book 9112 Page 356, Middlesex South District Registry of Deeds.
7. A parcel of land shown as the most northerly parcel on Plan 520 of the Plans of 1936. Assessed for real estate taxes to Hoit and Anna Paul — 161 Cottage St. Natick and taken by the Town Feb. 19, 1960 and recorded in Book 9577 page 112, Middlesex South District Registry of Deeds.
8. A parcel of land shown as Lot 6 on Map 79 of the Town of Natick Map System. Assessed for real estate taxes to Henry H. Perry and taken by the Town Feb. 19, 1960 and recorded in Book 9576 page 553, Middlesex South District Registry of Deeds.
9. A parcel of land appearing on a plan of land in Natick, Mass. dated May 13, 1953 as surveyed and drawn by McCarthy Engineering Services Inc. as a portion of land bounded by Lot 18, Nonesuch Pond, Lot 17, and Alden St. assessed to Charles H. Wheelock — 86½ Winter St., Natick, Mass. and taken by the Town Feb. 20, 1959 and recorded in Book 9326 page 581, Middlesex South District Registry of Deeds.
10. A parcel of land shown as Lot 69 on "Plan of Nonesuch Park" — Plan 39 in Plan Book 308. Assessed for real estate taxes to Marie W. Rachael, Evelyn Wheelock 16 Alden St. Natick, Mass. and taken by the Town Feb. 19, 1963 and recorded in Book 9576 Page 544, Middlesex South District Registry of Deeds.
11. A parcel of land shown as Lot 10 on Block 111 of the Town of Natick Assessor's Plans. Assessed for real estate taxes to Joseph C. McGlone, and taken by the Town Feb. 19, 1960 and recorded in Book 9576 page 557, Middlesex South District Registry of Deeds.
12. A parcel of land shown as Lot F on Sheet 1 Plan of Oakdale Acres by H. W. Whittier, C. E. Oct. 15, 1941. Assessed for real estate taxes to Certified Homes,

Inc. and taken by the Town Feb. 6, 1959 and Registered Certificate of Title No. 67324.

13. A parcel of land shown as Parcel E — Sheet 2 of Land Court Case No. 17668A4. Assessed to Certified Homes, Inc. and taken by the Town Feb. 19, 1960 and Registered Certificate of Title No. 67324.
14. A parcel of land shown as Lots 102, 103, 104, on Plan Book 247 Page 31 Sheet 2 recorded 4/17/46. Assessed for real estate taxes to Arthur L. and Evangeline M. Bittle and taken by the Town Jan. 28, 1957 and recorded in Book 8909 Page 229, Middlesex South District Registry of Deeds.
15. A parcel of land shown as being land located in Plan Book 247, Plan 31. Assessed for real estate taxes to Neil McIntosh, Jr., Trustee and taken by the Town March 7, 1958 and recorded in Book 9118 page 469, Middlesex South District Registry of Deeds.
16. A parcel of land shown as Lots 292, 293, 294, 295, 296, 297, 298, and 299 on Plan of Pinewood Villa — Plan 21, Plan Book 215. And taken by the Town Feb. 20, 1959 and recorded in Book 9326 page 567, Middlesex South District Registry of Deeds.
17. A parcel of land shown as Lots 249, 250 and 251 on Plan of Pinewood Villa, Plan 21 in Plan Book 215. Taken by the town Feb. 20, 1959 and recorded in Book 9326 page 568, Middlesex South District Registry of Deeds.
18. A parcel of land located at the end of Pickerel Road. Land abutting Land Court Cases 5784A (Sheet 3) and 17668A. Assessed for real estate taxes to Robinson & Jones, taken by the Town Feb. 19, 1960 and recorded in Book 9576 Page 546, Middlesex South District Registry of Deeds.
19. A parcel of land approximately 101,100 ft. taken by the Town for non-payment of taxes on Feb. 6, 1959 and recorded in Book 9327 page 005.
or otherwise act thereon.

The Finance Committee recommends that the Town vote to transfer the following parcels of land assessed for real estate taxes and taken by the Town for non-payment of such taxes under General Laws Chapter 60, Sections 79 and 80 to the custody and control of the Conservation Commission for all purposes included in Chapter 40, Section 8 C, as amended, authority for said transfer being under Chapter 40, Section 15 A of the General Laws of the Commonwealth:

- Parcel 4 A parcel of land located at end of Oak Hill Rd. being shown as Lake Road on Plan of Lakeside Park — plan 4 in Plan Book 166. Assessed for real estate taxes to Fannie B. Steeves and taken by the Town Feb. 20, 1959 and recorded in Book 9326 page 574, Middlesex South District Registry of Deeds.
- Parcel 6 A parcel of land shown as Lot 83A on Map 41 of the Map and Lot System of the Town of Natick. Assessed for real estate taxes to F. N. West and taken by the Town Feb. 21, 1958 and recorded in Book 9112 Page 356, Middlesex South District Registry of Deeds.
- Parcel 7 A parcel of land shown as the most northerly parcel on Plan 520 of the Plans of 1936. Assessed for real estate taxes to Hoit and Anna Paul — 161 Cottage St., Natick and taken by the Town Feb. 19, 1960 and recorded in Book 9577 page 112, Middlesex South District Registry of Deeds.
- Parcel 8 A parcel of land shown as Lot 6 on Map 79 of the Town of Natick Map System. Assessed for real estate taxes to Henry H. Perry and taken by the Town Feb. 19, 1960 and recorded in Book 9576 page 553, Middlesex South District Registry of Deeds.
- Parcel 9 A parcel of land appearing on a plan of land in Natick, Mass. dated May 13, 1953 as surveyed and drawn by McCarthy Engineering Services, Inc. as a portion of land bounded by Lot 18, Nonesuch Pond, Lot 17, and Alden St. assessed to Charles H. Wheelock — 86½ Winter St., Natick, Mass. and taken by the Town Feb. 20, 1959 and recorded in Book 9326 page 581, Middlesex South District Registry of Deeds.
- Parcel 15 A parcel of land shown as being land located in Plan Book 247, Plan 31. Assessed for real estate taxes to Neil McIntosh, Jr., Trustee and taken by

the Town March 7, 1958 and recorded in Book 9118 page 469, Middlesex South District Registry of Deeds.

and further recommends: Indefinite Postponement with regard to Parcel 1, Parcel 5, Parcel 10, Parcel 12, Parcel 13, Parcel 14, Parcel 16 and Parcel 17; and further recommends: Take No Action with regard to Parcel 2, Parcel 3, Parcel 11, Parcel 18 and Parcel 19.

Substitute motion by Mr. Wallace, that the Town vote to transfer the following parcels of land assessed for real estate taxes and taken by the Town for non-payment of such taxes under General Laws Chapter 60, Sections 79 & 80, be hereby transferred to the custody and control of the Conservation Commission for all purposes included in Chapter 40, Section 8-C, as amended. Authority for said transfer is under Chapter 40, Section 15-A of the General Laws of the Commonwealth.

1. A parcel of land known as 42½ Bacon St., shown as a 10 foot walk right of way on Plan 1970 (B of 5) of 1949 assessed for real estate taxes to Hermar Construction Co., Inc. and taken by the Town on 1-22-60 and recorded in Book 9545 page 516, Middlesex South Registry of Deeds.
5. A parcel of land shown on Plan of Northway Park as Lot 24 — recorded in Plan Book 278, Plan 7. Assessed for real estate taxes to Charles H. Griffin and taken by the Town Jan. 28, 1957 and recorded in Book 8909 Page 231, Middlesex South District Registry of Deeds.
10. A parcel of land shown as Lot 69 on "Plan of Nonesuch Park" — Plan 39 in Plan Book 308. Assessed for real estate taxes to Marie W. Rachael, Evelyn Wheelock, 16 Alden St., Natick, Mass. and taken by the Town Feb. 19, 1963 and recorded in Book 9576 Page 544, Middlesex South District Registry of Deeds.
12. A parcel of land shown as Lot F on Sheet 1 Plan of Oakdale Acres by H. W. Whittier, C. E. Oct. 15, 1941. Assessed for Real Estate taxes to Certified Homes, Inc. and taken by the Town Feb. 6, 1959 and Registered Certificate of Title No. 67324.
13. A parcel of land shown as Parcel E — Sheet 2 of Land Court Case No. 17668A4. Assessed to Certified Homes, Inc. and taken by the Town Feb. 19, 1960 and Registered Certificate of Title No. 67324.
14. A parcel of land shown as Lots 102, 103, 104, on Plan Book 247 Page 31, Sheet 2, recorded 4-17-46. Assessed for real estate taxes to Arthur L. and Evangeline M. Bittle and taken by the Town Jan. 28, 1957 and recorded in Book 8909 Page 229, Middlesex South District Registry of Deeds.
16. A parcel of land shown as Lots 292, 293, 294, 295, 296, 297, 298, and 299 on Plan of Pinewood Villa — Plan 21, Plan Book 215. And taken by the Town Feb. 20, 1959 and recorded in Book 9326 page 567, Middlesex South District Registry of Deeds.
17. A parcel of land shown as Lots 249, 250 and 251 on Plan of Pinewood Villa, Plan 21 in Plan Book 215. Taken by the Town Feb. 20, 1959 and recorded in Book 9326 page 568, Middlesex South District Registry of Deeds. — carried.

Motion of Finance Committee, as amended, was now put and carried.

Motion for reconsideration, lost.

ARTICLE 59

(Conservation Commission)

To see if the Town will vote to raise and appropriate or otherwise provide a sum not exceeding \$15,000.00 to the Conservation Fund created by authority of the vote under Article 38 of the Annual Town Meeting of 1963, or otherwise act thereon.

Voted, unanimously, to appropriate \$3,500.00 from the Current Tax Levy to the Conservation Fund for future land acquisition, administrative costs or other similar approved expenditures of a Conservation Commission; any unexpended balances of said Conservation Fund to be allowed to accumulate from year to year, in accordance with the provisions of Chapter 40, Section 5, Clause 51 of the General Laws, as amended.

ARTICLE 60

(Recreation Commission)

To see what sum of money the Town will vote to raise and appropriate or otherwise provide for the repair or replacement of existing walks on Natick Common, or otherwise act thereon.

Voted, to refer the subject matter of this Article to the Board of Public Works for further study.

ARTICLE 61

(Recreation Commission)

To see what sums of money the Town will vote to raise and appropriate, or otherwise provide, for repairing the walls at Shaw Park and Hunnewell Field, or otherwise act thereon.

Voted, to appropriate the sum of \$1,022.00 from the Current Tax Levy to be expended by the Recreation Commission to repair those portions of the stone wall at Hunnewell Field running along the westerly and southerly sides of the ball field nearest Pleasant Street on Pleasant Street and running at a right angle north from Pleasant Street.

Article 11. Motion by Mr. Lane, to take Article 11 from table; carried.
Amendment by Mr. Lane; withdrawn.

Motion by Mr. Swenson, to table; hand vote, with tellers; yeas, 106; nays, 46.

— For further action — see Eighth Session — Page 138 —

Article 62. Voted to table this article.

— See Eighth Session — Pages 140, 141 and 142 and Tenth Session — Page 143 —

ARTICLE 63

(Gabriele D. Pagliuco and others)

To see if the Town will vote to authorize the Commissioners of Public Works to sell, lease or rent to VFW Post #1274 the land with building thereon located at #113 West Central Street and bounded and described as follows:

Beginning at a stone bound on the northern side of West Central Street at the land now or formerly owned by Edward A. Zullo; thence bearing N. 88° 26' 20" E. distance 120 feet; thence bearing N. 1° 33' 40" W. distance 187.68 feet; thence bearing N. 81° 59' 40" W. distance 121.69 feet; thence S. 1° 23' 40" E. distance 207.91 feet to the point of beginning, said lot shown as Lot "A" containing 23,735 square feet.

Voted, Indefinite Postponement.

ARTICLE 64

(George Dikmah and others)

To see if the Town will vote to authorize the Board of Public Works to lay storm sewer through Lots 26 and 28 on Centre St. East Natick, a distance of approximately 200 feet.

The Finance Committee recommends Indefinite Postponement.

Voted, on substitute motion of Mr. Gleason, to authorize the Moderator, to instruct the Public Works Dept. to study this matter fully and to report at the next annual town meeting or special town meeting.

ARTICLE 65

(Alexander W. McEleney and others)

To see if the Town of Natick will vote to raise and appropriate, or otherwise provide, a sum of money for the erection of a Skating Rink for the youth and adults of the Town of Natick.

The Finance Committee recommends Indefinite Postponement.

Voted, to table this Article.

— See vote under Article 62 "G" — Eighth Session — Page 142 —

ARTICLE 66

(Marvin R. Gould and others)

To see if the Town will vote to name its third Junior high school building, being constructed on the land acquired by authority of the vote under Article 32 of the Warrant for the Annual Town Meeting of March 1961, "The John Fitzgerald Kennedy Junior High School," or otherwise act thereon.

Passed over.

ARTICLE 67

(Town Accountant)

To see if the Town will vote to transfer a sum of money for the Henry Wilson Statue Fund to the Henry Wilson Shop Maintenance Fund for the purpose of increasing the annual income; said income to be used for the maintenance and upkeep of the building and grounds of the Henry Wilson Shop located on West Central Street, or otherwise act thereon.

Voted, Indefinite Postponement.

The following Resolution was presented by Marvin Gould, and unanimously adopted:

In view of the fact that Thursday, March 26th is Holy Thursday for those of the Christian Faith, that the Town Meeting shall transact no business on this day and shall immediately adjourn after being called to order by the Moderator.

Voted, to adjourn to next Thursday evening 7:30 in this hall.

Adjourned 11:10 P.M.

**ANNUAL TOWN MEETING
EIGHTH SESSION, MARCH 31, 1964**

Meeting called to order by the Moderator at 7:40 P.M. and stated that there was a Quorum present.

**ARTICLE 68
(Board of Selectmen)**

To see if the Town will vote to accept the provisions of Chapter 87 of the Acts of 1963, an Act authorizing the Town of Natick to supply certain inhabitants of the Town of Dover with water.

Passed over.

**ARTICLE 69
(Board of Selectmen)**

To see if the Town will vote to accept the provisions of Chapter 88 of the Acts of 1963, an Act authorizing the Town of Natick to supply certain inhabitants of the Town of Wayland with water.

Voted, unanimously, to accept the provisions of Chapter 88 of the Acts of 1963, an Act authorizing the Town of Natick to supply certain inhabitants of the Town of Wayland with water.

Voted, to take Article 11 from table.

**ARTICLE 11
(Town Accountant)**

To see what sums of money the Town will vote to raise and appropriate, or otherwise provide, for maintenance and operation of the Recreation Commission for the current year.

Voted, that the sum of \$93,630.00 be appropriated from the Current Tax Levy for the Recreation Commission, itemized as follows:

Personal Services	\$ 72,053.00
Expense	12,850.00
Out of State Travel	350.00
Beach Permit Tags	700.00
Custodians of School Buildings	4,000.00
Program for Handicapped Children	2,927.00
Program for Mentally Retarded Children	750.00

and further that the Personal Services shall be expended among other things for part-time laborers from April 1, 1964 to September 30, 1964 only.

Motion for reconsideration; yeas, 93; nays, 72; lost.

Voted, to take Article 36 from table.

**ARTICLE 36
(Personnel Board)**

To see if the Town will vote to amend Section XXV of Article VI-A of its By-Laws by striking therefrom the fourth, fifth and sixth paragraphs thereof and substituting therefor the following:

“Within fifteen days after said hearing, the Personnel Board shall make its findings and decision in writing, which shall be final and binding on all parties concerned. A copy of said findings and decision shall be sent to all

parties concerned within five days after the filing thereof in the office of the Town Accountant. The Personnel Board may, if it so decides, publish its report in such manner as it deems fit."

The Finance Committee recommends that the Town vote to amend Section XXV of Article VI-A of its By-Laws by striking therefrom the fourth, fifth and sixth paragraphs thereof and substituting therefor the following:

"Within fifteen days after said hearing, the Personnel Board shall make its findings and decision in writing, which shall be final and binding on all parties concerned. A copy of said findings and decision shall be sent to all parties concerned within five days after the filing thereof in the office of the Town Accountant. The Personnel Board may, if it so decides, publish its report in such manner as it deems fit."

Substitute motion by Mr. Zankel, that the subject matter of Article 36 be referred for study to the Town By-Laws Committee, who shall render their report and recommendations thereon on or before the next Annual Town Meeting; declared illegal.

Motion by Mr. Gould, for Indefinite Postponement: hand vote, with tellers: yeas, 97; nays, 73; carried.

Voted, to take Article 41 from table.

ARTICLE 41

(Department of Public Works)

To see if the Town will vote to raise and appropriate, or transfer from available funds in the treasury, a sum of money for resurfacing the following streets as located: Oak Street from Worcester Street to Wayland Town Line; Beaver Dam Road; Kelsey Road; Granby Road; Braemore Road; Ranger Road; Eliot Street from River Street westerly; Woodland Street from Clover Lane approximately 1,000 feet westerly; or take any action in relation thereto.

The Finance Committee recommends that the Town vote to appropriate the sum of \$32,349.00 and to authorize the Board of Public Works to resurface various streets itemized as follows:

Oak Street from Worcester Street to Wayland town line	\$ 14,039.00
Beaver Dam Road	4,870.00
Kelsey Road	4,680.00
Granby Road	1,140.00
Braemore Road	3,320.00
Ranger Road	2,800.00
Eliot Street from River Street westerly to Fire Station	3,000.00
	\$ 33,849.00
Less permanent labor covered by Article 15	- 1,500.00
Net to be approved	\$ 32,349.00

and to meet said appropriation the sum of \$32,349.00 be transferred from the proceeds received from the State under the provisions of Chapter 782 of the Acts of 1962.

Amendment by Mr. Genest, that so much of Article 41 as pertains to resurfacing of Oak Street from Worcester Street to Wayland town line be changed to read "Oak Street from Pickerel Road to Wayland town line" and the amount of \$14,039.00 be changed to \$9,000.00 and that said appropriation of \$32,349.00 be changed to \$27,310.00; motion carried.

Motion of Finance Committee, as amended, was not put and carried.

Voted, to take Article 62 from table.

ARTICLE 62

(Board of Selectmen)

To hear and act upon the reports of the several Town Officers and reports of Committees authorized by vote of any former Town Meeting, and to authorize the appointment of any committee the Town may think necessary and to appropriate sums of money for the purpose thereof or to take any action relative thereto.

- A. **Voted**, that the reports of the various Town Officers as printed in the Town Report of 1963 be accepted.
- B. The Finance Committee recommends that the reports of the following Committees as printed in the Town Report of 1963 be acknowledged and that the Committees be continued:

War Memorial Study Committee appointed under Article 21 of the Warrant for the Annual Town Meeting of 1955;

Bacon Free Library Maintenance Committee appointed under Article 12 of the Warrant for the Annual Town Meeting of 1956;

Wilson Junior High School Building Committee appointed under Article 1 of the Warrant for the Special Town Meeting of April 24, 1958;

Hospital Needs Committee appointed under Article 5 of the Warrant for the Special Town Meeting of September 8, 1960;

Natick Industrial Council appointed under Article 57 of the Warrant for the special Town Meeting of April 14, 1953;

Town Office Building Committee appointed under Article 57 of the Warrant for the Annual Town Meeting of 1960;

Pre-Town Meeting Tour of Sites Committee appointed under Article 57 of the Warrant for the Annual Town Meeting of 1960;

Sidewalk Study Committee appointed under Article 35 of the Warrant for the Annual Town Meeting of 1962;

Recreation Center Study Committee appointed under Article 55 of the Warrant for the Annual Town Meeting of 1963;

Oak Park Manor, Oak Street and Bacon Street Area Sewerage Study Committee appointed under Article 30 of the Warrant for the Annual Town Meeting of 1963;

Central Purchasing Equipment Committee appointed under Article 18 of the Warrant for the Annual Town Meeting of 1955;

Junior High School Building Committee appointed under Article 28 of the Warrant for the Annual Town Meeting of 1962;

Voting Machine Study Committee appointed under Article 35 of the Warrant for the Annual Town Meeting of 1962.

Amendment by Mr. Sims, to delete from letter "B" reference to Natick Industrial Council; carried.

Amendment by Mr. Carr, to delete the Pre-Town Meeting Tour of Sites Committee from Section "B" and to add to Section "F" the following:

Acknowledge the report of the Pre-Town Meeting Tour of Sites Committee appointed under Article 57 of the Warrant of the Annual Town Meeting of 1960, continue the Committee and appropriate the sum of \$250.00 from the Current Tax Levy; carried.

Amendment by Milo Balcom, to delete the Central Purchasing Equipment Committee from Section "B" and to add to Section "F" the following:

Acknowledge the report of the Central Purchasing Equipment Committee

appointed under Article 18 of the Warrant of the Annual Town Meeting of 1955, continue the Committee and appropriate the sum of \$250.00 from the Current Tax Levy; carried.

Motion of Finance Committee, as amended, was now put and carried.

- C. The Finance Committee recommends that the reports of the following Committees be acknowledged and that the Committees be discharged with a vote of thanks:

Purchasing Coordination Committee appointed under Article 48 of the Warrant for the Annual Town Meeting of 1961;

Bennett-Hemenway School Addition Committee appointed under Article 1 of the Warrant for the Special Town Meeting of September 8, 1960;

East Natick School Addition Committee appointed under Article 2 of the Warrant for the Special Town Meeting of September 8, 1960.

Amendment by Mr. Sims, to add to letter "C" Natick Industrial Council; carried.

Motion of Finance Committee, as amended, was now put and carried.

- D. The Finance Committee recommends that the following Committees be continued:

Town By-Laws Study and Revision Committee appointed under Article 20 of the Warrant for the Annual Town Meeting of 1958;

Town Government Study Committee appointed under Article 35 of the Warrant for the Annual Town Meeting of 1962;

Garage to House Health, Recreation and Forestry Departments Study Committee appointed under Article 55 of the Warrant for the Annual Town Meeting of 1963;

Recreation Facilities on State Property on Speen Street Study Committee appointed under Article 55 of the Warrant for the Annual Town Meeting of 1963;

Urban Renewal Committee appointed under Article 52 of the Warrant for the Annual Town Meeting of 1963.

Amendment by Mrs. Bransfield, by adding after the words Urban Renewal the following words:

"and the membership of said Urban Renewal Committee be increased from five members to seven members."; carried.

Additional members appointed — John C. Shaw and James A. Miller.

Amendment by Mr. Pike, to delete the Appraiser Study Committee from Section "E" and to insert the Appraiser Study Committee in Section "D"; carried.

Motion of Finance Committee, as amended, was now put and carried.

- E. The Finance Committee recommends that the following Committees be discharged with a vote of thanks:

Merger of Water and Sewer Divisions Study Committee appointed under Article 48 of the Warrant for the Annual Town Meeting of 1961;

Appraiser Study Committee appointed under Article 35 of the Warrant for the Annual Town Meeting of 1962;

Civil Defense Coverage Survey Study Committee appointed under Article 35 of the Warrant for the Annual Town Meeting of 1962.

Amendment by Mr. Pike, to delete the Appraiser Study Committee from Section "E" and to insert the Appraiser Study Committee in Section "D"; carried.

Motion of Finance Committee, as amended, was now put and carried.

- F. 1. **Voted**, to acknowledge the report of the Town Meeting Map Committee ap-

pointed under Article 20 of the Warrant for the Annual Town Meeting of 1958, continue the Committee and appropriate the sum of \$200.00 from the Current Tax Levy.

- F. 2. **Voted**, on amendment of Mr. Carr, to delete the Pre-Town Meeting Tour of Sites Committee from Section "B" and to add to Section "F" the following:

Acknowledge the report of the Pre-Town Meeting Tour of Sites Committee appointed under Article 57 of the Warrant of the Annual Town Meeting of 1960, continue the Committee and appropriate the sum of \$250.00 from the Current Tax Levy.

- F. 3. **Voted**, on amendment of Milo Balcom, to delete the Central Purchasing Equipment Committee from Section "B" and to add to Section "F" the following:

Acknowledge the report of the Central Purchasing Equipment Committee appointed under Article 18 of the Warrant of the Annual Town Meeting of 1955, continue the Committee and appropriate the sum of \$250.00 from the Current Tax Levy.

- G. **Voted**, that the subject matter of Article 65 be studied by a committee of seven citizens of the Town of Natick who shall be appointed by the Moderator and who shall render their report on or before the next Annual Town Meeting.

Committee: William L. Chase (Temporary Chairman), John I. Taylor, Jr., David L. Mittelman, Gerald A. McCluskey, Hawley Thomas, Edward D. Reardon and Olin W. Hayes.

- H. **Voted**, on amendment of Mr. Sims, that a new Section H be added to Finance Committee Motion and that the Moderator be authorized to appoint a committee to be known as The Natick Industrial Development Committee to assemble and make available information concerning areas in Natick zoned for Industrial, Commercial and business use and to meet with persons and concerns for the purpose of promoting the development of such locations, said Committee to be composed of the Chairman of the Board of Selectmen, Chairman of the Planning Board, Chairman of the Board of Assessors, Chairman of the Board of Commissioners of Public Works, Chairman of the Board of Health, Chairman of the Finance Committee, and six (6) other registered voters.

Committee: James H. Morris, Chairman, Board of Selectmen (Temporary Chairman); James N. Luttrell, Chairman, Finance Committee; Carleton R. Leavitt, Chairman, Planning Board; Daniel J. O'Leary, Chairman, Board of Public Works Commissioners; Robert A. Howatt, Chairman, Board of Assessors; Dr. Frank A. East, Chairman, Board of Health; Ephron Catlin, Jr., Bernard J. O'Keefe, Arthur L. Glynn, Alfred L. Connell, Avery H. Stanton and Marvin R. Gould.

— For further action — see Tenth Session — Page 143 —

Voted, to adjourn to next Thursday evening 7:30 in this hall.

OFFICER'S RETURN
COMMONWEALTH OF MASSACHUSETTS

Midlesex, ss.

Natick, October 29, 1964

By virtue of this Warrant I have notified the qualified voters of the said Town of Natick, to meet at the times, places and for the purposes within specified by posting attested copies of said Warrant at the several locations and places therein designated for that purpose, Thursday, October 29, 1964, also by causing an attested copy of said Warrant to be published in the newspapers called "The Natick Herald" and "The Natick Bulletin," newspapers published in the said Town of Natick in the issues dated October 27, 1964 and October 29, 1964, respectively, all as within directed.

WILLIAM B. ROGERS
Constable of Natick

A Record of the Warrant and Officer's Return thereon.

JAMES H. FLEMING
Town Clerk of Natick

A true copy:
Attest:

JAMES H. FLEMING
Town Clerk of Natick

Special Town Meeting, November 24, 1964
First Session

Meeting called to order by the Moderator at 7:45 P.M. and stated that there was a Quorum present.

Voted, to waive the reading of the Warrant Articles.

The Finance Committee reported through its Secretary, Mr. Joseph J. Donovan.

ARTICLE 1
Board of Selectmen

To see if the Town will vote to accept Chapter 181 of the Acts of 1964. An Act establishing the office of Comptroller in the Town of Natick, or otherwise act thereon.

Voted, to accept Chapter 181 of the Acts of 1964, an Act establishing the office of Comptroller in the Town of Natick.

Motion for reconsideration, lost.

ARTICLE 2
Board of Selectmen

To see if the Town will vote to raise and appropriate, or otherwise provide, for a sum of money for the purpose of obtaining plans, specifications and bids for the construction of an indoor ice skating arena on land owned by the Town on West Street, said sum to be expended by a Committee of seven to be appointed by the Moderator, or otherwise act thereon.

Motion of Finance Committee for Indefinite Postponement, carried; hand vote, with tellers; yeas, 100; nays, 46.

ARTICLE 3
Department of Public Works

To see if the Town will vote to authorize the Department of Public Works to pay its employees four (4) hours pay at straight time for time off granted by said Department for work on July 3, 1964, or otherwise act thereon.

Voted, to authorize the Board of Public Works to pay its employees four (4) hours pay at straight time for time off granted by said Department for work on July 3, 1964.

Motion by Mr. Robbins, for reconsideration, lost.

ARTICLE 4

Board of Selectmen

To see if the Town will vote to authorize the Board of Selectmen to grant time off with straight pay for four hours for all employees, other than those under The Civil Service Law of the Commonwealth, who actually worked a full eight hour day on July 3, 1964, or otherwise act thereon.

Voted, Indefinite Postponement.

ARTICLE 5

Department of Public Works

To see what sum of money the Town will appropriate by borrowing or otherwise, to widen, resurface, re-construct or drain Mill Street from the 1963 construction southerly such sum or part thereof to be used in conjunction with money contributed by the State and County, or otherwise act thereon.

Appropriation \$13,700.00.

Voted, to appropriate the sum of \$13,700.00 from Surplus Revenue and to authorize the Board of Public Works to widen, resurface, re-construct or drain Mill Street from the 1963 construction southerly: such sum or part thereof to be used in conjunction with money contributed by the State and County,

ARTICLE 6

John A. Horgan and others

To see if the Town will vote to amend its Zoning By-Laws in Section III-A by adding the phrase:

“ by natural light only ”

after the words

“10.

Country club, including golf ”

in the subsection entitled Recreational Uses, or otherwise vote thereon for the specific purpose contemplated.

The report of the Planning Board was read as follows:

In accordance with Section VI G. of the Zoning By-Laws of the Town of Natick, the Planning Board held a public hearing on Article 6 at 24 Main Street on November 19, 1964. The notice of hearing was duly advertised in the *Natick Bulletin* issues of October 29 and November 12, 1964, and was posted with the warrants as required by Statute.

The proponents stated that the adoption of this Article would spell out the original intent of the Zoning By-Law. This Article, if approved, would limit the playing of golf to the daylight hours, and provide the protection sought in residential areas.

Several appeared in favor of the adoption of this Article. No one appeared in opposition.

It is the opinion of this Board that the intent of the Zoning By-Law was to limit the hours for playing golf to those provided by natural light. The acceptance by the Town Meeting of this Article would expressly provide for that which had not been anticipated or forbidden under the original wording.

The Planning Board unanimously recommends favorable action on Article 6.

Respectfully submitted,
Elizabeth A. Bransfield, Secretary

Voted, unanimously, to amend its Zoning By-Laws in Section III-A by adding the phrase:

“by natural light only”
after the words
“10.
Country club, including golf”

in the subsection entitled Recreational Uses.

APPROVAL OF ATTORNEY GENERAL

Boston, Massachusetts

February 5, 1965

The foregoing amendment to zoning by-laws is hereby approved.

EDWARD W. BROOKE

Attorney General

Attest:

JAMES H. FLEMING

Town Clerk of Natick

(Published according to law)

ARTICLE 7

John A. Horgan and others

To see if the Town will vote to amend its Zoning By-Laws, in Section IC thereof, by adding in the appropriate alphabetic location the following definition:

“Golf: The game as customarily played under natural light. The term “golf” as applied herein or in conjunction with these Zoning By-Laws shall not be construed to encompass as a direct or accessory use any artificial lighting installed upon, near, or over the regular golf playing area or course of such type of intensity as to illuminate said playing area or course for the purpose of making play possible when natural lighting conditions would otherwise prevent it,” or otherwise vote thereon for the specific purpose contemplated.

The report of the Planning Board was read as follows:

In accordance with Section VI G. of the Zoning By-Laws of the Town of Natick, the Planning Board held a public hearing on Article 7 at 24 Main Street on November 19, 1964. The notice of hearing was duly advertised in the Natick Bulletin issues of October 29 and November 12, 1964, and was posted with the warrants as required.

The proponents stated that the adoption of this Article would spell out the original intent of the Zoning By-Law. This Article, if approved, would limit the playing of golf to the daylight hours, and provide the protection sought in residential areas.

Several appeared in favor of the adoption of this Article. No one appeared in opposition.

It is the opinion of the Planning Board that the term “golf” as it pertains to the general acceptance of the term should be clearly defined within the content of the Zoning By-Law. Acceptance by the Town Meeting of this Article would best accomplish this and would not alter the status of driving ranges, pitch and putt, obstacle or miniature golf installations.

The Planning Board unanimously recommends favorable action on Article 7.

Respectfully submitted,

Elizabeth A. Bransfield, Secretary

Voted, unanimously, to amend its Zoning By-Laws, in Section IC thereof, by adding in the appropriate alphabetic location the following definition:

“Golf: The game as customarily played under natural light. The term “golf” as applied herein or in conjunction with these Zoning By-Laws shall not be construed to encompass as a direct or accessory use any artificial lighting installed upon, near, or over the regular golf playing area or course of such type or intensity as to illuminate said playing area or course for the

purpose of making play possible when natural lighting conditions would otherwise prevent it."

WARRANT FOR SPECIAL TOWN MEETING

December 17, 1964

THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To any Constable of the Town of Natick in said County:

Greeting:

In the name of the Commonwealth of Massachusetts you are hereby required to notify the qualified voters of said Town of Natick to meet in Senior High School Auditorium, Natick on

Thursday evening, December 17, 1964

at 7:30 o'clock then and there to act on the following articles:

And you are directed to serve this Warrant by posting attested copies thereof

in each of the post offices in said Natick and at the following public places in said Natick, to wit: Entrance to Selectmen's Rooms, Main Street Entrance to Concert Hall, Natick Police Station and Central Fire Station in Natick; Pine's Market, Felchville; Pole #144 on No. Main Street, opposite Pine Street, North Natick; Pole #15 at intersection of Everett and Cottage Streets, Little South; Drug Store at southeast corner of Worcester and Oak Streets, East Natick; Pole at intersection of Speen and Mill Streets, West Natick; and Paul Dowd's Store, South Natick, seven days at least before said December 17, 1964; also by causing an attested copy of said Warrant to be published twice in the newspapers called "The Natick Bulletin," said publications to be seven days at least before the day appointed for said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at or before the time appointed for holding said meeting.

Given under our hands this 23rd day of November A.D. 1964.

Special Town Meeting, December 17, 1964

Meeting called to order by the Moderator at 7:25 P.M. and stated that there was a Quorum present.

Voted, to waive the reading of the Warrant Articles.

The Finance Committee reported through its Secretary, Mr. Joseph J. Donovan.

ARTICLE 1

To see if the town will vote to appropriate a sum of money to be expended under the direction of the committee appointed by the Moderator under Article 28 of the warrant for the 1964 annual town meeting, for the purpose of constructing and originally equipping and furnishing an addition to the high school and to determine whether said sum shall be raised by borrowing or by transfer from available funds or both or take any action relative thereto.

Voted, to appropriate the sum of \$2,378,138.00 for the purpose of constructing and originally equipping and furnishing an addition to the high school and that the sum of \$2,378,138.00 be appropriated as follows: the sum of \$28,000.00 be and hereby is transferred from the unencumbered balance of the School Personal Services appropriation; the sum of \$2,000.00 be and hereby is transferred from the unencumbered balance of the School Wilson Field appropriation, each of which were established under Article 9 of the Warrant for the Annual Town Meeting of 1964; the sum of \$2,638.00 be and hereby is transferred from the unencumbered balance of the Interest appropriation, established under Article 16 of the Warrant for the Annual Town Meeting of 1964; the sum of \$25,500.00 be and hereby is transferred from Surplus Revenue; and that the Treasurer, with the approval of the Board of Selectmen, be and hereby is authorized to borrow the sum of \$2,320,000.00 under authority of Chapter 645 of the Acts of 1948 as amended and to issue bonds or notes of the Town therefore at one time or from time to time, each issue to be payable in not more than twenty years from its date, in accordance with the provisions of Chapter 44 of the General Laws, said sums to be expended under the direction of the committee appointed by the Moderator under Article 28 of the Warrant for the 1964 Annual Town Meeting, which committee is hereby authorized to execute all contracts in connection with the project and to do all things necessary to carry out the provision of this vote, and that the committee report fully and in financial detail in the Natick Annual Town Report when the project is completed; hand vote, with tellers; yeas, 135; nays, 4.

ARTICLE 2

To see if the town will vote to appropriate a sum of money to be expended under the direction of the committee appointed by the Moderator under Article 28 of the warrant for the 1964 annual town meeting, for the purpose of remodeling, reconstructing and making extraordinary repairs in the high school building, including necessary equipment, and to determine in what manner the said sum shall be raised.

Voted, to appropriate the sum of \$62,842.00 for the purpose of making alterations to the existing high school building and that to meet said appropriation the sum of \$24,107.66 be and hereby is transferred from the Sale of Real Estate Fund and the sum of \$38,734.34 be and hereby is transferred from Surplus Revenue, said sum to be expended under the direction of the committee appointed by the Moderator under Article 28 of the Warrant for the 1964 Annual Town Meeting, which committee is hereby authorized to execute all contracts in connection with the project and to do all things necessary to carry out the provisions of this vote.

Voted, to now take up Articles 8 thru 14 inclusive of the previous Warrant for the Special Town Meeting as of November 24, 1964.

Special Town Meeting, November 24, 1964

Third Session, December 17, 1964

ARTICLE 8

(Norman Zankel and others)

To see if the Town of Natick will vote to accept the provisions of Section 21 B, Chapter 40, Massachusetts General Laws, a statute authorizing the establishment of a Personnel Relations Review Board.

No action taken.

ARTICLE 9

(Norman Zankel and others)

To see if the Town of Natick will vote to amend its By-Laws by deleting ARTICLE VI-A, Section XXV, in its entirety, and substituting therefore the following new Section XXXV, or otherwise act thereon:

Section XXV. Personnel Relations Review Board

(a) There is hereby established an unpaid Personnel Relations Review Board, consisting of three (3) citizens of the Town of Natick who shall hold no appointive or elective office, position or employment in the Town of Natick, with the exception of Town Meeting Member. No former member of the Town Personnel Board shall be a member of the Personnel Relations Review Board.

(b) The Personnel Relations Review Board shall have the powers and duties and perform the functions authorized by Section 21 B, Chapter 40, of the General Laws, and shall be subject to the limitations imposed by said Section 21 B and by the By-Laws of the Town.

(c) One member of the Personnel Relations Review Board shall be appointed by the Board of Selectmen; a second member shall be chosen by an election held among all Town employees, except those subject to the provisions of the Massachusetts Civil Service Laws; and the third member shall be selected by unanimous vote of the other two members. If the third member is not chosen within thirty (30) days after the election of the second, the Chairman of the Board of Selectmen shall appoint him. If possible, the make-up of the Personnel Relations Review Board shall consist of members, preferably professionally qualified, who are familiar with the principles, and experienced in the methods and practices, of labor relations and personnel administration. If any member of the Personnel Relations Review Board shall resign or otherwise vacate his office before the expiration of his term, his successor shall be selected to serve the balance of his term in the same manner as his predecessor.

The first regular meeting of the Personnel Relations Review Board shall be held not later than sixty (60) days following the vote of the Town Meeting establishing this Board.

(d) The term of office for each member of the Personnel Relations Review Board shall initially be one member for a term of one year, one member for a term of two years, and one member for a term of three years, and thereafter each member for a term of three years, as his term of office expires.

(e) Members of the Personnel Relations Review Board may succeed themselves in office and may be removed for just cause only.

(f) The Personnel Relations Review Board may employ such clerical and other assistance and may make other expenditures as it deems necessary, subject to appropriation therefor.

(g) The Personnel Relations Review Board shall make an annual report to the Town and shall keep records of its proceedings, but such records shall not be open to public inspection, except as may otherwise be required by State Law. It shall not have jurisdiction over any matter belonging in the jurisdiction of the Town Personnel Board.

(h) The Personnel Relations Review Board shall hear and adjust the grievances of all Town employees of the Town of Natick, other than those appointed by the School Committee and other than those excluded by virtue of subsection (i) below.

(i) The word "grievance" as used in this Section shall be construed to mean any dispute between an employee of the Town and his appointing authority arising out of an exercise of administrative discretion, including matters involving discharge, suspension or demotion, except a dispute concerning a change in one or more of the terms of the employment contract, and except a dispute which is, or on proper appeal would be, within the jurisdiction of the Civil Service Commission or the Contributory Retirement Appeal Board of the Commonwealth of Massachusetts.

(j) Before any matter may be heard and considered by the Personnel Relations Review Board, an employee having a grievance must follow the procedures contained in the next subsections:

1. STEP I. The employee shall take up his grievance orally with his immediate supervisor, who shall reach a decision and communicate it orally to the employee within one (1) working day;

2. STEP II. If the grievance is not settled at Step I, the employee shall, within two (2) working days, present his grievance, in writing, to the Personnel Relations Review Board and to his superior, who shall forward it to the department head or,

if no department is involved, to the Board or Commission having authority over the employee, who shall give the employee and his supervisor an opportunity to be heard. The department head, Board or Commission, as the case may be, shall render his (its) decision in writing, within two (2) working days after its receipt by him (it). A copy of this written decision shall be forwarded forthwith to the aggrieved employee and the Personnel Relations Review Board.

3. STEP III. If the grievance is not settled at Step II, the employee may file a written request for a hearing before the Personnel Relations Review Board on a form prescribed by it. Such a request shall be filed by the employee within three (3) working days after receipt of the decision of the department head, Board or Commission. The Personnel Relations Review Board shall hold a hearing upon each grievance with seven (7) working days after receipt of the request for hearing. A copy of the request for hearing shall be delivered by the employee to his department head, Board or Commission, who (which), immediately upon its receipt, shall deliver all records and facts in the case to the Personnel Relations Review Board.

(k) The Personnel Relations Review Board shall meet at least once a month, and may convene more often in order to meet the requirements of Step III above. The Board shall hold hearings at these regular meetings upon the grievances duly filed, and if no hearings are scheduled, then it shall transact such other business as may be legally before it. The hearings of the Personnel Relations Review Board shall be public. All parties present at Step II, above, including the department head, Board or Commission, shall appear at the hearing. Any party may be represented by counsel who, if he requests, shall be heard by the Personnel Relations Review Board. Ordinary rules of legal evidence shall not apply to hearings of the Personnel Relations Review Board.

(l) Within twenty (20) working days after the hearing, except in emergencies, the Personnel Relations Review Board shall render a written decision which shall be final and conclusive, except as affected by permissible judicial review, copies being forwarded to the employee, the department head, Board or Commission involved and his supervisor.

In its decisions, the Personnel Relations Review Board may affirm the action of the appointing authority if it finds such action was justified; otherwise, such action shall be reversed and any action detrimental to the employee shall be remedied. The Personnel Relations Review Board may also modify any penalty imposed by the appointing authority.

(m) If the aggrieved employee is yet aggrieved by the decision of the Personnel Relations Review Board, he may seek judicial review by filing a Notice of Intention to Appeal from the Decision of the Personnel Relations Review Board, on a form prescribed by it, not later than thirty (30) working days after the receipt of the Board's written decision. Such judicial review shall be as prescribed in Massachusetts General Laws, Chapter 31, Section 45.

(n) There shall be no discrimination shown any employee who may file a grievance or appear before the Personnel Relations Review Board, by any supervisor, department head, Board or Commission.

(o) The provisions of this Section XXV, Article VI-A are hereby declared to be severable, and if any such provision or the application of any such provision to any person or circumstances shall be held itself invalid, illegal or unconstitutional, such invalidity, illegality or unconstitutionality shall not be construed to affect the validity, legality or constitutionality of any of the remaining provisions or the application of said By-Laws to persons or circumstances other than those as to which it is held invalid, illegal or unconstitutional.

No action taken.

ARTICLE 10

(Norman Zankel and others)

To see if the Town will vote to amend its By-Laws to delete therefrom the provisions of ARTICLE III (a), Section 3, paragraph 2.

No action taken.

ARTICLE 11

(Norman Zankel and others)

To see if the Town will vote to amend its By-Laws to delete therefrom the provisions of ARTICLE III (a), Section 4A.

No action taken.

ARTICLE 12

(Norman Zankel and others)

To see if the Town will vote to amend its By-Laws to delete therefrom the provisions of ARTICLE VI-A, Section XXIII, paragraph 4.

No action taken.

ARTICLE 13

(Norman Zankel and others)

To see if the Town will vote to amend its By-Laws to delete therefrom the provisions of ARTICLE VI-A Section XXIV.

No action taken.

ARTICLE 14

Department of Public Works

To see if the Town will vote to amend its By-Laws by adding to the following section in Article VI-A thereof:

Section XXIII. Any regular, full-time employee (except for those appointed by the School Committee and those appointed by the Welfare Department) in the employ of the Town shall be paid for one day at regular straight time pay for the legal holidays, hereinafter set forth, which fall on, or are observed on regularly scheduled work days, and observed on Friday when the holiday falls on Saturday; provided that the services of any such employee shall have been actually performed during the work day preceding and following any such legal holiday, unless a duly authorized leave of absence shall have been granted for either of such days.

Such legal holidays shall include: New Year's Day, Washington's Birthday, Patriot's Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving and Christmas.

In the Police and Fire Departments those employees performing their official duties on such legal holidays shall receive an extra day's pay; provided that if any employee shall work during periods inclusive of more than one shift, watch or tour of duty on the same legal holiday, he shall receive an extra day's pay for the first such shift, watch or tour of duty only.

Any question of interpretation concerning holiday pay is to be referred to the Personnel Board established under Section 1 of Article VI-A of the Town By-Laws, for decision and such decision shall be binding and conclusive.

Voted, Indefinite Postponement.

Meeting dissolved 10:39 P.M.

A Record of the First and Final Session of the Warrant for the Special Town Meeting of December 17, 1964.

A Record of the First and Final Session of the Warrant for the Special Town Meeting of November 24, 1964.

We hereby certify that the above is a correct list of Jurors for the Town of Natick, Massachusetts, for the years 1964-1965 as prepared and completed by us in accordance with the law this 3rd day of August, A.D. 1964.

JAMES H. MORRIS
DONALD R. SIMS
JEREMIAH J. HEALY, JR.
Selectmen of Natick, Massachusetts

Board of Assessors

The Board of Assessors respectfully submits its annual report for the year ending December 31, 1964. The Board has lacked one elected member, Mr. Foley, for the entire year. Chairman Mr. Howatt and Mr. Jackson Harris served until the town elections in March at which time Mr. Francis Garbarino was elected, replacing Mr. Harris. Mr. Howatt was again voted Chairman of the Board and Mr. Garbarino clerk.

A new exemption for those over 70 years of age was put into effect statewide with 228 persons receiving benefits in Natick for a total of \$32,533.04.

All abatement requests were reviewed in person by the Board wherever possible. With the increased tax rate many more citizens appeared than was considered normal.

The Board has worked closely with other town departments to improve the overall efficiency and effectiveness of the office. One major improvement is our new approach to completing valuations. Our appraisal firm of Whipple, Magane and Darcy started in November 1964 to appraise new construction, additions, alterations, etc. Before the March town meeting in 1965, the final valuation figures will be available so that every citizen will know exactly what to expect for a new tax rate when the town meeting expenditures are approved.

During 1964 the Board reviewed 480 alterations and 93 new appraisals submitted by the outside appraisal firm. Total new valuations for 1964 on real estate alone amounted to \$4,734,000. With the increased personal property a total of \$5,924,500 was added to the town's valuation. Even this was not enough to offset the increased tax rate.

To our office force, those in other town departments who assisted us in our labors, and to the taxpayers who supported us in our effort to provide equitable assessments throughout Natick, may we express our sincere thanks.

Respectfully submitted,

ROBERT A. HOWATT, *Chairman*

FRANCIS R. GARBARINO, *Clerk*

Assessors Robert Howatt and Francis Garbarino

1964 RECAPITULATION

(General Laws, Chapter 59, Section 23)

CITY OR TOWN:

Total appropriations raised by taxation \$ 7,376,712.97
 Total appropriations voted taken from available funds:
 (a) In 1964 \$450,899.39 (b) In 1963 since 1963 rate was fixed \$ 157,695.00
 Amount necessary to satisfy final court judgments \$ 7,985,307.36
 Deficits due to abatement:
 1954 — \$ 52.56 1957 — \$4,061.68 1960 — \$ 3,730.03

I have examined the books and records of the Leonard Morse Hospital, Natick, Massachusetts, for the fiscal year ended September 30, 1964, the foregoing "Statement of Income and Expense" and the Investments and Cash in Savings Statement at September 30, 1964.

In my opinion the "Statement of Income and Expense" fairly present the results of operations of the hospital for the fiscal year ended September 30, 1964 and the Investments and Cash in Savings Accounts are correct and in agreement with the books of the hospital.

ARTHUR L. GLYNN

JOHN L. CASALY

RICHARD E. GOULD
Retirement Board

GEORGE F. ROBERTS

RICHARD H. POTTER, *Town Treasurer*

Accounting Department

Report of Town Comptroller

In Compliance with Section 61, Chapter 41, General Laws, I submit herewith the annual report of the Accounting Department for the year ended December 31, 1964.

All invoices and payrolls presented during the year by the Town Departments have been examined both for their accuracy and legal requirements before being submitted to the Treasurer for payment. The payments, which were presented on 150 Treasury Warrants, amounted to \$16,732,-952.30 for which the Treasury Department issued 52,143 checks.

The Treasurer's cash has been audited and found to be in order. The total receipts during 1964 totaled \$16,636,454.72. The cash balance on hand December 31, 1964 is \$966,085.30 plus invested cash of \$1,600,000.00 for a total of \$2,566,085.30 and is a decrease of \$92,076.58 from the balance on hand at the end of 1963.

Monthly notices of appropriation condition were forwarded on State

approved forms to all Town officers, committees and boards charged with the expenditure of Town funds. At the time of this report, the known unpaid bill of previous years is — \$30.00 for Care of Veterans' Graves of the Glenwood Cemetery Association for the year 1962.

Upon the close of the financial year, statements were compiled in tabulated form showing the amounts appropriated throughout the year and the amounts expended from each appropriation for the year 1964 and the estimated for the year 1965, and copies were forwarded to the Finance Committee.

Again this year and for the 24th consecutive year the departments, collectively, have turned back substantial unexpended appropriation balances, from their operating budgets. The unexpected appropriation balances, exclusive of Sewer and Water, returned to the 1964 Revenue Account amounted to \$141,923.32.

As required by law, under Section 54-A, Chapter 41, General Laws, notice was given to the Assessors of the total 1964 receipts except from taxes, loans, trust funds, federal grants and revolving funds, and the source of such receipts was specified. The actual collection in this group of receipts was \$431,350.94 higher than the estimated used by the Assessors in determining the 1964 tax rate. This excess was due primarily to several sources, namely Welfare, including OAA collections, Special Assessments being paid immediately, interest on cash investments, Motor Vehicle and Trailer Excise, our first payment on School Building Assistance of the Kennedy Jr. High and other miscellaneous receipts.

The following recommendations are made: a) That all copies of contracts be filed with the Town Comptroller within ten days of signature. b) That all departments submit all bills promptly for payment. c) That all departments complete the purchasing of outlays and all major items by November 1st and that all purchasing of miscellaneous departmental supplies and materials be completed by December 1st; therefore, by accomplishing this, the result would be for a more even flow of receiving and processing invoices over the latter part of the year and would help to relieve the additional work loads that the offices of the Town Treasurer and Town Comptroller are, jointly, forced to face. d) That our Stabilization Fund be supplemented with an appropriation each year for the additional purpose of systematically providing funds for a priority system of completely sewer- ing the Town.

Appended to this report the following schedules:

- a) Cash Receipts
- b) Summary of Appropriations and Expenditures
- c) Balance Sheet showing the financial condition of the Town
- d) Deferred Revenue Not Due
- e) Net Funded or Fixed Debt
- f) Trust Funds — Cash and Securities
- g) Debt Statement showing amounts due for Principal and Interest for 1965
- h) Analysis of Revenue and other Accounts

RICHARD E. GOULD, *Town Comptroller*
